

## Music Lesson Agreement 2014/15

As part of our Performing Arts program, OVS offers private music instruction after school. Students should have their own instrument in hand for lessons. Weekly classes take place on campus and are scheduled with professional music teachers who live in the local community. Please complete and return this agreement form at the start of school:

I agree to pay for after-school music lessons for the above child, a student at the Ojai Valley School. I understand that each lesson is 30 minutes long and the charge is \$550.00 per semester. There are two billings per school year and a student is signed up for the entire school year, unless the Performing Arts Department is notified by a parent or guardian in writing. Lessons will be billed to the student's sundry account. I also understand that the school has made arrangements with the music instructor and, therefore, a solid commitment (which includes practicing, showing up on time, etc.) must be made by the student named above. (If a student does not attend a music lesson and no previous arrangements have been made, the student's sundry account will continue to be billed.)
