Hi, I'm Laura Fowler. If you are reading this, probably some time in the past twenty-five years I have had the privilege and pleasure of representing you or providing training for you, your school district or a professional school or educator association in which you were a member.

I would love to continue to serve you with training and advice that I have personally designed and which can truly help you to avoid costly legal mistakes. My no-nonsense advice is practical and based upon my many years of law practice during which I have seen what does and what does **not** work in a public school setting. And I do know this: **Not making a costly legal mistake is always more cost effective than hiring lawyers to defend a mistake!** That thought guides every word that I write, and every seminar or in-service training I present.

If you, your school district or professional association would like to begin receiving cutting edge, invaluable legal information to help you make good decisions and affordable memorable training that your educators will understand, please fill out the form below and return it by mail, fax or e-mail to:
