Dear [customer first name],

We've enclosed a copy of your 1095-B tax form for the [2015] calendar year. We've also sent a copy to the IRS, as required by law.

Under the Patient Protection and Affordable Care Act, most people in the U.S. must have "minimum essential coverage" (MEC) or pay a tax penalty. This requirement is called the "individual mandate." This form shows which month(s) during [2015] you and, if it applies, your dependents* were enrolled in minimum essential coverage through Cigna and, thus, met the requirements of the individual mandate. This form does not show any non-Cigna coverage you or your dependents may have had this year.

**If your covered dependents file taxes separately, please share this form with them for tax preparation.*

Why have I received a reprinted or corrected 1095-B?

We'll provide corrected or reprinted 1095-B forms if you request them. We send a corrected 1095-B if we update or change your first 1095-B form that was issued. If we send you a corrected form, we also send a copy to the IRS, as the law requires. Common 1095-B updates are changes to:

- enrollment status
- coverage months
- contact data
- Social Security or Tax ID numbers
- employer data

The IRS uses this form for purposes of administering the individual mandate. Please consult a tax professional if you have questions about how this form applies to you.
