Exhibit 99.1

Black Box Corporation Reports Third Quarter
and YTD Fiscal 2004 Results

PITTSBURGH--(BUSINESS WIRE)--Jan. 20, 2004--Black Box Corporation (Nasdaq:BBOX) today reported for the third quarter ended December 28, 2003, diluted earnings per share of 66 cents compared to 73 cents last year, down 10%. Corresponding net income for the third quarter was \$12.2 million or 9.2% of revenues, compared to \$14.8 million or 9.7% of revenues last year. For a sequential comparison, second quarter diluted earnings per share were 64 cents with corresponding net income of \$12.1 million or 9.3% of revenues.

Total revenues for the third quarter were \$133 million, down 13% from \$153 million last year. For a sequential comparison, second quarter revenues were \$129 million.

Third quarter cash provided by operating activities was \$16 million or 128% of net income, compared to \$27 million or 183% of net income last year. Third quarter free cash flow was \$19 million compared to \$28 million last year. For a sequential comparison, second quarter cash provided by operating activities was \$16 million and free cash flow was \$20 million. The third quarter's free cash flow of \$19 million was used towards: Black Box stock repurchases of \$16 million; dividend payments of \$1 million; debt reduction of \$1 million; and a cash on hand increase of \$1 million. Management believes that free cash flow, defined by the Company as cash provided by operating activities less net capital expenditures, plus proceeds from option exercises, plus or minus foreign currency translation adjustments, is an important measurement of liquidity as it represents the total cash available to the Company.

For the nine months ended December 28, 2003, diluted earnings per share were \$1.90 compared to \$2.17 last year, down 12%. Corresponding net income for the nine months was \$35.7 million or 9.1% of revenues, compared to \$44.5 million or 9.5% of revenues last year.

Total revenues for the nine months were \$391 million, down 17% from \$470 million last year.

Cash provided by operating activities for the nine months was \$46 million or 130% of net income, compared to \$69 million or 154% of net income last year. Free cash flow was \$55 million compared to \$71 million last year. The nine-month free cash flow of \$55 million and \$4 million of cash on hand was used towards: Black Box stock repurchases of \$52 million; dividend payments of \$3 million; debt reduction of \$3 million; and merger obligations of \$1 million.

In accordance with SEC Regulation G, the attached financial charts include a reconciliation of non-GAAP financial measures in this release to the most directly comparable GAAP measures.

Commenting on the third quarter results, Fred C. Young, Chief Executive Officer, said, "We are pleased with our sequential revenue growth, particularly in light of historical seasonality. Profits and cash flow remain strong. The key to this success centers around the consistent execution of world-class technical support services, our traditional customer-focused staple."

The Company will conduct a conference call beginning at 10:45 a.m. Eastern Time today, January 20, 2004. Fred Young, Chief Executive Officer, will host the call. To participate in the call, please dial 612-326-1003 approximately 15 minutes prior to the starting time and ask to be connected to the Black Box Earnings Call. A replay of the conference call will be available for one week after the teleconference by dialing 320-365-3844 and using access code 713084.

Any forward-looking statements contained in this release are made pursuant to the safe harbor provisions of the Private Securities Litigation Reform Act of 1995. Forward-looking statements are inherently subject to a variety of risks and uncertainties that could cause actual results to differ materially from those projected, including levels of business activity and global economic conditions. Additional risk factors are included in the Company's Annual Report on Form 10-K. Any information, which is not historical in nature, constitutes such forward-looking statements and speaks only as of the date of this release.

Black Box is the world's largest technical services company dedicated to designing, building and maintaining today's complicated network infrastructure systems. Black Box services 150,000 clients in 132 countries with 117 offices throughout the world.
