TO: SMACNA Members, Chapters, & Associate Members

FROM: John Unger, College Chairman 

DATE: April 2, 2010

SUBJECT: Golf Outing Sponsorship

Over the past 22 years the SMACNA College of Fellows has conducted a golf outing in conjunction with the SMACNA convention. The objective is to raise money in support of the College of Fellows Scholarship Program. Unfortunately the current economic situation impacts our industry and we know your businesses and discretionary dollars are limited. In order to maximize the net revenue to the scholarship fund and off-set the cost of operating these outings, the College of Fellows still seeks the support of sponsors for a variety of golf outing functions. We are again appealing to you to sponsor one or more of the functions involved to make the golf outing and the scholarship program successful. Enclosed you will find a listing of the sponsorship opportunities for 2010.

Each year the College awards four [4] four-year scholarships to students who are either SMACNA contractors, employees of SMACNA contractors, SMACNA Fellows, SMACNA Associate Members, local Chapter or National SMACNA staff, or members of the families of any of these groups. In 2006 the College increased the number of scholarships awarded each year from three to four and the annual dollar value of the scholarships from \$2,000 to \$3,000. The College was able to accomplish this increase primarily as a result of the success of the golf outing. That success is due in great measure to the support of our convention golf outing sponsors.

The continued success of the outing will provide revenue which ultimately will enable the College to either increase the number of scholarships awarded each year or the annual dollar value of the scholarships. Your sponsorship plays a very significant part in ensuring the success of these functions and objectives.

Supporting the education of our youth benefits not only SMACNA and the sheet metal industry, but society as well.

Thank you in advance for your sponsorship and support.
