PRIVACY STATEMENT

In accordance with institutional policy and the U.S. Family Education Rights and Privacy Act of 1974 (FERPA), the College of Southern Nevada (CSN) vigorously protects the privacy of students' education records. The institution does not release private records of individual students, such as grades and class schedules, without prior written consent of the student.

As permitted under federal law, the sole exception to the above practice is the release of "directory" information considered to be public in nature and not generally deemed to be an invasion of privacy. At CSN, the following categories are defined as "directory" information: name, mailing address, telephone number, dates of attendance, full or part time status, degree awarded, major and date of graduation.

Students have the right to request non-disclosure of directory information. If they do not restrict release of this information, it is probable that the information will be released or disclosed. CSN uses directory information for non-commercial, educational purposes, such as to mail notices to students about changes in policies, services, or opportunities. Directory information may also be provided for commercial purposes to businesses affiliated with the institution, honor societies, the alumni association and foundation, or other individuals for purposes that may be beneficial to students. The institution exercises discretion in responding to requests for directory information and may or may not provide such information when requested, depending on the intended purpose of the request. The institution does not sell or rent student information for a fee.

It is important to consider carefully the potential consequences of restricting the release of directory information. If a student restricts release for non-commercial educational purposes, the institution will be unable to place the student's name in publications such as honors and graduation programs; to confirm graduation and dates of attendance to potential employers; to verify enrollment with organizations such as insurance companies; or to send notifications about specialized scholarships without the express written authorization of the student.

If, after due consideration, you wish to restrict the release of directory information, complete this form before the end of the first six weeks of the fall or spring semester and submit it to the Office of the Registrar. This directive will apply permanently to your record until you choose to reverse it by submitting a written authorization. Select one of the following three non-disclosure options:

COLLEGE OF SOUTHERN NEVADA

Students who do not agree to the use of their social security number as a personal identifier will be assigned a "C" number. A social security number or an assigned "C" number may be used:

1. to identify student records at CSN;
2. for registration and course enrollment;
3. to certify attendance and report student status;
4. an assigned C number may be used in the Student Information System (SIS) as an identifier to grants, loans, and other financial aid information. International Students who meet international student qualifications may also be admitted.

FINANCIAL AID

Student Financial Services (SFS) is committed to assisting students with financing their educational costs to allow the attainment of their educational goals. Our staff of dedicated experts provides the following services:

- Assistance with completing financial aid applications, financial certifications, and searching for college and private scholarships
- Advising applicants about different types of financial aid programs and eligibility requirements
- Educating the public about postsecondary financing options.

Applications

The College of Southern Nevada (CSN) encourages all students interested in attending to complete the Free Application for Federal Student Aid (FAFSA), and CSN Scholarship Application. The applications are available to you from our website at: www.csn.edu

The FAFSA is the primary application used by CSN and many scholarship organizations to calculate the applicant's financial strength.

Student Financial Services will compare CSN's estimated costs against the applicant's estimated family contribution (EFC) to establish financial need. Our goal is to offer you a combination of scholarships, grants, loans, and work-study awards to assist you with paying your CSN registration fees and textbooks.

The Student Financial Services communicates the most current information to students by email. Make sure to provide your email address to the Registrar's Office and also check the CSN website frequently.

What's Available

Student Financial Services offers a wide variety of student aid programs designed to help you pay your tuition bill, and in some cases, assist with your textbooks and living expenses during enrollment periods

Grants: These awards are provided mainly by the federal government, the Nevada Legislature, and by CSN. These awards are funds that do not have to be repaid. Most grants are awarded to students filing a FAFSA with established financial need.

Federal Pell Grant (PELL): awarded as an outcome of the FAFSA to undergraduate students with extreme financial need.

Federal Supplemental Educational Opportunity Grant (FSEOG): awarded as an outcome of the FAFSA to undergraduate students with extreme financial need.

Federal Academic Competitiveness Grant (ACG): awarded to Federal Pell Grant eligible students who completed a "rigorous" course of study in high school and graduated from high school after 2005.

Nevada State Incentive Grant (NSIG): awarded to Nevada residents with established financial need and demonstrated academic ability.

State of Nevada Access Grants: awarded to CSN students meeting a variety of criterion.

Nevada Board of Regents Grant in Aid (RGIA): awarded to Nevada residents with established financial need for tuition payment.

Scholarships: These awards are provided mainly by CSN and private companies or citizens through the CSN Foundation and do not have to be repaid. Most scholarships are awarded to students with demonstrated talents (academic, athletic, and the Arts) and may require a FAFSA

Millennium Scholarship (*MIL): Awarded to high school students considered to be residents of Nevada successfully completing a defined set of classes with a high grade point average.

Work-Study: These awards are provided by federal, state, and college programs. Like a regular job, work-study positions will pay you a fair wage for the hours you work. These employment opportunities will enhance your educational experience and build your resume.

- Federal Work-Study (FWS): awarded to students with established financial need working part-time employment positions.
- Nevada Access Work-Study (DAWS): State of Nevada funded part-time student employment positions.

Loans: These awards are provided by private banks backed by the federal government and must be repaid, usually with interest. Loans are awarded upon request and only after exhausting all other financial aid options to students enrolled in at least six credits per semester. Student Financial Services encourages responsible borrowing. Students interested in borrowing an education loan should contact SFS and request a Loan Packet to complete a Loan Counseling entrance interview and complete a Stafford Loan Request Form. Please visit our website at <http://www.csn.edu/pages/616.asp> for additional information.

Assistants will help students at any stage in the writing process, from idea generation, through organization, to final revision. The Writing Center is not an editing service, so we won't simply correct students' errors for them; however, Writing Assistants will help students produce quality written work by showing them techniques and skills to find and correct their own errors so that students will avoid making them in the future.

No appointment is necessary; we are a walk-in service. Please come prepared by bringing a copy of the instructor's or professors' writing assignment and guidelines, including any style sheets for documentation. The Writing Center is free and is located on each main campus. CSN ONLINE CAMPUS

What is the CSN Online Campus?

The CSN Online Campus provides access to a quality, comprehensive teaching and learning experience by offering innovative educational programs, services and lifelong learning opportunities for a diverse population. Online courses are a convenient and effective way to learn if you are SELF-MOTIVATED AND SELF-DISCIPLINED. All Online courses are listed in the printed course schedule and are available online through the College of Southern Nevada's web site at www.csn.edu. Online sections are identified with a DED section number.

How do Online Courses Differ from On Campus Courses?

Online faculty follow the same required curriculum as faculty do for on campus courses. Students must complete the same materials and assignments with similar deadlines as students do in class. Students do have access to course materials 24 hours a day 7 days a week so they can work on the course when it fits their schedule.

Success in Online Courses

Participation in Online courses requires Internet access, computer skills, Internet usage skills and an email address. If you are not familiar with and comfortable using the Internet, then online courses may not be appropriate for you. Online courses may require more time and effort for a student to be successful than traditional on campus classes.

Registration

You may register for courses online at www.csn.edu or on any of the college campuses.

Adding a Course that is Full

If a class is full, you must contact the instructor by email for permission to register for the full class. You can locate the instructor's email address by going to the CSN Online Campus page on the CSN web site. When emailing the instructor please include your first and last name, "C" number, and class name and call number. If the instructor grants permission to enroll in the class, the instructor will forward the information to the eLearning Office for processing. If you register after the semester has started it may take up to 48 hours before you can have access to your course. Payment will be due the day that you add the class.

Online Course Fee

Students will pay a \$10.00 per Online Course fee in addition to the technology fee.

Access to Instructor and Course Information

Before the first day of the semester you should do the following:

- Go to the college web site at www.csn.edu and click on the CSN Online Campus link.
- Click on the link for Instructor and Course Information.
- Click on the link for the appropriate semester.

- Click on Find Your Course Here. Scroll down and select appropriate call number and instructor for your course.
- Read the instructor and course information thoroughly. If you have any questions regarding the course and information provided please email the instructor at the email address provided.

Students will not be able to log into the course until the first day of the semester or the first day the course begins unless specified by the instructor. If the course is not available on the first day of the semester or the day the course is scheduled to begin then the student should contact the help desk at (702) 651-4357.

Orientation for Online Students

Some instructors will have their students attend an on campus orientation. To find out if your instructor requires attendance at an orientation session please go to the INSTRUCTOR AND COURSE INFORMATION link on the CSN Online Campus web site.

Angel Orientation

The CSN Online Campus schedules Angel Orientation sessions each semester. Please check the CSN Online Campus web site and follow the link to Angel Orientation for the complete schedule. You can register through the CSN Online Campus web site to attend one of these sessions.

When Can and How do I access my Online Course

Angel courses will be available the first day of the semester or the first day the course begins. Students can log into their Angel course by using the last 8 digits of their "C" number as their Angel ID and their CSN email password as their password to Angel. **DO NOT USE A BOOKMARK TO ACCESS Angel. Students should access Angel by clicking on the link on the CSN homepage for the CSN Online Campus/Courses.** If you have difficulty logging into your WebCT courses you can call the Help Desk at (702) 651-4357.

Interactive Video Courses

Interactive video courses are assigned a class room and specific time period. There is a separate listing for these courses. Please refer to that section for information on where you go to attend this type of course. Interactive video courses can not be viewed at a student's home.
