This project record book has been created specifically for members enrolled in the 4-H Sheep project. Keeping a record book is an important part of the project. It will help you set goals for the project year, record your accomplishments and help guide your efforts to keep important records on your lambs. Good records are an essential part of any business. Your livestock project is a business enterprise. A good record will help you plan your project from year to year. It will show areas that need to be improved and items that were done correctly and will show whether you are doing better each year. It helps those who read your record to know your project and club work and see what progress you have made.
