[WT Docket No. 12-283; FCC 14-74]

Amateur Service Rules

AGENCY: Federal Communications Commission.

ACTION: Final rule.

SUMMARY: This document amends the rules for the Amateur Radio Service by modifying the qualifying examination system to grant partial examination credit for certain expired amateur operator licenses, permits examinations to be administered remotely, and allows amateur stations to transmit certain additional emission types. The rule amendments are necessary to implement these changes. Additionally, this document amends certain rules to conform them to prior Commission decisions. The effect of this action is to enhance the usefulness of the amateur service rules by making the amateur service more accessible to former licensees and to allow amateur stations to transmit certain additional emission types.

DATES: Effective July 21, 2014.

William T. Cross, Mobility Division, Wireless Telecommunications Bureau, at (202) 418-0680, or TTY (202) 418-7233.

SUPPLEMENTARY INFORMATION: This is a summary of the Commission's *Report and Order (R&O)*, adopted June 5, 2014, and released June 9, 2014. The full text of this document is available for inspection and copying during normal business hours in the FCC Reference Center, 445 12th Street SW., Washington, DC 20554. The complete text may be purchased from the Commission's copy contractor, Best Copy and Printing, Inc., 445 12th Street SW., Room CY-B402, Washington, DC 20554. Alternative formats are available to persons with disabilities by sending an email to fcc504@fcc.gov or by calling the Consumer & Governmental Affairs Bureau at 202-418-0530 (voice), 202-418-0432 (tty).

1. By this action, the Commission amends the rules for the Amateur Radio Service by modifying the qualifying examination system to grant partial examination credit for certain expired amateur operator licenses.

2. Also, by this action, the Commission permits examinations to be administered remotely.

3. In addition, the Commission allows amateur stations to transmit certain additional emission types and makes certain minor, non-substantive amendments to the amateur service rules to reflect that the Commission previously eliminated the requirement that certain amateur radio service licensees pass a Morse code examination.

4. The rules that the Commission adopted in this *R&O* apply to amateur radio clubs, some of which may be small entities. The Commission certifies that no regulatory flexibility analysis is necessary here because, even if a substantial number of amateur radio clubs were affected by the rules, there would not be a significant economic impact on those entities. The rules we are adopting do not impose economic requirements. Instead, they relate to the administration of the amateur radio service. Therefore, we certify that the rule changes adopted in this *R&O* will not have a significant economic impact on a substantial number of small entities.

5. This *R&O* and the rule amendments are issued under the authority contained in 47 U.S.C. 154(j), 303(r), and 403.

6. Paperwork Reduction Act Analysis. This Report and Order does not contain new or modified information collection(s), subject to the Paperwork Reduction Act of 1995, Public Law 104-13. In addition, because businesses are not eligible for licensing in the amateur radio service, the Report and Order it does not contain any proposed new or modified “information collection burden for small business concerns with fewer than 25 employees,” pursuant to the Small Business Paperwork Relief Act of 2002, Public Law 107-198, see 44 U.S.C. 3506(c)(4).

7. Congressional Review Act. The Commission will send a copy of this Report and Order to Congress and the Government Accountability Office pursuant to the Congressional Review Act, see 5 U.S.C. 801(a)(1)(4).

8. The Commission's Consumer and Governmental Affairs Bureau, Reference Information Center, SHALL SEND a copy of this *Report and Order*, including the Initial and Final Regulatory Flexibility Certifications, to the Chief Counsel for Advocacy of the Small Business Administration.
