

Important Water & Wastewater Operator Training Announcement

Basic Safety for Water/Wastewater Operators

Sponsored by:
Granite State Rural Water Association

- Date:** April 12, 2011
- Location:** Bristol Wastewater Facility Conference Room
180 Ayers Island Rd, Bristol, NH
- Time:** 8:00 AM – 3:00 PM (*Registration begins at 7:45 AM*)
- Credit:** 6.0 TCHs will be awarded to those who attend 100% of the course.
- Cost:** \$25.00 for course materials and refreshments.
- Registration:** Go to www.granitestatewater.org and register online. Seating is limited; please register early. Please, no walk-ins.
- Instructor(s):** Bob Moody, E.J. Prescott
- Agenda:** Designed specifically for water and wastewater system operators that do excavations in public roads, this course will cover the following objectives:
1. Safe trenching techniques
 2. Current NHDOT/OSHA regulations
 3. Operator responsibilities
 4. Vehicle movement in a construction zone
 5. Signage, barriers and bridges
 6. Confined space entry practices and regulations
 7. Latest safety equipment
 8. Team approach

The latest equipment and techniques will be reviewed. If you have questions about your confined space equipment, please feel free to bring it with you.

The object of this class is for the operator to gain a better understanding defined in the agenda as well as to achieve credit for their state license requirement.

*This program is generously supported with funds from **USDA-RD***

GSRWA is a nonprofit association that provides training and on-site technical assistance to water and wastewater systems in New Hampshire. Contact us today for technical assistance or training.

Go to www.granitestatewater.org and register online. Seating is limited; please register early. Please, no walk-ins.

You will only be notified if the class is cancelled.
