INTRODUCTION

NT Window is home to the *Select* Line of products that meet Energy Star requirements for 2015.... Today.

NT Window is a leading window manufacturer of aluminum and vinyl windows, both serving the replacement and new construction industries. NT Window was established in 1982 when two existing window manufacturers merged together, both with excellent reputations in their fields.

NT Window offers a complete product line conforming to the needs of the residential and commercial markets, including aluminum and vinyl window and door systems, insulated glass line, storm door line and solar screens.

With an in-house extrusion supplier and over 800 independent dealers in the southern United States including Texas, Oklahoma, Louisiana, Arkansas, New Mexico, Mississippi, Kansas and Missouri; NT Window produces over 100,000 windows per year in our Dallas/Fort Worth manufacturing plant.

NT Window is an active participant in industry leading organizations like NFRC and AAMA allowing us to offer certified products to meet all of your specific building requirements.

Quality of product and quality of service are combined to build an NT Window.

GEOMETRIC SHAPES

P.O Box 40547, 4949 Rendon Road, Fort Worth, TX 76140 • 817-572-4994 • 800-969-8830 • Fax 817-561-5467

NT WINDOW, INC. TERMS AND CONDITIONS OF SALE & GENERAL INFORMATION

Special Services .

Rush Service

NT Window strives to accommodate all requested rush orders if production scheduling allows. However, this service increases the cost of production because of additional handling necessary to fulfill the request. Because of this an automatic rush fee will be accessed in the amount of 20% of the invoice value.

Jobsite Delivery

Delivery to jobsites is another welcomed service we provide (within 30 minutes of normal route). This service comes with an automatic jobsite delivery charge of \$75.00 NET. This fee is applied to all orders no matter the invoice value unless agreed by management otherwise. This charge covers additional expenses related to scheduling and logistics of this service. Please provide all necessary information for a jobsite delivery at time of placing order. Also the customer must be present at time of delivery to sign for order and to assist on off-loading products. Please note that there are some additional limiting factors that restrict us from offering this service in some cases such as accessibility and local city street codes that may prohibit large trucks. For other jobsite delivery request that fall outside the 30 minute radius, please contact your customer service representative to discuss options and costs.

Display Loaner Program

Custom displays that can be used for building and/or home shows are available on a loaner program. These displays can be ordered with a window of choice and options. Please schedule one month in advance to reserve your display. The display must be returned within 2 weeks. Customer accepts all costs associated with damage to display. Additional items like promotional banners and give away items are also available upon request.

Custom Marketing Materials

NT Window understands the need for marketing materials that will distinguish your company from competitors. Because of this need we are pleased to offer our services of creating and designing custom literature pieces that fit your needs. Minimum order quantities are necessary to make a cost effective marketing program. Please call for further pricing information. Additional marketing pieces that can be customized are listed on the sample order form.

Responsibilities of the Dealers and Distributors

Reviewing Price Book

It is the responsibility of the dealer / distributor to review all pages within this price book. By making purchases from NT Window the customer is accepting and agreeing to the terms and conditions and all other information listed within the price book. All questions can be directed to a sales representative.

Building Codes

Buyer assumes all responsibility that all products purchased meet all building, safety, zoning or any other codes or laws that govern the performance and/or installation in the given application and/or location of use.

Homeowner and Dealer Education

NT Window is a company of integrity. Dealers and Distributors purchasing our family of products have the responsibility to present our products with true facts and statements. Misrepresentation of any NT Window product will not be accepted.

Manufacturing Standards

Tolerances

NT Window tolerance is plus or minus 1/8" of the specified size.

Rough Opening vs. Exact Size

New Construction window orders must specify measurement type (exact size or rough opening). Exact size measurements will be built to the size ordered. Rough opening size measurements will have a 1/2"deduction made on width and height measurements given.

Mulled Units

Orders containing mulled window units need to specify whether a factory mull or field mull is requested. Orders not specified will come standard as a field mull. Additional costs are associated with factory mulls as listed on product price pages. The following mull options are listed with requirements:

- 1. Standard Mull standard mulls are used for all mulled units up to 96" wide or 84" tall and not to exceed 156 UI.
- 2. Bay/Bow Mull bay/bow mull units will be delivered as field mull units standard. Factory mull is not optional.
- 3. Factory Mull factory mulls will only be accepted up to 96" wide or 108" tall and not to exceed 204 UI.
- 4. Field Mull The maximum mulled unit that will be accepted for order will be 144" wide or 108" tall not to exceed 216UI.

Note: Please review associated costs for mull options on product price pages.

DP Ratings

Note: Please review associated costs for the DP package upgrades.

Locks

All windows ordered with a width of 27" or greater will come with 2 locks standard.

Center Bar Location

All orders placed on single and double hung units should have the center bar location specified. Standard procedures if not specified are the following:

- 1. Any unit greater than 72" in height will be built with an oriel sash configuration unless customer specifies otherwise and product limitations allow. An oriel sash configuration is 30" vent from bottom up.
- 2. Any unit ordered not applicable to the above will be built standard as an equal sash. An equal sash configuration is a 50/50 vertical split bottom up.
- 3. All center bar measurements given will be assumed to be from bottom up unless specified.

Pricing Procedures

List Pricing

All pricing shown within price book are LIST prices unless otherwise notated. List prices are to be multiplied against given factor to obtain NET cost. Note: Due to rounding factors between list prices using a factor system some discrepancies might be seen if calculating by net pricing. These discrepancies will be minimal and are non negotiable.

Even Inch Pricing

NT Window prices all units by the even inch. All measurements on width and height will be rounded to the next even inch. For example if a unit is ordered 27" x 36", the price would be calculated as a unit 28" x 36". Another example, if a unit is ordered 27" x 34 1/2", the price would be calculated as a unit 28" x 36".

Minimum Price

Each manufactured product has a minimum price that will be charged. These minimum costs are based upon a minimum size. The minimum sizes are listed below:

- 1. Minimum prices for all window products is 68 united inches.
- 2. Minimum prices for all screen products is 68 united inches.
- 3. Minimum prices for all insulated glass products is 3 square feet.

Oversized Units

Additional charges are applied to all oversized units as described below.

- 1. Two Panel Slider over 144 UI add \$2.00 UI.
- 2. Three Panel Slider over 180 UI add \$2.00 UI.
- 3. Geometric SH units over 144 UI add \$2.00 UI.
- 4. Standard Picture Window over 144 UI add \$2.00 UI.
- 5. Geometric Picture Window over 144 UI add \$2.00 UI.
- 6. Screen units over 144 UI add \$0.40 UI.
- 7. Insulated Glass units over 30 square feet add \$3.00 square foot.

Tempering Pricing

To calculate the cost for ordering tempered glass the tempering option cost MUST be added to the glass strength cost. For example if you order tempered with 3/16" glass your calculation should be \$2.50 (tempered) plus \$1.00 (3/16" glass) equaling a total up charge of \$3.50 UI. Because 1/8" glass (DSB) comes standard in all insulated units the cost for tempered glass for a window requiring tempered would be only \$2.50 UI.

Painted Exteriors (Vinyl)

A special minimum price charge of \$50.00 NET is applied to all window units.

Mulled Units

Please note that additional costs are associated with mull pieces and factory mulls. These costs are shown on each product page.

Quotes

All quotes are valid for <u>60 days</u>. It is the customer's responsibility to review quotes for accuracy such as correct window system, order quantities and options selected. NT Window will only honor quotes as they have been entered. NT Window also reserves the right not to except an order from a quote if findings of major discrepancies between computers generated quotes versus prices listed in the current published price book.

Template Fees

Any window unit ordered requiring a template from the customer is subject to a \$150.00 NET additional fee to be added to the individual window cost.

Credit and Payment Terms

New Customers

A. 50% deposit is required on all orders for dealers without approved credit, before the order will be released to production.
B. A credit limit will be set for all accounts setup with credit. This limit will be given to you during the application process. NT Window reserves the right to adjust this limit at any time. Orders will be placed on hold until account is within terms of agreement.
C. Jobsite and homeowner contact information are required for all new accounts setup with terms for a 90 day trial period.
This information should appear on the order at time it is placed. Orders will not be processed until required information is collected.
D. All payments made by new accounts must be in cash or certified funds unless a copy of officers' driver license is on file. NT Window reserves the right not to accept a check for any reason.

Credit Card

Accepted credit cards are American Express, Discover, Visa and MasterCard. To make payment by credit card an authorization form must be filled out completely with a copy of the cardholders drivers license. This form can be kept on file for future use if requested. To remove this request a written notice must be sent in.

NT Window reserves the right to create a surcharge policy for credit card payments at any time with verbal notice to customer before payment is accepted.

Terms of Payment

1. Credit Card - Customers with this term will have their credit card on file charged at the time that order is placed.

2. COD Cash - Customers with this term can make payments with cash or cashiers check only.

3. COD Check - Customers with this term will make payments with cash or company check..

4. NET 10 - Customers with this term are given 10 days from date of invoice to make payment in full.

5. NET 15 - Customers with this term are given 15 days from date of invoice to make payment in full.

6. NET 30 - Customers with this term are given 30 days from date of invoice to make payment in full.

7. CIA - Customers with this term must make full payment at time of order being placed by cash , cashiers check or credit card.

NOTE: Discounts of any kind including volume discounts, rebates and marketing allowances will be discontinued if an account does not meet all obligations within specified terms.

Invoice Date:

The invoice date is the date in which the order is scheduled to be shipped on our truck or picked up by customer as assigned by production scheduling. This date is notated on all order acknowledgements as the Target Delivery Date. The actual date an order is picked up is NOT the invoice date.

Interest

All past due invoices over 60 days past agreed terms are subject to a 10% APR interest rate. This rate will be applied monthly and will be shown on statements. NT Window reserves the right to adjust this rate based upon industry averages.

Credits

All credits given must be used within 90 days of issued date or will be forfeited. No exceptions.

Warranty

Window Products

Limited Lifetime Warranty on operation and glass failure. See NT Window Warranty card in back of book for more details.

Vinyl Patio Door Products

Lifetime Warranty on operation and glass failure.

Insulated Glass Products

- A. Individual glass orders come with a 10 year Limited Warranty from seal failure.
- B. Insulated glass is not warranted from cosmetic flaws and/or scratches if over 30 square feet. Cosmetics flaws and/or scratches on units below 30 square feet will be warranted <u>only if visible from 10 feet away</u>. These rules apply to both complete window orders and individual IG orders.

Storm Windows

Limited 10 Year Warranty on operation and glass failure.

Screen Products

There is no warranty on these products unless otherwise expressed by NT Window management.

Open Frame and Knock Down Products

There is no warranty on these products unless otherwise expressed by NT Window management.

Glass Breakage Warranty

NT Window offers (for a small fee per window) a glass breakage warranty for the homeowner; this warranty does not include glass broken during installation and/or transportation by the contractor or his/her representatives. Glass breakage warranty must be ordered on <u>ALL</u> units within a project.

Warranty can not be ordered on commercial or government funded projects.

Warranties purchased for the Construction Pro window system or other new construction applications will be effective 120 days after homeowner occupies residence.

Glass breakage warranty procedures:

- 1. Place order with GBW notated clearly.
- 2. A GBW policy number will be assigned to order.
- 3. A GBW policy card with assigned policy number will be mailed to dealer/distributor.
- 4. Give homeowner registration card to fill out completely and mail back to NT Window with given information. Ask homeowner to retain a copy of warranty card for their records.

Further information on the GBW can be found on the registration warranty card in the back of this book.

Commercial Warranty

The NT Window, Inc. Limited Lifetime Warranty does not apply to commercial projects and properties. Please call any NT Window representative for further information.

Limitations

Stress crack warranty requests will only be accepted if NT Window is informed within 30 days of delivery. No requests will be honored after that period.

Warranty Service

NT Window strives to offer the best in customer service before and after each purchase. In this effort we have created a Warranty Request Form that can be found in the back of this book. To make a service request, please simply fill out all necessary information and fax or email to NT Window. The warranty department will make contact to the requested person 24 to 48 hours after receipt to schedule service. It is our goal to relieve our customer of any responsibilities and/or concerns in regards to any current warranty issue as quickly as possible.

By filling out the warranty request form the customer is agreeing to accept any charges billed to them for costs incurred by NT Window for services rendered not to be valid under warranty.

Dust Infiltration

In many areas of the Southwestern United States, especially the more arid regions with fine soils, and excessive wind can create problems for all fenestration products, i.e. windows and doors. All window and door manufacturers are required to test their products to meet specific standards, of which include air infiltration, water leakage, and structural integrity of framing and components. This test has certain parameters that have to be met in order for a window to become certified. NT Window exceeds all tests required by the government as tested according to the industry standards and testing agencies.

All window and door products have air infiltration even when securely locked because of the sash design. There is weather-stripping on the sash to reduce air infiltration, but due to the operating function of the window it is impossible to completely eliminate all air leakage. The weakest points for air infiltration are where the fixed meeting rail, jamb and sash come together (i.e. where the window locks). The air infiltration points are very small, but still exist never the less. Due to these air infiltration points dirt infiltration becomes possible.

Dust infiltration usually occurs when the winds exceed the maximum wind load that the windows are tested at (wind loads are product specific). Wind loads over 25 miles per hour tend to cause a slight deflection of the sash, resulting in the opportunity for dust particles to be forced through very small openings at the sash. In most instances dirt has been allowed to build up on the sill between the screen and sash where, with high winds, you get a constant swirling which pushes the dirt particles into very fine openings. The dirt particles then spread inside the sill and upward towards the meeting rail resulting in the dust around the sash and at the window sill (please note that even normal wind pressures have the ability to force dust inside the home if excess dirt is allowed to build up in the sill between the screen and the sash).

Dust infiltration is most common in arid regions, in new construction areas, and farming areas. Below is a list of tips on how to reduce dust infiltration.

Tips for controlling dust infiltration

- 1) Remove excessive dirt build up between the screen and sash as often as necessary to prevent dirt build up.
- 2) If new construction, establish a lawn as soon as possible.
- 3) Water lawns and flower beds surrounding the home often.
- 4) Clean the bottom sash bulb weather-stripping periodically to insure a tight seal in the sill for window.

Water Drainage System

Your new NT Window windows incorporate a low-point, high-pressure weeping system. This system uses small openings in the window sill that are designed to route water to the exterior of the window through small weep holes. It is customary for water to accumulate in the sill area when raining. There is no cause for alarm, as this water will drain to the

exterior through the weep system. At times the small openings can become plugged with dirt and debris, this is evident by water overflowing the sill or by water standing in the sill long after the rain has stopped. In most cases, a piece of wire or pipe cleaner inserted into the weep holes will clear the debris. In severe cases the snap-in track located at the sill can be removed to expose possible clogged openings in the weep system. NT Window has engineered highly effective weep systems to insure proper water drainage. Please keep weep holes free and clear of debris to allow water to properly drain to the exterior, as designed. To ensure proper operation, keep the sill of your windows free of dust, and periodically clean your weep holes with a small wire or pipe cleaner.

8/2011

Foot Notes

¹ Painted Exterior option is available in the following standard colors:

- 1. Brick Red
- 2. Bronze
- 3. Cameo
- 4. Angean Blue
- 5. Desert Sand
- 6. Hartford Green
- 7. Sage Green
- 8. Tan
- 9. Obsidian

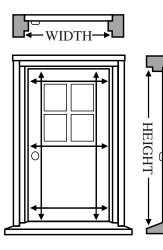

Custom color matching is available for an additional charge of \$200.00. Please call for additional information.

²Nailing fin option should be specified exact size or rough opening measurements as described in Standard Manufacturing section.

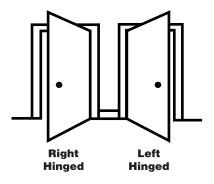

³All vinyl windows except for the Construction Pro Series come with either a head or sill expander at no charge. If an order requires both accessories an additional charge will be applied to each unit. This price is described on the product pages. If no option is specified on order then the head expander option will be chosen by default. Geometric Windows receive no accessory.

⁴ Replacement sashes are priced based upon the original window measurement given UI and not the total UI from the sash measurement. Example: A replacement sash for a 100 UI window will be calculated 100 UI x Sash Cost. Replacement sash prices include white and low E options only. All other options must be added to the base sash cost at one half of the standard option price listed for that product.

⁵ Storm Door Measuring and Ordering Instructions (additional notes listed on product page)

Measurements should be taken of door frame opening from the outside of entrance. Width - Measure the width of frame opening at the top, center, and bottom. Record the smallest of the three dimensions. Height -Measure the height from the top of the frame opening to the bottom sill on both sides and record the smallest of the two dimensions.

As Viewef from the Outside

⁶Egress Hardware option will not make a casement unit meet egress requirements. Unit must be a minimal size of 28×47 (including hardware) or 32×47 (w/ out hardware) to meet egress.

This price list replaces and supersedes all previous price lists.

Order Process

Ways to Order

- 1. FAX NT Window prefers orders to be faxed in on the NT Window order form.
- 2. PHONE NT Window assumes no responsibility for errors on telephone orders.
- 3. EMAIL Orders can be emailed to orders@ntwindow.com. Excel and PDF file formats are available for all product order forms by request.
- 4. ONLINE Web based order entry system. Call your NT Window representative to request access to NTLink.

Confirmations

Orders will be confirmed by fax or email within 24 business hours of receipt. It is the responsibility of the customer to check the acknowledgement for errors and/or omissions. If NT Window is not contacted within 24 hours of receipt of acknowledgement, the order will be released to production and NT Window will not be held responsible for any errors or omissions found. After orders are released to production no changes or cancellations are allowed.

Delivery and Shipments

Packaging Fees

Packaging and crate fees will be applied to all orders shipped on common carrier. These charges will be based upon shipment method and size. Standard rates are as follows:

- a. Small Wood Crate \$50.00 NET
- b. Large Wood Crate \$75.00 NET

NOTE: Other charges may apply as necessary.

Carrier Options

NT Window has existing partnerships with common carriers that are preferred. Orders shipped via preferred carrier for an open account will have shipping charges applied to invoice. Shipments with all non-preferred carriers will be sent out freight collect.

All prices are F.O.B. our dock. All damage claims are the responsibility of the consignee.

NOTE: NT Window is not responsible for deliveries not made on time by carrier.

Return Policy

All products are custom manufactured to buyer specification and returns are not allowed. In the event that a product is manufactured incorrectly, a return authorization number must be issued prior to the return of the product. Upon return of the product and inspection by NT Window credit will be issued. Accessories and supplies are not returnable (i.e. angle, caulking, screws, etc...).

Please call any NT Window representative to obtain a return authorization number. NT Window will not accept any return without authorization. Please keep this authorization number to track credit/exchange progress.

NOTE: Returns will only be accepted within 30 days of delivery. All returns are subject to a 25% restocking fee.

Will Call

Customer pick ups are welcomed. It is strongly encouraged that you call in advance to ensure quick service; 24 hours is appreciated.

Minimum Order Value

A \$45.00 NET delivery charge will be applied to all deliveries that are made where the combined total value of all invoices is below \$300.00. These charges can be changed at any time with the discretion of NT Window management.

Pick up Policy

Orders must be picked up within 2 weeks of target delivery date. All orders left behind for greater than 2 weeks are subject to a \$50.00 per week storage fee. Orders that are left greater than 4 weeks are subject to being discarded or donated. Any collected funds for that order will not be reimbursed and all open balances will be collected with necessary procedures.

Aluminum and Vinyl Window Limited Warranty Residential & Commercial

New Construction and Replacement Effective April 1, 2010

Congratulations on your purchase of windows manufactured by NT Window for installation into your property either during new construction or as replacement product. NT Window, Inc. is proud to support these products and will respond to your notice of product issues according to the terms and conditions set forth below.

The NT Window Promise: Single Family Home:

For as long as you own and reside in your owneroccupied single family home ("Lifetime") NT Window (NTW) will, upon notice as required herein, either repair or provide replacement components as needed to correct any of the following conditions when directly caused by a defect in the product as manufactured:

Frame: Chipping, cracking, peeling, blistering.

Factory painted exterior coatings are guaran-teed for 10 years under normal conditions from peeling, blistering and significant discoloration. Non-factory applied coatings will void *entire* window warranty.

Insulated Glass Unit: Impairment of vision caused by dust or condensation within the glass unit due to seal failure.

Hardware & Parts: Breakage, under normal usage and application.

Insect Screens*: Frame Rust or Mesh Size. NTW will replace any window screen frame and mesh that is defective in workmanship for a period of one (1) year after date of manufacture; however, punctures or tears are not warranted beyond the opportunity to inspect at initial receipt.

*CAUTION: Insect screens are not designed as a safety restraint.

Commercial and Multi-Family: For a period of ten (10) years from date of product sale, NT Window will, upon notice from the property owner as required herein, either repair or provide replacement components as needed to correct any of the above conditions when directly caused by a defect in the product as manufactured. This shall apply to all products installed in properties other than owner-occupied single family homes.

Application and Transfer: The Single Family Home Warranty is made solely to the original consumer purchaser who both owns and resides in the single family home at the time NTW windows are installed and continues for such time as both that ownership and residence are maintained. In the event of a sale of the home within five (5) years of initial product installation, this warranty shall transfer to the first subsequent purchaser. No rights under the warranty may be otherwise transferred or assigned. The Commercial and Multi-Family Warranty is made solely to the owner of the property on the date of installation of NTW products and is neither transferable nor subject to assignment.

Limitations on Scope: NTW shall have no obligation to address any condition not directly caused by a defect in its product as manufactured. Excluded conditions include, but are not limited to, those affected by: lack of product maintenance, misuse, mishandling, or damage to the product; extraordinary application of product, improper installation or reinstallation; alterations or modifications including but not limited to, the application of films, security systems or window treatments; atmospheric conditions, aging, fading or weathering; inert gas fill or retention, conditions which exceed product capacity, Code compliance, specific building requirements, building settlement, construction defects; slight curvature of glass, glass deflection due to temperature or barometric pressure, glass imperfections allowable under ASTM C1036 or C1048, and any other element outside of NTW control.

NTW may discontinue or change any product without notice. NTW may provide substitutes for discontinued parts or components. The choice of replacement or repair shall be in the discretion of NTW. In the event NTW performs a repair it shall be responsible for only labor required to repair the affected component and no other cost. A repair or replacement by NTW shall not create a warranty but rather this warranty shall continue according to its terms. Notice and NT Window Response: Owner must individually provide written notice under this warranty to: NT Window, Inc., PO Box 40547, Fort Worth, TX 76140 or to the NTW dealer through whom the purchase was made. Each of Owner's names, property identification, proof of status as Owner, a description of the product and a descrip-tion of the issue must be included. NTW SHALL HAVE NO OBLIGATION WHATSOEVER WITHOUT PROPER NOTICE FROM OWNER AND AN OP-PORTUNITY TO RESPOND. Upon proper notice, NTW shall be afforded the opportunity to inspect or take other action neces-sary to formulate a response. Owner agrees to pay a fee for the costs of an inspection which reveals that no action is called for under this warranty. If action is required, NTW shall have the sole discretion to either provide replacement components (color matching not guaranteed) or perform a component repair.

In no event shall NTW be liable for the costs of repair not provided by NTW or any shipping costs.

Additional Terms and Conditions: Any decorative glass and insulated glass unit not included within a NTW manufactured window or door is warranted only for one (1) year from original sale.

The formation of condensation anywhere other than the interior of the insulated glass unit is the result of relative humidity and is not a product defect or impairment.

Any alteration of this warranty must be in writing and signed by an executive officer of NTW. No dealer or NTW representative shall have authority to alter in any way this warranty. Owner agrees that no action or inaction of NTW shall constitute a waiver.

Important Owner Information:

EXCLUSIVE REMEDY: THIS WARRANTY IS THE EXCLUSIVE OWNER REMEDY. IT SHALL OPERATE IN LIEU OF ALL OTHER REMEDIES WARRANTIES OR CLAIMS IRRESPECTIVE OF SOURCE AND NTW NEGLIGENCE.

LIMITATION OF REMEDIES: IN NO EVENT SHALL NTW BE LIABLE FOR ANY LOSS OF USE, LOST PROFIT, DIMINUTION IN VALUE, CONSEQUENTIAL OR INDIRECT DAMAGE OF ANY KIND. UNDER NO CIRCUMSTANCE SHALL NTW BE LIABLE FOR AN AMOUNT EXCEEDING THE PURCHASE PRICE OF THE AFFECTED COMPONENT.

ADDITIONAL DISCLAIMER: THIS IS THE SOLE WARRANTY FOR NTW WINDOW PRODUCTS. ALL OTHER WARRANTIES, INCLUDING OF MERCHANT ABILITY AND FITNESS FOR PURPOSE, ARE DISCLAIMED AND EXCLUDED. COURSE OF DEALINGS, CUSTOM AND USAGE, STATEMENTS, LABELS, ADVERTISING AND PRODUCT REPRESENTATIONS OF ANY KIND SHALL NOT EXPAND THE SCOPE OF THIS WARRANTY. Where these limitations are prohibited or otherwise altered by mandatory legal provisions, the warranty shall remain effective to the full extent of the law. This warranty gives you specific legal rights and you may also have other rights that vary from state to state.

OWNER AGREES THAT ANY OBLIGATION OF NTW WITH RESPECT TO ITS PRODUCTS IS CONTINGENT UPON NOTICE AS DEFINED HEREIN AND AN NTW OPPORTUNITY TO RESPOND.

Product Ratings: NTW products are often designed and tested in accordance with required standard procedures established by industry associations such as the American Architectural Manufacturer's Association (AAMA) and the National Fenestration Rating Council (NFRC). These measure performance of sample products in a laboratory-type setting. To pursue consistency NTW manufactures its products for sale utilizing the same methods and materials as in fabrication of a product for testing. All product components and manufacturing processes, however, involve an inherent range of tolerance. These and other factors can result in some variance among individual product performance.

NTwindow

LIFETIME GLASS BREAKAGE WARRANTY

NT Window will warrant the insulated glass, manufactured by NT Window, and outsourced insulated glass used in replacement windows and new construction windows for the lifetime of the original homeowners. In the case of new construction windows, this warranty is valid for the original, new homeowner. This warranty covers breakage for as long as the original resident purchaser resides in the home in which the windows were installed. Breakage attributed to improper installation, fire, flood, acts of God, riot or civil disorder, or building settlement will not be covered under this Lifetime Glass Breakage Warranty.

<u>Claim</u>

Any claim for defect under this Warranty should be submitted to NT Window, P.O. Box 40547, Fort Worth, TX 76140. The claim must have the original date of purchase and the original invoice number for the window. A copy of the warranty must be included.

Labor

Labor costs are not included under this warranty. Neither NT Window, the above manufacturers, nor the contractor will be responsible for any costs incurred in the removal, replacement installation or reinstallation of the insulated glass unit.

Repair Procedure

Replacement parts will be shipped to the nearest NT Window, distributor or dealer and must be picked up by the customer. Shipping and handling charges, where applicable, will be the responsibility of the customer.

Other Warranty Considerations

The warranty statements contained in this Certificate set forth the only express warranties extended by NT Window for the insulating glass units, and the provisions hereof shall constitute the purchaser's exclusive remedy for break of this Warranty given under this certificate. NT Window shall not be liable to property owner for incidental or consequential damage for breach of any written or implied warranty on insulating glass units.

NT Window, Inc. / Royal Aluminum, Inc. CONTRACT FOR SALE OF GOODS & PERSONAL GUARANTY

This agreement is made between ("Buyer") and NT Window, Inc ("Seller")

Description of Goods/Sale and Delivery. Seller will sell, transfer, and deliver to Buyer certain goods and materials in connection with the construction and manufacture of windows ("Goods"),

Acceptance/Purchase. Buyer will accept the goods and pay for them in accordance with the terms of this contract.

Time of Payment. Buyer will pay for the goods within 30 days from date of invoice, in accordance with the prices set out in the purchase order or delivery slip furnished by Seller to Buyer. Accounts more than 30 days past due (60 days from date of invoice) will be subject to an interest charge of 1 % per month until paid, commencing 31 days after the invoice date. Buyer agrees that Seller may hold all orders for shipping if payment has not been met according to these terms.

Security Agreement. Buyer grants Seller a security interest in all its goods and inventory presently owned or hereinafter acquired by Buyer to secure any indebtedness that it may owe to Seller.

Receipt of Goods. The goods will be deemed received by Buyer when delivered to Buyer at Buyer's address provided to Seller, or at such other place designated by Buyer to Seller.

Risk of Loss. The risk of loss from any casualty to the goods, regardless of the cause, will be on Seller up to the time of receipt of the goods by Buyer at the place of delivery. Thereafter, Buyer will have such risk, including the risk as to any goods **subsequently returned to Seller until their receipt by Seller.**

Warranty against Encumbrances and of Title. Seller warrants that the goods are free from any security interest or other lien or encumbrance and that Seller neither knows, nor has reason to know, of the existence of any outstanding title or claim of title hostile to the rights of Seller in the goods.

Right of Inspection. Buyer will have the right to inspect the goods at the time and place of delivery, Within five (5) business days after delivery, Buyer must notify Seller in writing of any claim for damages on account of the condition, quality, or grade of the goods, and Buyer must specify in detail the basis of each claim. Buyer's failure to comply with these conditions will constitute irrevocable **acceptance of the goods by Buyer**.

Procedure as to Rejected Goods. On receipt of notification of rejection, Seller will immediately arrange to receive back the goods for shipment and return. However, before return of the goods to Seller, Seller may have an agent Inspect such goods for nonconformity. Otherwise, such inspection will be made on return to Seller's facility.

Credit Information. Buyer understands that the information furnished in the credit application attached hereto is for the purpose of obtaining credit from Seller and that the undersigned signatories are authorized to bind Buyer.

Continuing Guaranty. The undersigned hereby guarantees absolutely and unconditionally the prompt payment when due of any and all indebtedness of Buyer, together with such interest as may accrue thereon, whether such indebtedness is incurred as principal, guarantor, or endorser, is direct or indirect, absolute or contingent, or whether such indebtedness is now existing or arises hereafter. This guaranty is a continuing guaranty and shall be binding upon them and their heir's, executors, and administrators, until the expiration of thirty (30) days after written notice of revocation is received by Seller, and until the indebtedness of Buyer to Seller incurred prior to the expiration of such thirty (30) day period shall have been fully paid. If this guaranty is executed by more than one person, it shall be the joint and several obligation of said persons.

Governing Law. The parties acknowledge that this transaction bears a reasonable relation to the State of Texas and agree that the laws of the State of Texas will govern their rights and duties. This agreement is performable in Tarrant County Texas and any action brought to enforce or construe the same shall be brought in a court sitting in Tarrant County, Texas.

Attorneys' Fees. The undersigned agrees to pay all reasonable cost of collection, legal expenses, and attorney's fees incurred by Seller in the collection or enforcement of any indebtedness and in enforcing this guaranty.

No Waiver. The undersigned's liability shall not be affected by extension/renewals of time of payment, release/surrender of any security or this guaranty, release of any person primarily or secondarily liable, and/or delay in enforcement of payment of indebtedness or this guaranty, Seller may apply payments from Buyer or any third party, and the proceeds from the sale of any collateral or security, upon such of the items of Buyer's indebtedness, as Seller shall determine.

Notice. The undersigned waives notice of acceptance of this guaranty, notice of the extension of credit or financial accommodation, notice of amount of indebtedness, notice of any extension of the time for payment, demand for payment, notice of nonpayment, protest, notice of protest, and all other notices of every kind and nature, and agrees that this guaranty may be enforced against the undersigned without any proceedings or action against Buyer.

Integrated Agreement. The terms of this contract are intended by the parties as a final expression of their agreement with respect to such terms and also as complete and exclusive statement of such terms.
