*Guidelines For Writing Summer Training Report*

The Guidelines for carrying out the STR is given in the following paragraphs. Each student is to compile his/her study in six chapters as detailed below:

**Chapter-I : Introduction****1.1 Introduction:**

It should include (a) Meaning of the concept, ie, Job Satisfaction, Consumer Satisfaction, Working Capital Management, (b) Rationale for choosing the topic/problem under study, (c) Implementation strategy of concept in your present study.

**1.2 Objectives of Study:** It should be pragmatic and consistent with the title of the study and achievable during the course of study within the prescribed schedule. Students are advised to develop the objectives in consultation with their respective guides. The objectives must start with action oriented verbs. A sample of objectives is given below as example:

“(a) To study the growth of sales of RO Water Purifiers.

(b) To compare the market share of branded and local manufacturers of RO Water Purifier.”

**1.3 Scope of Study:** The scope of the study refers to the parameters in which the study will be operating in. This also reminds a researcher that his method of investigation should be centred around trying to solve the problem within the provided scope. The scope of study should clearly mention the activities that are actually performed in the study. It should include the period of study, the functional area (HR, Finance and Marketing) and volume of work carried out in the study. With reference to above objectives, the scope of study could be as follows (note this is suggestive and not exhaustive):

(a) To collect and analyze the sales data of RO Water Purifiers in Delhi region of last five years. For this purpose secondary data from the published sources and the dealers is collected.

(b) To carry out market survey of customer perception for the use of RO Water Purifier. For this purpose the geographical area selected is Dwarka locality. Data is collected through a structured questionnaire.”

#### **1.4 Company Profile:**

Following aspects need to be covered in the first chapter in order to know the company profile:

- 1.4.1 Name of the firm/company, its complete address along with telephone numbers, email address, website name. Mention whether local, national or multinational. If national/multinational, give location & address of the registered office and geographical areas of operation of the company.
- 1.4.2 Explain the nature of the Organization and its business (service/production/trading etc), i.e., type of industry & business in which the company is operating. Mention specific functional area, if any, such as marketing, finance, HR, logistics etc, in which the company is operating.
- 1.4.3 Company's vision & mission.
- 1.4.4 Product range of the company.
- 1.4.5 Size (in terms of manpower & turnover) of organization.
- 1.4.6 Organization structure of the company.
- 1.4.7. Market share & position of the company in the industry.

#### **1.5 Industry Profile:**

Brief profile of the Industry including its current status from which the company belongs.

### **Chapter-II: Review of Literature**

Students have to carry out a methodical examination of available study material (books, journals, periodicals, official gazettes, etc) on the topic of your study. Provide the existing information on the work already done by way of fundamental nature of the study and the writer's name and references of publications.

### **Chapter-III: Research Methodology**

It must specify the following:

- a. Universe, Research design, Sampling Type, Sample size, Sample location, Data type, Instrument used, Analytical Tools, Identified independent and dependent variables, Contents analysis- Notes (References)
- b. Framing of Questionnaire wherever applicable & relevance of each question asked in questionnaire
- c. Constraints under which the study has been undertaken

## Chapter-IV: Data Reduction, Presentation & Analysis

Raw data (primary or secondary) collected must be reduced to standard formats such as tables, charts, graphs, diagrams etc and is to be presented in this chapter. This chapter will include Decodification of data, Classification of Data, Tabulation of the data, Application of analytical tool(s), Use of graphs, Depiction of Bar diagrams, Histogram and its observation and inferences drawn. Proper titles, legends, scales, source (s) etc must be mentioned along with each diagram.

## Chapter-V: Data Interpretation

This chapter is the most important part of the study, wherein students are required to apply established theoretical concepts/tools/techniques to the data presented in Chapter-IV and draw inferences. Students are required to discuss rational and logic for drawing inferences. For each inference, proper linkages are to be established either with the data analysed in Chapter-IV or with the calculation (s) to be included in this Chapter. Wherever, calculations are to be carried out, it must be provided before drawing any inference. The inferences are to be presented in narrative form from each data set along with limitation (s) due to data insufficiency, if any.

## Chapter-VI: Summary & Conclusions

This Chapter should comprise the following:

**6.1 Results of the Study:** These are to be presented and supported by facts & figures in narrative form and be culled out from the Chapter-IV. The sequence of the results must be consistent with the objectives of the study mentioned in Chapter-I. Also, mention the achievement of objectives or otherwise.

**6.2 Limitations:** The limitations could be mentioned in terms of data insufficiency, time & expertise constraints etc.

**6.3 Suggestions, Scope for further Study & Conclusion:** Suggestions based on results of the study is to be provided. Any scope for extension of the study to new geographical areas, segments, time with larger data, is to be mentioned under this heading. Finally, Conclusion should cover findings of the work, whether the stated objectives of the work is achieved with full justification, recommendations, limitations, directions for future development.
