

Quotes:

Dyspnea is invisible.

\*\*

COPD is an invisible handicap.

\*\*

In my mind I want to think about politics. I have to think about breathing. Manley

\*\*

I can't express anger, fear or sorrow. I need to use that breath to breathe.

## Chronic Lung Disease

### Guidelines for Complex Care

Conference for all  
Health Professionals  
May 31 & June 1, 2012  
8:00 am - 4:30 pm

Sam Cohen Research Centre  
Winnipeg, Manitoba  
off Tache Avenue

## OBJECTIVES

To improve assessment and management of COPD through best practise guidelines:

Medical management

Interpretation and identification of losses through “stories” told by patients

Understanding oxygen saturation results to ensure safe treatment for patients

Measurement of breathlessness

Opportunity to be active partners in a research study

Initiation of programs in Mb. for people with COPD utilizing current research results

Discussion of current medication treatment as per Canadian Thoracic standards

Demonstration of correct technique for inhaler devices

Utilizing available educational tools to increase standardization and effectiveness

Application & group discussion

CEU's provided.

Pharmacists - 11.75 CEU's
