THE CAUSE

Central Florida's Scoutreach Division

The Central Florida Council has been successful in guiding young people through the hazards that exist in their communities and into a far more fruitful existence since 1922. The neighborhood environment in which a child is raised presents the single largest factor influencing his/her future decisions about staying in school, studying hard and to avoid becoming involved with a gang or drugs. Children must see a reason to hope for something better, a reason sufficient to motivate them to strive to learn the life skills they will need to compete and to lead. We believe that an effective program of Scouting with strong support from community and school leaders and cooperation from parents can make a very significant impact on these problems. For more than a century the Boy Scouts of America has demonstrated that if young people accept the Scout Oath and Law as their guiding light, there can be no stronger moral or ethical code. This is why your support of the "2013 Boy Scout Golf Classic" is so important. Proceeds from this tournament will help sustain our "Scoutreach" program for at-risk youth throughout Central Florida.

We hope to see you September 30th!
