#### **AHIP Certification**

America's Health Insurance Plan (AHIP) Certification satisfies the requirement for the following UnitedHealthcare Medicare Solutions Certification Modules: Medicare Basics, Medicare Advantage Plans, and Medicare Prescription Drug Plans. While AHIP allows agents more than three attempts to pass certification with a score of 90% or higher, UnitedHealthcare only accepts AHIP certification if the agent passed within their first three attempts. Agents who transfer their AHIP certification, but did not pass within three attempts will not be able to market/sell any UnitedHealthcare Medicare Solutions products for the applicable plan year.

Step 1: Complete the 2014 AHIP Certification if you have not already done so – or transmit your completed AHIP to UHC. If you choose not to complete AHIP move to step 2.

**If you choose to certify via AHIP, you need to complete the 2014 AHIP Certification before any other 2014 Certification modules. Failure to do so will result in AHIP score rejection.**

If your AHIP is already complete or if you need to complete Select 2015 AHIP (FMO Only)

You will be advised you have 3 attempts to complete the component, select "OK"

You will then receive an important message from UHC, select "OK"

Log into your AHIP account and select "Complete Transmissions" to United Health Care
