NH DES Category approved for: Technical; Safety

**Cost:** Thanks to NH DES and a grant from the US EPA, there is no registration fee for this course.

**Instructors:** Rick Skarinka, NH DES, Selina Makofsky, NH DES, and Jocelyn Weldon, NH DES

**Agenda:** The Total Coliform Rule, the rule which governs the collection of bacteria samples at public water systems and the required follow-up, has been revised by the US EPA. New Hampshire intends to implement the Revised Total Coliform Rule, or RTCR, beginning January 2015. This session is designed to provide an overview of these changes which include differences in protocol following a positive bacteria test result, the move to a find-and-fix response approach and changes in the regulations for seasonal public water systems. Members of the NH DES Drinking Water Bureau's Engineering and Monitoring Sections will present these updates and be available to answer questions at this important training opportunity.

**PRE-REGISTRATION IS STILL REQUIRED FOR THIS COURSE. NO WALK-INS PLEASE.**

**Registration:** There are two ways to register: by internet or by mail. To register by internet and pay using PayPal go to our website: [www.granitestatewater.org](http://www.granitestatewater.org). To register by mail, fill in the attached form and mail it with your payment to: GSRWA, PO Box 596, Walpole, NH 03608

Any questions, please contact Holly Cadwallader at (603) 756-3670, ext. 4
