Subscription Invoice Template (Service) Features and Facts

Subscription Invoice Template (Service) is a variant of **Subscription Invoice Template (Sales)**. It differs from the original **free invoice template** by moving out all shipping fields.

If you are running a service business and your customers pay for your service on a monthly basis, the original **Subscription Invoice Template (Sales)** may not be the perfect invoice template for you due to the unnecessary shipping fields. This customized invoice template is suitable for service business because all the shipping fields have been moved out of the printable invoice form.

The two date columns on the invoice body, Start Month and End Month, allow you to detail the date range of the service that the customer subscribes from you. As detailed at [Subscription Invoice Template \(Sales\)](#), the date columns can be easily be formatted in a way that shows both the day, month and year. If you feel that date values are no so easy to work with, we have a nice date picker program, refer to [Pop-up Excel Calendar - Date Picker for Excel](#) and [Excel Date Picker](#) for the details.
