

Getting Started Guide for Students

MyMathTest and MyReadinessTest are online systems for testing your knowledge of a subject. MyMathTest tests your knowledge of mathematics. MyReadinessTest tests your knowledge of reading, writing, and math.

Before you begin, be sure you have:

- A valid email address
- A student access code, which you should have received from your instructor or bought from your bookstore.
 - Sample: WSSMT-TAROK-THOLE-PICON-SHRIK-PRAWN
- A Program ID from your instructor
 - Sample: XL02-E1ZD-001Y-16G0

If you are using a computer off-campus (at home or work) you will need to have administrative access and be connected to the Internet so you can install the necessary plug-ins. (If you're not sure whether your computer meets the system requirements, go to www.mymathtest.com or www.myreadinesstest.com, and then click **Support** -> **Browser Check**, or call Customer Technical Support at 1-800-677-6337).

If you are using a computer on campus, the necessary plug-ins may already be installed in the lab. If you aren't sure, check with the lab coordinator or your instructor.

Registering and logging in

1. Launch your browser—for example, Internet Explorer, Firefox, or Safari. *If you are off-campus and using AOL to connect to the Internet, minimize AOL and then launch your browser.*
2. Go to www.mymathtest.com or www.myreadinesstest.com.

3. Click **Register** if you are a first time user *and* have your access code.

Access Information *Fields are required [Video Tutorial](#) [Help](#) ?

Do you have a Pearson Education account? ?

Yes
 No
 Not Sure

If you have registered for other Pearson online products, you may already have a login name and password. Select **Yes** to enter your login information.

Do you have a Pearson Education account? 

Yes

*Login Name

*Password

[Forgot your Login Name/Password?](#)

On the Welcome Back screen, you can update your password and make changes to your account information.

If this is the first time you have registered for a Pearson online product, select **No** to create your login name and password. You may want to use your email address as your login name. If you do not use your email address, your login name must be at least 4 characters and cannot be the same as your password.

No

*Create a Login Name

Create a login name and password. Choose something that is easy to remember.

It is recommended that you use your email address. It must be at least four characters. [See acceptable characters.](#)

*Create a Password

Strength: Good

Your password cannot be the same as your login name.

Create a password. It must be at least 8 characters with at least one letter and one number. [See acceptable characters.](#)

*Re-type your Password

7. If you are not sure whether you have a Pearson account, select **Not Sure**. Enter your email address and click **Search**. If you have an account, your login information is sent to your email address within a few moments. You can then change your selection to **Yes**, and enter your login name and password.

Not Sure

Enter your email address. We will check whether you already have an account.

Email Address

8. Enter your student access code in the Access Code boxes, and then click **Next**.

Access Code ?

Enter your access code.

* Access Code

Example
SIMPLE-FRILL-TONLE-WEIRS-CHOIR-FLEES

Switch to a single box for pasting your access code

Cancel Next ▶

9. On the Account Information page, enter your first and last name and email address. Re-type your email address to make sure it is correct.

Welcome to MyMathTest

Before you start:

- If you are working on a computer which does not have the plug-ins and players installed, you need to run the [Browser Check](#), otherwise you will not be able to view questions and multimedia content.
- View [How to Enter Answers](#) tours and tip sheets for information about entering math notation.

To test your knowledge of chapter content, [take a test](#). Then, go to the [study plan](#) to see which objectives you should focus on. You may also access the study plan without first taking a test.

This MyMathTest program is based on MyMathTest: Basic Algebra through Precalculus
