

DL4000

Supply List

DL4000 Thermal Transfer Printer

The DL4000 is a desktop thermal transfer label and sign printer. It handles a wide variety of jobs ranging from printing arc flash labels, to making reflective parking lot signs. From pipe markers to hazardous material labels, the DL4000 gets the job done right! For low-light conditions, tough industrial environments and unique labeling challenges, the DL4000 has an extensive selection of supplies. You're sure to find just what you need!

DL4000 Accessories

All thermal transfer printers are susceptible to damage from dust and debris floating in the air. The **Dust Cover** protects the entire machine and the print head from airborne dust and debris.

The **Hard Carrying Case** is ideal for safely storing and carrying your DL4000 and includes room for printer accessories. It's built with a tough outer shell and soft inner foam protection.

Sign Blanks

The ideal rigid surfaces for ensuring your labels are portable and long-lasting. With predrilled holes in each corner (except corrugated plastic), sign blanks can easily be hung on walls or secured to a variety of surfaces. Multiple labels can be affixed to sign blanks, adding to their usefulness. 2-way and 3-way signs are ideal for critical signs with visibility from multiple angles.

Bumper Guards

Facilities often have dangerous overhangs, sharp corners and protruding edges which poke, gouge or injure workers. Protect them from injury by covering these hazards with a rugged bumper guard designed for industrial applications.

Cushioned by recyclable polyurethane foam and surrounded by bright yellow safety stripes, a sturdy permanent acrylic adhesive adheres bumper guards to potential hazards. Choose from a wide variety of shapes and sizes to fit most common facility edges.
