Independence Day (Holiday)

Holiday - Independence Day will be observed on, Thursday, July 4, 2013. Employees working an extended day whose day off occurs on the holiday may be given an in-lieu-day (eight hours only for full-time employees; prorata for less than full time employees). Instead of an in-lieu-day, an employee working the ten-hour days may be allowed to work only eight hours a day for the remaining four days of the week; an employee working nine hours a day may be allowed to work eight hours a day for the nine work days in the two-week cycle. Those employees whose scheduled ten hours include the holiday will be required to work an additional two hours sometime during the remaining four days of the week or charge vacation; those employees whose scheduled nine hours include the holiday will be required to work an additional hour some time during the two-week cycle or charge vacation.
