

From Eternity to Eternity Chart (Timeline)

Order Form

The Christian faith is given by God to all mankind. Christ died on the cross for the sins for us all. Yet, after 2,000 years, many people still consider Christianity as a “foreign commodity”, or at best, a “western religion”.

This chart is an effort to bring together histories of the Western world, the Church and the Chinese people into a synchronized time line, so that people can at a glance see the panoramic view of these histories and their correlations throughout the centuries.

By God’s grace, may this time chart be a reminder to all Christians the soon return of our Lord Jesus Christ and our urgent responsibility in cross-cultural gospel outreach to all nations of the world.
