& Environment Association

working well together

Looking Back Moving Forward

This is one of a series of free partnership events run by the industry for the industry, as part of the UK-wide Working Well Together (WWT) campaign.

This anniversary event coincides with 60 years of Birmingham Health, Safety and Environment Association's Construction Section; 40 years of HSE; and 16 years of WWT campaign aimed at promoting awareness of health and safety in construction, particularly in small and medium enterprises.

The seminar will look at the challenges ahead and innovative ways to continue the excellent work done in improving health and safety within the construction industry.
