

## FASTtrack: Pharmaceuticals - Dosage Form and Design

**EDITION:** Second

**AUTHORS:** David Jones, Chair of Biomaterial Science, School of Pharmacy,  
Queen's University of Belfast, UK

Pharmaceuticals—  
Dosage Form  
and Design  
Second Edition

### PRODUCT SUMMARY:

This revision guide for students delivers the essentials of dosage formulation in a concise and easy-to-use format.

### UNIQUE BENEFITS:

- Covering the vast majority of dosage forms that graduate pharmacists will encounter when entering professional practice
- Delivering essential information concerning the formulation of these dosage forms
- Ideal for small group workshops and last minute study for examinations

### CHANGES TO THE NEW EDITION:

Updates and some minor revision based on student feedback.

### READERSHIP:

**Primary:** Undergraduate pharmacy students in UK and Pre-reg students in UK

**Secondary:** n/a

### PEDAGOGICAL FEATURES:

- The text aims to deliver the essential information concerning common dosage forms in a concise and easy to follow format
- Includes key points, tips, and self-assessment questions to aid in learning

### REVIEW OF THE PREVIOUS EDITION

I think this book would be ideal for anyone wanting to learn quick facts about pharmaceuticals or people wanting to gain insight on the subject'. 'I think this book would be useful for all people, no matter what year of study they are in whether it be first years...or people studying for their pre-reg'.

**Bahareh Hosseini, Year 3 student, Chemist and Druggist, December 2009**

Reader friendly, excellently priced, comprehensive, up to date and a must for all undergraduate Pharmacy students

**Kingston School of Pharmacy, Year 2 student**

### FORMAT AVAILABILITY:

Book, Ebook: EBL/EBooks.com, MyiLibrary, EBSCOhost and R2 Library

**PREVIOUS ISBN:** 978 0 85369 775 6

**PREVIOUS EDITION PUB DATE:** October 2009

**ASSOCIATED TITLES:** *FASTtrack Pharmaceuticals – Drug Delivery and Targeting 1e*, October 2009, *Physicochemical Principles of Pharmacy, 4e*, December 2005, *An introduction to Clinical Pharmaceuticals, 1e*, February 2010 and *MCQs in Pharmaceutical Science and Technology, 1e*, December 2010

---

## PHARMACEUTICAL PRESS – TEXTBOOK

**ISBN:** 978 0 85711 078 7 Paperback **Pub date:** March 2014

**Extent:** 304 pages **Format:** 234 x 156mm **Price:** £22.99 / \$36.99

---

### KEY COMPETITION:

There is no direct competition. The above titles are established textbooks in the field but are not revision guides and are more detailed and expensive. They do not have concise bulleted information.

Title	Author(s)	Publisher	Date	Price	Length	Additional info	Overall
<i>Aulton's Pharmaceutic s</i>		Churchill Livingston e	Sept 2007	£49.99	244 x 190
