## From the Office of the Superintendent

Spring can be a difficult time for school staff, teachers, and administrators; even more so, since tests seem to have taken over the spring. However, as I sit at my desk typing this message, I can hear the chirping of birds outside my window, one of the many sure signs of spring.

Other signs of spring here at McComb include the end of season banquets for the winter sports, as well as seeing baseball and softball teams in the gymnasium, and finally on their respective fields, as well as seeing track team members running the halls, running the steps, and practicing sprints in our halls until the winter gives way to weather that will allow them to practice outside.

Another sign of spring, that I am experiencing both as superintendent and parent this year, is the scrambling of high school seniors to meet deadlines for submission of scholarship applications. Slowly but surely, I hear students announce that they've decided on what college, what program, or what path they are going to take. Whether it is college, internships, technical training, military, or workforce, these students are beginning to transition from students/teens to adults. There have always been rumblings of concern of this generation or that generation not being equipped to lead our nation, but the more I talk with our students and work with them, the more hope I have for the future.

Other signs of spring are the groups of students who spread out across the first floor to practice solos and ensembles that they will take to competition. First High School instrumentalists and vocalists, then Middle School, prepare for these events. In addition, six students worked hard as the primary cast, and more than a dozen students prepared as chorus or crew for the high school musical, "You're a Good Man, Charlie

Brown." The spring musical saw a new director, new musical director, and new costume designer this year. Many thanks to Mrs. McConnell (choir teacher), and Pastor and Mrs. Bolton, for taking on the musical and seeing it to fruition. I'm really proud of the kids who prepared parts and songs and dances, as well as those who maturely stepped up to learn tech responsibilities. Also, thanks to Mr. Honse, the orchestra, Mrs. Gobrogge, and Mrs. Oates who all help out to pull off this musical. It was an event to remember.

The May ballot will bring a request to locals to renew a 3.36 mill permanent improvement levy. It is 3.36 mills, renewing it will NOT RAISE YOUR TAXES, and will raise roughly \$230,000 annually that can only be used for "permanent improvements," i.e., buildings and grounds, facilities, equipment, capital improvements that will last for at least five years. We use it to maintain our structures – roofs, heating systems, classroom equipment, computers and technology, bleachers, tuck pointing, chimney repairs, etc. It can NOT be used for salaries or general operations. If you have questions, please contact us, and we will be happy to answer them. The Board chose to renew and not ask for more, so we will continue to live within our means. We appreciate how generous our taxpayers have been in continuing to renew the levies over the years. This one will last five years, as it has the last several renewals.

So now we enter the last months of this school year. With it comes spring sports, senior recognition, field trips, and still more learning. Thanks to all of you who support all of the things these students do, that allow their public school experiences to be memorable, both in and out of the classroom.

Until next time, *Mrs. Skilliter*

## **High School Girls Basketball**

The McComb Lady Panther Basketball team finished with an 8-14 overall record. After going 0-10 in 2014, the team got healthy and rallied to an 8-4 record in 2015. One highlight of the season was knocking off tenth ranked Holgate 48-40. The team overcame many obstacles and fell short in the post season to Delphos St. Johns in overtime.

This year's team will graduate three seniors, Hailey Buck, Kendall Newcomer and Kara Reigle. These seniors' contributions both on and off the court will be greatly missed.

Returning lettermen for next year include junior Camryn Sudlow and sophomores Jenna Herr and Nora Hemminger.

This team's record does not adequately show what they accomplished. They truly are a source of pride for McComb Schools. The coaches wish the seniors luck in their endeavors and look forward to working with next year's team. Go Panthers!

## 8th Grade Boys Basketball

The 8th grade boys basketball team improved all season long. They continually worked hard at practice and the effort showed in each game that they played. The boy's played great team basketball and worked very well together. The boys enhanced their skills throughout the year and got much better as the season went on. We won our first tournament game against North Baltimore and eventually lost to Pandora. I would like to thank the boys and their parents for all their dedication and help throughout the year. I encourage the boys to keep working on their skills and to keep getting better for next year.

Coach Shafer

## ~ Congrats ~

## 7th Grade Boys Basketball

The 7th grade basketball team had a great season this year. They worked hard all year to get better each week. The boys overall record was 11-6. They played their best at the end of the year when it mattered most. They came into the tournament with a goal to win the championship and they accomplished that goal. The boys won the championship with an exciting championship game vs. Van Buren. Despite a ten point deficit late in the third quarter, the boys showed their perseverance and came back to win it with a three with three seconds left in the game that put the boys up 1 and finished the game winning by 1 and as champions. I would like to encourage the boys to keep working hard during the off season and keep getting better. I would also like to thank the parents for all their support throughout the season.

## 7th & 8th Grade Girls Basketball

Both the 7th and 8th grade girl's basketball teams have had learning season this year. The 7th grade team made great strides in their basketball knowledge. They showed improvement in their basketball skills throughout their season. These girls were always ready for practice and always made it challenging but had fun at the same time.

The 8th grade team made improvements in their basketball knowledge. They worked hard during practice and games. With only five players, they struggled but never gave up. Each game was a challenge for them but they found a way to play to the end.
