

A Path Home

Camp Montvale, in the foothills of the Great Smoky Mountains, is the ideal location for The Harmony Family Center. This rustic yet beautiful setting is the perfect location for families to strengthen their bonds, work on their challenges with the assistance of professional therapists, and create positive learning experiences for the kids who desperately need them. The existing cabins, a dining hall, and a barn provide a foundation on which to build our unique programs. When complete, The Harmony Family Center at Montvale will serve over 700 children each year.

To further our efforts Harmony Adoptions is building *A Path Home* across the Montvale property. Your purchase of a stone helps families heal through our therapeutic camps, helps a child learn to love through our animal assisted therapies and helps a youth learn how to live in this world after leaving foster care.

The Harmony Family Center at Montvale will provide an incredible opportunity to change the world for Tennessee's children and families. Your contribution keeps our children on their personal *Path Home* one stone at a time.
