CUSTOM LEGGING SIZING CHART

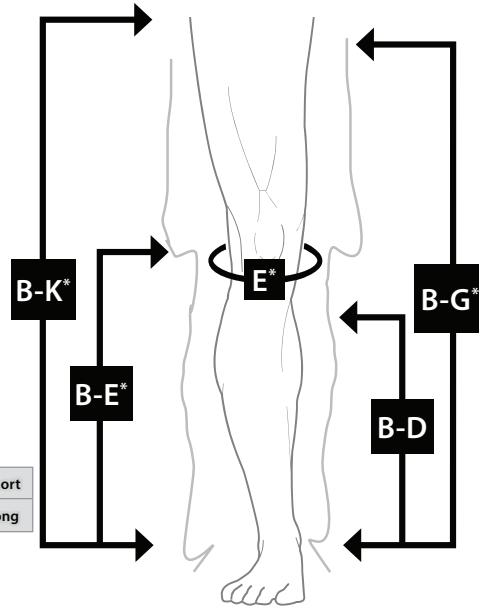

- This chart must be submitted with a completed Custom Garment Order Form.
- Record all measurements in centimeters. **Take circumference measurements starting at the malleolus and every 5cm above. For Lower Leggings end circumference measurements at knee crease. All other garments continue taking circumference measurements up the leg, including the patella, to the groin (required for proper knee-and-above positioning and placement).**
- Complete length and foot measurements. Provide contour and linear lengths when measuring an uncommon limb shape.
- Take measurements in shaded areas for standard sized leggings and ankle-foot wraps. **NOTE: 1in = 2.54cm**

JUXTA-FIT™ STANDARD LEGGING SIZES

CIRCUMFERENCE MEASUREMENTS		LANDMARK MEASURING POINTS
LEFT	RIGHT
