“... whoever wants to become great among you must be your servant, and whoever wants to be first must be your slave—just as the Son of Man did not come to be served, but to serve, and to give his life as a ransom for many.”
Matthew 20:26-28

APPLICATION FOR ADMISSION Commitment Code

The Three A's of SLI

Attitude

Your attitude toward Student Leadership Institute, its core principles, and the overall mission is very important. Student Leadership Institute is designed to challenge you to go to the next level in your leadership development, and is naturally geared toward students who want to be stretched and challenged. Student Leadership Institute is not geared for students who simply want to enhance their college transcripts, or are participating because their parents or friends want them to. **You need to have the desire.** Once you apply for Student Leadership Institute, we assume that you truly want to be in the program.

Actions

Your behavior in the classroom, on the playing field or stage, and on the weekends is very important to Student Leadership Institute. First Timothy 4:12 is our cornerstone scripture that sets parameters for your Student Leadership Institute participation. Your speech, conduct, love, faith, and purity are all components to becoming a positive influencer and leader. Any pattern of dishonoring these could jeopardize your involvement with Student Leadership Institute. Ultimately, and even more importantly, you jeopardize your testimony as a Christian when you make compromises in these areas.

Attendance

It is our desire to use Student Leadership Institute to cultivate Kingdom Leaders. Part of this process is for each student to develop and mature into a responsible and committed citizen, person, and participant. There are many ways this is accomplished, but one particular example is simply being present at the scheduled program meetings. Your attendance is not only beneficial for your spiritual and leadership development, it is important from the perspective that you honor the commitment you have made.

There is a point at which the integrity of the program is compromised due to absences. In other words, not only is the participant missing valuable training, but he or she is also demonstrating to others that the program is not a high priority.

Students will be in jeopardy of losing the privilege of participating in Student Leadership Institute if they do not attend the scheduled sessions. Attendance at SLI-sponsored sessions is a minimum level commitment and responsibility. It is a requirement that must be honored.

I have read and agree with all of the above information.
