JULIA MURPHY

Our community values efforts to sustain the natural environment and enhance urban spaces through land conservation, community engagement, and education. This is the mission of Green Spaces Alliance. In 2015, we have brought awareness to the role of pollinators: bats, bees, and butterflies and the contributions they make to our quality-of-life. This year we will honor Linda Hardberger, a community "pollinator" and the visionary behind the community garden movement in San Antonio. We'd love you to be a part of the celebration and the special surprise that will be announced that evening!

We respectfully request your sponsorship of our annual fundraising event and encourage you to join friends and colleagues for a unique evening of dinner, music, and art offerings. It will be held on **October 1, 2015 at The Veranda in Castle Hills, 1746 Lockhill Selma Rd., beginning at 6:30 p.m.**, and the dress is "southern garden party." Last year was a sell-out, so we encourage you to reserve your place at this premier community conservation event as soon as possible. Sponsorship levels have remained the same, but do note that the "Pure Gold Honey" level will enjoy two additional seats (for a total of 10) at a preferred table. If you appreciate knowing that we are working to preserve and protect our land and water for the health and benefit of our region, you will want to be present at **Sweet Honey Soirée!**
