

Dear Corporate Community Leader:

When companies and causes connect, everyone wins. If your company is committed to being a good corporate neighbor through employee volunteer efforts, then joining the Corporate Volunteer Council of Orange County (CVCOC) is for you.

CVCOC is a membership network of businesses that collaborate to make a positive impact on the quality of life in our communities by promoting and growing employee volunteerism. As a Member, your company can advance your corporate citizenship efforts as a recognized leader in the Orange County business community. CVCOC will support you in identifying Orange County's critical community needs and aligning your employee volunteer efforts as a solution. By working together, we can maximize the impact of our volunteer resources.

Here are some of the benefits of your CVCOC membership:

- Provide a forum for exchange of ideas and resources among businesses to advance employee volunteerism
- Increase the visibility of company volunteer efforts and the impact of your volunteerism
- Provide training for volunteer coordinators and team leaders
- Provide leadership development and team building learning opportunities for businesses through employee volunteer efforts
- Coordinate and support corporate combined volunteer service projects to leverage impact
