**Montana Tax Credits**

We have listed the 28 Montana tax credits available to you under three categories. With the exception to the capital gains tax credit, which is required to be applied before any other credit, (refer to the instructions for Form 2, line 47 for the capital gains tax credit) you are not required to apply any of these 28 tax credits against your income tax liability in any particular order.

- **Nonrefundable single-year credits.** Your nonrefundable single-year credits can only be used to offset your 2006 resident, non-resident, or part-year resident tax after capital gains credit and cannot reduce your tax liability below zero. The unused portion of your nonrefundable single-year credits that exceeded your 2006 income tax liability are lost and are unable to be used in future years.
- **Nonrefundable carryover credits.** Your nonrefundable carryover credits can be used to offset your 2006 resident, non-resident, or part-year resident tax after capital gains credit and cannot reduce your tax liability below zero. Your excess nonrefundable credits that were not applied against your 2006 income tax liability can be carried over and used to offset future year tax liabilities.
- **Refundable credits.** Your refundable credits are applied against your income tax liability with any unused credit refunded to you.
