

# Photography Equipment Usage

## Policy & Contract

**High School Photography:** This talent, channeled correctly, could direct students toward careers in photography, graphic design, and a number of other creative areas. The illegal use of school property and school equipment, will lead disciplinary action.

**Proper Use of School Photography Equipment:**

- Materials and equipment loaned must be returned in good condition.
- Lost or damaged materials and equipment are charged to students at replacement cost.
- Cameras, computers and printers are to be used for photography assignments only.
- Photographic images must adhere to FBHS Student Handbooks policies and procedures.

I, \_\_\_\_\_ fully understand I must adhere to all school policies and procedures when using school photographic equipment. This also includes all classroom policies and procedures. My Student Handbook outlines all of the rules to which I must abide. This contract does not enable me to be excluded from the school rules all students must follow.
