Please notify us in advance when you are unable to attend your session. You may do this by calling the clinic appointment secretary at (409) 880-8171 (voicemail is available 24 hours a day). Because excessive absences interfere with therapy, sessions may be terminated if 3 or more absences occur within a semester or if frequent or excessive tardiness interferes with treatment.

Parking is available, including disability spaces in the parking lot of the Speech and Hearing building. A parking permit must be obtained from our clinic receptionist and placed on the dashboard of your car. Please obtain this permit and use it to avoid parking citations from the University Police.
