

Order AAAS Project 2061's *Teaching Guides for Special Topics* for only \$3.95 each

Drawing on Project 2061's *Science for All Americans*, *Benchmarks for Science Literacy*, and *Atlas of Science Literacy*, these guides support teachers as they convey core science concepts to students and build their own knowledge about important topics like evolution, global climate change, and the nature of science. The guides describe what science-literate adults should know about these special topics and then show how students work toward that knowledge as they move from kindergarten through high school.

\$3.95 each. Orders of 10 or more copies, \$3.00 each.

Please send me: _____ copy(ies) of *Exploring the Nature of Science: Using the Atlas of Science Literacy and Other Education Resources from AAAS Project 2061*
 _____ copy(ies) of *Communicating and Learning About Global Climate Change: An Abbreviated Guide for Teaching Climate Change*
 _____ copy(ies) of *Evolution on the Front Line: An Abbreviated Guide for Teaching Evolution*
