Or, the service VAT version where the prices excluding taxes, is located at c6014 [VAT Service Invoice Template - Price Excluding Tax](#). The templates with 6 columns on the printable invoicing form show both the tax rates and tax amount.

If you are a small business, contractor or consultant looking for a simple set of excel invoice templates for more professional looking invoicing and billing? Well with the help of Microsoft Excel and the minds behind InvoicingTemplates.com guys you can download our invoice template files for free! Our templates are simple, easy to use, itemized Excel invoice templates for sales, services & products which includes both tax calculations and payment notes as well as all the other usual information you'll want to include on your invoice to ensure it looks professional and meets all of your commercial and business needs.

Hourly Service Invoice Template (Price Excluding Tax) is provided in two editions - a freeware editions of **Hourly Service Invoice Template (Price Excluding Tax)**, and a Uniform Invoice Software edition of **Hourly Service Invoice Template (Price Excluding Tax)**. Both editions can be downloaded for free from the download page. A PDF edition is also provided at the right section of this page.

The freeware edition of **Hourly Service Invoice Template (Price Excluding Tax)** provides exactly the same form layout and design in Microsoft Excel format as the Uniform Invoice Software edition of **Hourly Service Invoice Template (Price Excluding Tax)**. The most noticeable difference, at the first glance, is that the Uniform Invoice Software edition of **Hourly Service Invoice Template (Price Excluding Tax)** contains many buttons on it, such as Customers, Products, Invoices and Reports, etc. These buttons calls features and functionalities implemented by Uniform Invoice Software. For example, if you click "Save To DB", the Uniform Invoice Software validates and checks the current document on **Hourly Service Invoice Template (Price Excluding Tax)**, generate a unique invoice number automatically (if necessary), and then save it to the backend database.

Since the prices in this template don't include tax, it uses the following formula to calculate tax,

```
=ROUND(oknLineTotal_1*oknTax1Rate,2)
```

And, the Line Totals are calculate using this Excel formula:

```
=oknQuantity_1*oknPrice_1
```

Note that custom fields is a powerful feature introduced by previous version of Uniform Invoice Software, i.e. Excel Invoice Manager. The support for custom fields in Excel Invoice Manager requires a database definition file ("FDINFO10.rst") to be present in the folder where the database file was installed. With Uniform Invoice Software, using custom fields is much simpler than in Excel Invoice Manager, and the database definition file is no longer required.

Note that like most other templates here on InvoicingTemplates.com, **Hourly Service Invoice Template (Price Excluding Tax)** includes a default logo image on the top of the form. This is a placeholder image which you should replace with your own image.

To replace the default LOGO image in **Hourly Service Invoice Template (Price Excluding Tax)** with your own image, follow the steps below:

- Right click the Logo image, and then select Properties from the menu.
- Click the Picture property, and then click the "... " button.
- Browse to the folder containing your icon file. Select and open the icon file.
- Close the Properties dialog box.
- Drag the border of the image object to resize it, if needed.

If you don't need the LOGO image and want to delete it, simply hit the DEL key on your keyboard after you selected it with your mouse key. Deleting the LOGO image leaves an empty area to the left of the Company Information section. You may like to move the entire Company Information

section to fill in the empty area. To do this: Drag your mouse to select the entire Company Information area, including Company Name, Street Address, City, ST Zip Code, etc.; Push your mouse key on the border of the selected area; drag it to the new location
