Provider Disclosures - Continued

42 C.F.R. § 455.101 Definitions

Agent means any person who has been delegated the authority to obligate or act on behalf of a provider.

Disclosing entity means a Medicaid provider (other than an individual practitioner or group of practitioners), or a fiscal agent.

Other disclosing entity means any other Medicaid disclosing entity and any entity that does not participate in Medicaid, but is required to disclose certain ownership and control information because of participation in any of the programs established under title V, XVIII, or XX of the Act. This includes:

- (a) Any hospital, skilled nursing facility, home health agency, independent clinical laboratory, renal disease facility, rural health clinic, or health maintenance organization that participates in Medicare (title XVIII);
- (b) Any Medicare intermediary or carrier; and
- (c) Any entity (other than an individual practitioner or group of practitioners) that furnishes, or arranges for the furnishing of, health-related services for which it claims payment under any plan or program established under title V or title XX of the Act.

Fiscal agent means a contractor that processes or pays vendor claims on behalf of the Medicaid agency.

Group of practitioners means two or more health care practitioners who practice their profession at a common location (whether or not they share common facilities, common supporting staff, or common equipment).

Indirect ownership interest means an ownership interest in an entity that has an ownership interest in the disclosing entity. This term includes an ownership interest in any entity that has an indirect ownership interest in the disclosing entity.

Managed care entity (MCE) means managed care organizations (MCOs), PIHPs, PAHPs, PCCMs, and HIOs.

Managing employee means a general manager, business manager, administrator, director, or other individual who exercises operational or managerial control over, or who directly or indirectly conducts the day-to-day operation of an institution, organization, or agency.

Ownership interest means the possession of equity in the capital, the stock, or the profits of the disclosing entity.

Person with an ownership or control interest means a person or corporation that—

- (a) Has an ownership interest totaling 5 percent or more in a disclosing entity;
- (b) Has an indirect ownership interest equal to 5 percent or more in a disclosing entity;
- (c) Has a combination of direct and indirect ownership interests equal to 5 percent or more in a disclosing entity;
- (d) Owns an interest of 5 percent or more in any mortgage, deed of trust, note, or other obligation secured by the disclosing entity if that interest equals at least 5 percent of the value of the property or assets of the disclosing entity;
- (e) Is an officer or director of a disclosing entity that is organized as a corporation; or
- (f) Is a partner in a disclosing entity that is organized as a partnership.

Significant business transaction means any business transaction or series of transactions that, during any one fiscal year, exceed the lesser of \$25,000 and 5 percent of a provider's total operating expenses.

Subcontractor means—

- (a) An individual, agency, or organization to which a disclosing entity has contracted or delegated some of its management functions or responsibilities of providing medical care to its patients; or
- (b) An individual, agency, or organization with which a fiscal agent has entered into a contract, agreement, purchase order, or lease (or leases of real property) to obtain space, supplies, equipment, or services provided under the Medicaid agreement.

Supplier means an individual, agency, or organization from which a provider purchases goods and services used in carrying out its responsibilities under Medicaid (e.g., a commercial laundry, a manufacturer of hospital beds, or a pharmaceutical firm).

Wholly owned supplier means a supplier whose total ownership interest is held by a provider or by a person, persons, or other entity with an ownership or control interest in a provider.

42 CFR § 455.102 Determination of ownership or control percentages

(a) **Indirect ownership interest.** The amount of indirect ownership interest is determined by multiplying the percentages of ownership in each entity. For example, if A owns 10 percent of the stock in a corporation which owns 80 percent of the stock of the disclosing entity, A's interest equates to an 8 percent indirect ownership interest in the disclosing entity and must be reported. Conversely, if B owns 80 percent of the stock of a corporation which owns 5 percent of the stock of the disclosing entity, B's interest equates to a 4 percent indirect ownership interest in the disclosing entity and need not be reported.

(b) **Person with an ownership or control interest.** In order to determine percentage of ownership, mortgage, deed of trust, note, or other obligation, the percentage of interest owned in the obligation is multiplied by the percentage of the disclosing entity's assets used to secure the obligation. For example, if A owns 10 percent of a note secured by 60 percent of the provider's assets, A's interest in the provider's assets equates to 6 percent and must be reported. Conversely, if B owns 40 percent of a note secured by 10 percent of the provider's assets, B's interest in the provider's assets equates to 4 percent and need not be reported.

Affiliation and Contact Information

All applicants must complete.

Affiliations

An affiliation is the relationship between an individual provider (non billing) who is associated with a billing group (facility, agency or clinic) in order to allow the billing group to submit claims on behalf of the individual provider. For example a dentist (non billing & enrolled using SSN) would affiliate to a dental clinic (billing entity enrolled using EIN), or a physician (non billing & enrolled using SSN) would affiliate to a health clinic (billing entity enrolled using EIN). This will avoid claim payments reported to the IRS under the individual’s social security number.

1. *Individual physicians working in IHS clinics are included.*
2. Individual applicants must list all groups or clinics that may submit claims on their behalf. Individuals must have at least one enrolled billing entity affiliated in order to enroll with the Colorado Medical Assistance Program.

Please identify each affiliation by name, Medical Assistance Program provider number, and NPI. Providers are required to notify Medical Assistance Program Provider Enrollment in writing of any change in affiliation information.

("Provider"), collectively "the Parties." This Agreement is entered into in order to define Department expectations of providers who perform services and submit billing, transactions, and/or data to the Colorado Medical Assistance Program. This Agreement is also established to facilitate business transactions by electronically transmitting and receiving data in agreed formats; to ensure the integrity, security, and confidentiality of the aforesaid data; and to permit appropriate disclosure and use of such data as permitted by law. This Agreement is to be considered in conjunction with the Provider Enrollment Form, if necessarily completed.

RECITALS

A. The Colorado Department of Health Care Policy and Financing is the single state agency responsible for the administration of the Colorado Medical Assistance Program pursuant to Title XIX of the Social Security Act.

B. The Fiscal Agent for the Colorado Medical Assistance Program has developed, on behalf of the Colorado Department of Health Care Policy and Financing, a paperless transaction system that will process Colorado Medical Assistance Program electronic transactions submitted through the designated electronic media.

C. The contracted Fiscal Agent for the Colorado Department of Health Care Policy and Financing is responsible for administration of the Colorado Medical Assistance Program. Although the Fiscal Agent for the Colorado Medical Assistance Program operates the computer system translator through which electronic transactions flow, the Department retains ownership of the data itself. Providers access the pipeline network through various means, over which the transmission of electronic data occurs. Accordingly, providers are required to transport data to and from the Fiscal Agent for the Colorado Medical Assistance Program.

D. Electronic transmission of any/all data shall be in strict accordance with the standards set forth in this Agreement and as defined by the Health Insurance Portability and Accountability Act of 1996 and regulations promulgated there under by the U.S. Department of Health and Human Services and other applicable laws, as amended.

E. This Agreement is subject to modification, revision, or termination according to changes in federal or state laws, rules, or regulations. This Agreement will be deemed modified, revised, or terminated to comply with any change on the effective date of such change.

F. This Agreement delineates the responsibilities of the Parties, and any agent, subcontractor, or employee of a Party, in regard to the Colorado Medical Assistance Program. As consideration for acceptance as an enrolled provider in the Colorado Medical Assistance Program, the Provider certifies and agrees to the terms and conditions set forth below.
