**MONET** INTERIOR CEILING
AIC10482

JOB NAME

TYPE

With a flash of style and a touch of class, Advent Monet makes a lasting impression. Distinctive motifs provide an artistic twist, while vivid color gels and luminous glowing edges complete an energetic design. The Monet family consists of interior sconces, pendants and ceiling mounts, as well as exterior wall mounts. Efficient linear fluorescent lamping and long-lasting LED options allow Monet to empower a space in a simple, elegant form. Monet's interior ceiling luminaires are UL listed for Damp Locations and is surface mounted, fully recessed models also available. In addition to being compatible with the Armstrong® TechZone™ Ceiling System, Monet's ceiling mounts allow a lighting design to envelope an entire space. Interior Monet's white or optional colored face is balanced by a matching or white luminous edge

Dimensions

W	L	H	MC
6.7 in	26.0 in	2.5 in	13.0 in
170 mm	660 mm	64 mm	330 mm

Weight
Hanging weight: 25.0 lb (11.4 kg).

Features

- Formed metal construction provides durable protection for internal components and is recyclable.
- Fixture design allows relamping without the use of tools, simplifying maintenance.
- External fasteners are not visible, providing a clean fixture design.
- Frosted acrylic lens gives the fixture a unique identity with light reflected through the polished edge.
- Durable wood laminate faceplate option adds a warm, natural texture to a space.
- Fixture adds a splash of color to a space with theatrical color gels. Standard colors are available with other colors available upon request. Contact factory to customize a color gel that coordinates with your application.
- Embossed stainless steel-linear and crosshatch face plate option adds a unique, metal accent and texture to a space.
- Standard thermoset polyester powder coat paint provides durable protection in a palette of color options. Custom colors available upon request.
- Integral Class II power supply included, eliminating the need for remote mounting, simplifying installation.

Technical Notes
Construction
- Optional motif is black, unless specified.
Electrical
- Advent uses strict quality guidelines in LED selection to ensure the white LED's we use meet or exceed ANSI Binning Standards (ANSI C78.733).
- Integral electronic fluorescent ballast utilizes the latest energy-saving technology to maintain consistent color temperature, CRI and lumen maintenance, while eliminating the need for remote mounting and simplifying installation.
- Meets NEC 410.73 double-ended, fluorescent lamp ballast disconnect requirements.
- ETL listed to UL standards (US and Canada) for use in damp locations. Not recommended for exterior applications.

Lamping/lamp
- L70 life= 50,000+ hours.
- Fluorescent lamps are 3500K unless specified.
- Lamps included, with the exception of T8, T5 and incandescent.
Mounting
- Mounts to standard 4" octagonal junction box.
- Additional mounting structure and hardware required (by others).
