

Horn School Science Fair Proposal Form

Every student participant in the April 30th 2016 Horn School Science Fair is required to submit a project proposal form. Students may submit proposals using the online form here OR the paper version of the form which can be requested from the Horn main office or printed from the Horn PTO science fair website at <http://www.ichornpto.org>. Proposal deadline is Monday, March 7th, 2016. Students will be notified in a rolling fashion of project proposal acceptance. We hope to have all acceptances sent by Monday, March 13th, 2016.

Note: If science project will be completed with a partner - both students must submit the proposal form since we need parental approval from both students.

* Required

Proposal Deadline is Monday March 7th, 2016

1. Student Full Name *

First and last name of the student who will be designing and implementing the science project

.....

2. Classroom Teacher *

Student's primary classroom teacher

.....

3. Science Partner's Full Name (optional) - Partners MUST also submit duplicate proposal with parent approvals

First and last name of optional science partner. Students may elect to have up to 1 science project partner to work with.

.....

4. Science Partner's Classroom Teacher

The science partner's primary classroom teacher. (Only necessary when working with a partner).

.....

5. Project Type *

What is the type of project?

Mark only one oval.

- Problem Solving Experiment (pose a question and perform an experiment to answer)
- Demonstration (use models, diagrams, experiments, etc, to explain how something works)
- Research a Topic (explore a topic and share research through model, poster, demo, etc.)
- Collection (share a collection of rocks, leaves, shells, etc and provide info about the topic)

6. Project Topic (5 words or less) *

What is the subject matter of this scientific activity?

.....

7. Project Title *

What is the title of this project? The title will be used for show handouts.

.....

8. Tri-Fold Poster Board *

Where will you acquire a tri-fold poster board from for the science fair? Poster boards will be available at Horn - but while supplies last.

Mark only one oval.

- I plan to purchase tri-fold poster from Mrs. Canon starting February 18th (see information letter for pricing)
- I plan to purchase a trifold poster board elsewhere

9. Project Special Accommodations

Specify any special display/showcase needs that the project requires. Please note that students will present on lunch tables and have an area that will only fit their poster board unless extra space is requested.

Check all that apply.

- Access to Electricity
- Access to Water
- Extra Table Space (two desk maximum)
- Extraordinary Floor Space
- Other:

10. Project Safety & Containment

If you are proposing a project that requires liquids or other ingredients which might be messy fun, such as a volcano or mentos reactions, please tell us your plans for containing potential spills.

11. Parent or Guardian Approval *

Check the box below to indicate that this project proposal is parent or guardian approved.

Check all that apply.

I approve

12. Parent or Guardian Email Address: *

An email address that a parent or guardian can be reached at for project questions or discussion.
