Why Powder Horn?

Many Scouting leaders face the dilemma of having a strong desire to provide challenging and fun outdoor programs that meet the needs of their members, but lack the knowledge and/or resources to do so. Powder Horn responds with an exciting training opportunity that introduces Venturing and Boy Scout leaders to a wide range of outdoor/high adventure activities. More importantly, Powder Horn provides its participants with valuable resources and contacts to assist them in delivering the promise of Scouting's high adventure to youth.

Powder Horn is...

A training opportunity designed to introduce participants to activities and resources necessary to operate a successful Venturing Ranger Award or Troop High Adventure program in several ways:

- Help participants to safely conduct outdoor activities of a fun and challenging nature.
- Provide an introduction to the resources necessary to successfully lead Venturers and older Boy Scouts through a program of high adventure.
- Familiarizes the participants with the Ranger program so that he or she can help Venturers meet the requirements of the Ranger Award.
- This course is based on the Venturing Ranger requirements giving participants an introduction to outdoor/high adventure activities.
- Powder Horn is not a personal development or team-building experience. Its purpose is to educate adult Scouting leaders about specific high adventure skills, to connect them to resources to deliver those skills, and to get them excited about delivering those skills in an exciting, challenging way to youth.
