## **ENGLISH**

### **Speaking Electronic Dictionaries (3)**

**Buy it Now: \$100 each**

Students are not usually eager to look up words in the dictionary. However, students love to use technology. Instead of a teacher writing a definition on the board, students would be more likely to want to look up unknown words and share definitions with the class. Electronic dictionaries may encourage students to get in the habit of looking up words and, thus, expand their vocabularies.

## **LIBRARY MEDIA CENTER**

### **The Grove Encyclopedia of Islamic Art & Architecture**

**Buy it Now: \$395**

This three-volume set is the most comprehensive reference work in this complex and diverse area of art history. Built on the acclaimed scholarship of the Grove Dictionary of Art, this work offers over 1,600 up-to-date entries on Islamic art and architecture ranging from the Middle East to Central and South Asia, Africa, and Europe and spans over a thousand years of history.

Recent changes in Islamic art in areas such as Afghanistan, Iran, and Iraq are elucidated here by distinguished scholars. Entries provide in-depth historical and cultural information about dynasties, art forms, artists, architecture, rulers, monuments, archaeological sites and stylistic developments. In addition, over 500 illustrations of sculpture, mosaic, painting, ceramics, architecture, metalwork and calligraphy illuminate the rich artistic tradition of the Islamic world.

## **MATHEMATICS**

### **Professional Development Fees**

**Buy it Now: \$395**

To allow math teachers to take “Teaching Geometry with the Geometer’s Sketchpad” or “Teaching Algebra with Geometer’s Sketchpad.” The department has requested one course for each of its eight teachers.
