\*\*\*\*\*Times and routes are subject to change\*\*\*\*\*

Please be advised that times are approximate and many factors can influence the time a driver arrives at a stop. Please stay with your children until the bus arrives: students are the responsibility of parents until they board the bus. In the afternoon, the drivers have to drop the children off and leave immediately so as not to affect traffic. Please plan to arrive at your child's stop early so as not to have him/her remain at the bus stop unsupervised. Once a child exits the bus, he/she is the responsibilities of his/her parents.

Our bus stops are listed on page 1. Students will ride the bus on a first come, first serves basis based on date of registration. We will also give priority to students riding every day instead of those riding a few time per week should there be more riders than seats.

Students are expected to remain in their seats at all times, obey all directions from the driver or school staff members, speak in low voices, respect all other students and the driver, and not create any disruptions in any way. ANY misbehavior on the bus will subject students to suspension or dismissal.

Please check off which stop you will be using and how many children you will be sending on the bus. Please put all siblings on the same form.

Thank you.
