ECO-COURSE/ECO-WEEKEND DIVE WAIVER (for divers only)

Eco-Course School and Date: _____

THIS DEED OF INDEMNITY AND WAIVER (this "Waiver") is made the _____ day of _____ between _____ of

_____ (address) (the "Participant") and each of the Little Cayman Research Centre (the "Research Centre"), (the "Research Centre"), the Central Caribbean Marine Institute (also known as CCMI), incorporated under the laws of the State of New Jersey and recognized as a federal 501c(3) non-profit organization and its affiliates, CCMI, a company limited by guarantee in the United Kingdom, and CCMI, a local company incorporated in the Cayman Islands and registered as a local charity and any of their respective parent companies, subsidiaries and affiliates (together hereinafter called "CCMI").

I, _____ (Participant), agree, that in order to obtain educational credit or educational and research experience I have determined to participate in the field programme offered by the Research Centre. CCMI neither runs nor has responsibility for operating or overseeing any transportation including airlines or ground transport, or accommodations provided in this programme.

Whereby it is agreed that in consideration of CCMI making available and/or contracting out the services of boats, diving gear, and equipment relating thereto, or belonging to, or in the possession of CCMI, and in reliance upon the statement of the User that he/she is _____ (check) or is not _____ (check) a qualified SCUBA diver with a valid diving certificate issued by _____ (Certifying Agency) _____ (Certification Number) and with _____ (#) years experience, with _____ (#) open water dives, the User hereby for himself, his heirs, his personal representatives and dependents, hereby releases, discharges and agrees to hold harmless CCMI, its successors and assigns and its trustees, directors, officers, employees, representatives, any other participating and/or sponsoring entities and authorized agents (individually or collectively), all in their official or individual capacities from all actions, proceedings, claims and demands that the User, his heirs, personal representatives and dependents may have for injury (including injury resulting in death) however caused or sustained by the User and for the loss of or damage (however caused) to his personal belongings suffered while in the field, in trucks, cars, on boats, or any other vehicle, diving, while using diving gear or other equipment relating thereto belonging to or in the possession of CCMI, including, but not limited to, such injury, loss or damage resulting directly or indirectly from negligence or failure to take reasonable care to see that the User will be reasonably safe, of CCMI, its trustees, directors, officers, employees, representatives or authorized agents, all in their official or individual capacities, from the malfunction of diving gear, snorkel gear, or other equipment, and from operation, use, of loading, unloading or un-seaworthiness of boats or other watercraft owned,, maintained, or operated by CCMI or any other agency or vendor.

I, _____, hereby affirm that I am aware that skin and scuba diving have inherent risks which may result in serious injury or death. The User confirms that he/she is ultimately responsible for his/her own safety and agrees to obey all the rules and regulations of SCUBA certification. It is clearly the diver's or snorkeler's responsibility to refuse to dive or snorkel if in his/her judgment, conditions are unsafe. I understand that diving with compressed air involves certain inherent risks; decompression sickness, embolism or other hyperbaric injury can occur that require treatment in a recompression chamber. I further understand that any open water diving trips which are necessary for training and for certification, may be conducted at a site that is remote, either by time or distance or both, from such a recompression chamber. I still choose to proceed with such dives in spite of the possible absence of a recompression chamber in proximity to the dive site.

I understand and agree that neither CCMI, its successors and assigns and its trustees, directors, officers, employees, representatives, any other participating and/or sponsoring entities and authorized agents (individually or collectively), all in their official or individual capacities (hereinafter referred to as "Released Parties") may be held liable or responsible in any way for any injury, death, or other damages to me, my family, estate, heirs or assigns that may occur as a result of my participation in diving or as a result of the negligence of any party, including the Released Parties, whether passive or active. In consideration of being allowed to participate in this programme, I hereby personally assume all risks of this programme, whether foreseen or unforeseen, that may befall me while I am a participant in this programme, including but not limited to the academics, confined water and/or open water activities. I further release, exempt and hold harmless said course and Released Parties from any claim or lawsuit by me, my family, estate, heirs, or assigns, arising out of my enrollment and participation in this course including both claims arising during the course or after I receive my certification.

I also understand that skin diving and scuba diving as well as other activities undertaken during this programme are physically strenuous activities and that I will be exerting myself, and that if I am injured as a result of a heart attack, panic, hyperventilation, drowning or any other cause, that I expressly assume the risk of said injuries and that I will not hold the Released Parties responsible for the same. I further state that I am of lawful age and legally competent to sign this liability release, or that I have acquired the written consent of my parent or guardian. I understand the terms herein are contractual and not a mere recital, and that I have signed this document of my own free act and with the knowledge that I hereby agree to waive my legal rights. I further agree if any provision of this Agreement is found to be unenforceable or invalid, that provision shall be severed from this Agreement. The remainder of this Agreement will then be construed as though the unenforceable provision had never been contained herein.

In full awareness of the above and in consideration of my participation of this trip, I agree to indemnify and hold harmless CCMI, its successors and assigns and its trustees, directors, officers, employees, representatives, any other participating and/or sponsoring entities and authorized agents (individually or collectively), all in their official or individual capacities from all actions, proceedings, claims and demands that the User, his heirs, personal representatives and dependents may have for injury (including injury resulting in death) and for the loss of or damage (however caused) to his personal belongings arising in any manner out of my presence or activities while participating in a programme of CCMI. This Agreement may be signed in counterpart, each of which shall be deemed an original, but all of which shall constitute one instrument

I have read, understood and agree to the booking terms and conditions stated on the CCMI's website www.reefresearch.org and having also read and understood the PADI safe diving practices also posted on the CCMI's website I agree to follow those safe diving practices (initial) _____ (User)

Standard Safe Diving Practices Statement of Understanding* (FOR DIVERS ONLY)

This is a statement in which you are informed of the established safe diving practices for skin and scuba diving. These practices have been compiled from PADI for your review and acknowledgement and are intended to increase your comfort and safety in diving. Your signature on this statement is required as proof that you are aware of these safe diving practices. Read and discuss the statement prior to signing it. If you are a minor, this form must also be signed by a parent or guardian.

I, (Print Participant Name) _____, understand that as a diver (Certifying Company and Certification #) _____ I should:

1. Maintain good mental and physical fitness for diving. Avoid being under the influence of alcohol or dangerous drugs when diving. Keep proficient in diving skills, striving to increase them through continuing education and reviewing them in controlled conditions after a period of diving inactivity.
2. Be familiar with my dive sites. If not, obtain a formal diving orientation from a knowledgeable, local source. If diving conditions are worse than those in which I am experienced, postpone diving or select an alternate site with better conditions. Engage only in diving activities consistent with my training and experience. Do not engage in cave diving unless specifically trained to do so.
3. Use complete, well-maintained, reliable equipment with which I am familiar; and inspect it for correct fit and function prior to each dive. Deny use of my equipment to uncertified divers. Always have a buoyancy control device and submersible pressure gauge when scuba diving. Recognize the desirability of an alternate air source and a low-pressure buoyancy control inflation system.
4. Listen carefully to dive briefings and directions and respect the advice of those supervising my diving activities.
5. Adhere to the buddy system throughout every dive. Plan dives including communications, procedures for reuniting in case of separation, and emergency procedures with my buddy.
6. Be proficient in dive-table usage. Make all dives no-decompression dives and allow a margin of safety. Have a means to monitor depth and time under water. Limit maximum depth to my level of training and experience. Ascend at a rate of not more than 60 feet/18 meters per minute.
7. Maintain proper buoyancy. Adjust weighting at the surface for neutral buoyancy with no air in my buoyancy control device. Maintain neutral buoyancy while under water. Be buoyant for surface swimming and resting. Have weights clear for easy removal, and establish buoyancy when in distress while diving.
8. Breathe properly for diving. Never breath hold or skip breathe when breathing compressed air, and avoid excessive hyperventilation when breath-hold diving. Avoid overexertion while in and under water and dive within my limitations.
9. Use a boat, float, or other surface support station whenever feasible.
10. Know and obey local diving laws and regulations, including fish-and-game and dive-flag laws.

I have read the above statements and have had any questions answered to my satisfaction. I understand the importance and purposes of these established practices. I recognize they are for my own safety and well being, and that failure to adhere to them can place me in jeopardy when diving
