CERTIFICATE PROVISIONS

The Policy

The Policy is the group contract between Us and the Policyholder whose provisions govern the insurance provided to the Insured. This Certificate is not an insurance policy. It is evidence of the Coverage provided to the Insured. In case of differences or errors, the provisions of The Policy control. The Policy may be changed at any time by a written agreement between Us and the Policyholder.

Statements Are Not Warranties

All statements made by or for the Insured in the enrollment are considered to be representations and not warranties. No statement will be used in any contest unless a copy of the enrollment data has been furnished to You or the Insured or to the Insured's Beneficiary.

Contestability

Except for failure to pay premiums, We will not contest the validity of Coverage under The Policy after two years:

- a. from the Date of Issue; or
- b. from the effective date of the last reinstatement, if any.

Termination of Coverage on an Insured

Coverage on an Insured will terminate:

1. If any premium payable by You is not paid within the grace period. The Coverage will terminate the day after the 31 day grace period.
2. On the date We receive Your written request to terminate the Coverage.
3. On the date the Insured dies.
4. When the Insured reaches age 121.
5. On the date The Policy terminates subject to the Portability Privilege.

Portability Privilege

We will provide portability Coverage subject to these provisions.

Such Coverage will not be available for a Covered Person unless:

- 1) The Insured's Lifetime Benefit Term Insurance under the Policy terminated because the Policy was cancelled or the Insured is no longer eligible for payroll deduction; and
- 2) We receive a written request and payment of the first premium for the portability Coverage no later than 60 days after such termination; and
- 3) The request is made on a form we furnish or approve for that purpose.

No portability Coverage will be provided if Your Coverage terminated due to failure to pay premium.

If the Insured's age or tobacco usage has been misstated, the amount payable will be the amount that the premium paid would have purchased at the correct age and/or tobacco usage.

Suicide Exclusion

If the Insured commits suicide, while sane or insane, within two years from the Date of Issue, and while this Coverage is in force, We will pay in one sum to the Beneficiary, the amount of premiums paid for this Coverage.

Certificateholder's Rights

The Policy provides that while the Insured is living, You may exercise all rights given to You by The Policy or allowed by Us. These rights include assigning this Coverage, changing the Beneficiary, changing the Certificateholder, enjoying all The Policy benefits and exercising all The Policy options.

The consent of any Irrevocable Beneficiary is needed to exercise any right except the right to:

- a. Change the frequency of premium payments, or;
- b. Reinstate this Coverage after Lapse.

Assignment

The Policy provides that You may assign Your rights to the Coverage under the Certificate. For any assignment to be binding on Us, We must receive the original Assignment, or a signed certified copy at Our Administrative Office and it must be recorded by Us. Once We receive the original Assignment, or a signed certified copy, Your rights and the interest of any Beneficiary or any other person will be subject to the assignment. We will not be responsible for the validity of any assignment. We are not liable for any payment made by Us before We record the assignment.

Change of Certificateholder or Beneficiary

The Policy provides that the Certificateholder or any Beneficiary may be changed during the Insured's lifetime. We do not limit the number of changes that may be made. To make a change, a written request, satisfactory to Us, must be received at Our Administrative Office. The change will take effect as of the date the request is signed by all required parties, even if the Insured dies before We receive it. Each change will be subject to any payment We made or other action We took before receiving the request. If the Certificateholder dies prior to the Insured, the Insured will become the Certificateholder.

Death of Beneficiary in Common Disaster

If any Beneficiary dies with the Insured in a common disaster, death benefits will be paid as if the Beneficiary predeceased the Insured.

Legal Actions

You cannot bring a legal action to recover benefits under Your Certificate for at least 60 days after You have given Us written Proof of Loss. You cannot start such an action after the expiration of the applicable statute of limitations from the date Proof of Loss is required.

PREMIUMS**Payment of Premiums**

Premiums are payable in advance to Us. The first premium is due on the Date of Issue. Each subsequent premium is due when the period covered by the preceding premium ends. The amount and frequency of premium payments are shown in the Certificate Schedule.

Grace Period

After the first premium has been paid, We allow a 31 day Grace Period to pay each subsequent premium. During this Grace Period the Coverage remains in full force. If the Insured dies during the Grace Period, We will deduct the unpaid premium from the benefits of this Coverage.

Non-Payment of Premium Options

If You do not pay the premium due by the end of the Grace Period, the Coverage will Lapse. If the Coverage Lapses and premiums have not been paid through the Vesting Period, Coverage will terminate without value. If the Coverage Lapses and premiums have been paid through the Vesting Period it will Lapse with paid-up term insurance Coverage equal to the sum of the Guaranteed and Deferred Paid-Up Term insurance as described in the Death Benefit provision.

Reinstatement

Coverage may be reinstated, while the Insured is alive, at any time within five years after the date of Lapse subject to Our acceptance of Your application for reinstatement. However, the Coverage cannot be reinstated on or after the Expiry Date.

If You pay the premium due within 60 days of the due date (within 29 days after the end of the Grace Period) and during the Insured's lifetime, the Coverage will be reinstated without Evidence of Insurability.

If You do not pay the premium due within 60 days of the due date (within 29 days after the end of the Grace Period) Reinstatement will be subject to Evidence of Insurability satisfactory to Us. All overdue premiums must be paid with interest compounded annually at 6% from their due dates to the date of reinstatement.

THE DEATH BENEFIT

Subject to a written claim form as furnished by Us, We will pay the Death Benefit within 30 days of when We receive due proof at Our Administrative Office that the Insured died while the Coverage was in force. If payment is delayed for 30 days or more, We will pay interest at a rate of 2.5% on the amount We owe.

Death Benefits available to an Insured are determined in accordance with the Death Benefit provision of this Certificate. The Guaranteed Death Benefit, Deferred Paid-Up Term Death Benefits and One Year Term Insurance for a given Insured will vary according to Issue Age, Mortality Table, Rate Class, Premium and Non-Guaranteed Credits described in the Certificate. Given the variability of these factors, the Guaranteed Death Benefit, Deferred Paid-Up Term Death Benefits and One Year Term Insurance for a given Insured are only illustrated in the Certificate Schedule and Illustration issued to You. The following provisions govern the calculation of the Death Benefit:

Guaranteed Death Benefit

While premiums are being paid, the Policy provides for an initial level Guaranteed Death Benefit. After the Initial Guaranteed Death Benefit Period, the Guaranteed Death Benefit is reduced. The Guaranteed Death Benefits and Periods are shown in the Certificate Schedule.

The Guaranteed Death Benefit is equal to the sum of the Guaranteed Paid-Up Term Death Benefit and the Decreasing Term Death Benefit. The Guaranteed Death Benefit Coverage terminates without value at the Expiry Date shown in the Certificate Schedule.

Guaranteed Paid-Up Term Death Benefit

The Guaranteed Paid-Up Term Death Benefit is equal to the accumulated amount of paid-up term insurance purchased by a level portion of the Coverage annual premium. This premium is shown on the Certificate Schedule. During the Vesting Period, the premium loads shown in the Certificate Schedule reduce this level portion of the premium. The table of Guaranteed Paid-Up Term Death Benefits is shown in the Certificate Schedule.

If the Coverage lapses during the Vesting Period, the Coverage will terminate with no value. If the Coverage lapses after the Vesting Period accumulated paid-up term insurance Coverage will remain in force until the Expiry Date.

Decreasing Term Death Benefit

The Decreasing Term Death Benefit is equal to the Guaranteed Death Benefit minus the Guaranteed Paid-Up Term Death Benefit. The Decreasing Term Death Benefit terminates when premiums are no longer being paid.

Deferred Paid-Up Term Death Benefit

We may purchase a non-guaranteed Deferred Paid-Up Term Death Benefit on each Coverage Anniversary while the Coverage is premium paying. A Deferred Paid-Up Term Death Benefit will not provide an increase in the death benefit while the Coverage is premium paying except as noted in the One Year Term Death Benefit provision. It will increase the paid-up death benefit available upon termination of premium payments, provided that premium payments are paid through the Vesting Period. The company will declare Non-guaranteed Credits in advance of each Certificate Year that will be used to purchase the Deferred Paid-Up Term Death Benefit.

Non-guaranteed Credits

Credits are based upon interest and mortality more favorable than that guaranteed by The Policy. The total credit on each anniversary is equal to the sum of the Mortality, Survivor and the Excess Interest Credits. These Credits may not be less than zero.

The Mortality Credit is equal to i times ii times iii divided by iv:

- i. The Guaranteed Death Benefit.
- ii. The guaranteed mortality rate minus the current mortality rate.
- iii. One plus the current interest rate raised to the one half power.
- iv. One minus the current mortality rate.

The Survivor Credit is equal to i times ii times iii divided by iv:

- i. The Deferred Paid-Up Term Death Benefit on the prior anniversary.
- ii. The current mortality rate.
- iii. One plus the current interest rate raised to the one half power.
- iv. One minus the current mortality rate.

The Excess Interest Credit is equal to i times ii times iii:

- i. The sum of the Guaranteed and non-guaranteed Deferred Paid-Up Term Death Benefit on the prior anniversary.
- ii. The current interest rate minus the guaranteed interest rate.
- iii. The net single premium rate for paid-up term insurance.

The Guaranteed Death Benefit, current mortality rate, net single premium rate and interest rate for calculating the above Credits are determined as of the prior anniversary and are based upon rates declared in advance of the Certificate Year. Current rates are based upon Our future expectations of mortality and interest and are not calculated to recover past losses or distribute past profits. If We change current rates on in force Coverage under The Policy, the changes will be made uniformly for all insureds for a given age, Duration, Mortality Table and Rate Class as shown in the Certificate Schedule.

The additional Deferred Paid-Up Term Death Benefit as of the current anniversary is equal to the amount of Deferred Paid-Up Term Death Benefit on the prior anniversary plus the sum of the total Credits divided by the net single premium rate for paid-up term insurance on the current anniversary. If at any anniversary the sum of the

Guaranteed Paid-Up Term Death Benefit and the Deferred Paid-Up Term Death Benefit would exceed the Initial Guaranteed Death Benefit, then premiums will be refunded to the point that the sum is equal to the Initial Guaranteed Death Benefit.

Once earned, the Deferred Paid-Up Term Death Benefit is guaranteed and will not decrease except in years where it is used to purchase One Year Term insurance.

One Year Term Insurance

After the Initial Guaranteed Death Benefit Period, a portion of the value of the non-guaranteed Deferred Paid-Up Term Death Benefit will be used on each anniversary to purchase One Year Term Insurance equal to the reduction in the Guaranteed Death Benefit. If there is not enough value to purchase One Year Term Insurance equal to the reduction in the Guaranteed Death Benefit then as much One Year Term Insurance as the value will allow will be purchased.

The One Year Term Insurance premium is equal to i divided by ii:

- i. Current mortality rate
- ii. One plus the current interest rate raised to the one half power,

Where the current mortality rate and interest rate is determined as of the current anniversary.

The amount of Deferred Paid-Up Term Death Benefit will be reduced by the amount needed to pay the One Year Term Insurance Premium based upon the net single premium rate for paid-up term insurance.

Early Fully Paid-Up Coverage

If the sum of the Guaranteed and Deferred Paid-Up Term Death Benefit is greater than or equal to the Initial Guaranteed Death Benefit prior to age 100, the Coverage will become paid-up for an amount equal to the Initial Guaranteed Death Benefit. Premiums will be refunded to the point in time that the sum of the Guaranteed and Deferred Paid-Up Term Death Benefit was equal to the Initial Guaranteed Death Benefit. No further premium payments will be due.

Death Benefit Calculations

In any Certificate Year, while premiums continue to be paid, the amount payable upon death of the Insured will be:

- a. Guaranteed Death Benefit in effect, in that year; plus
- b. After the Initial Guaranteed Death Benefit Period, One Year Term Insurance, if any; plus

- e. any unpaid premium due and unpaid at the date of death.

- b. the Deferred Paid Up Term Benefit, if any; plus

The Death Benefit will be reduced by any payment made under this provision.

COVERAGE VALUES**Basis of Values**

All paid-up term insurance amounts, present values and net single premiums for The Policy are based on the Mortality Table and interest rate shown on the Certificate Schedule. Calculations take into account that premiums are paid annually and that Death Benefits are payable uniformly throughout the Certificate Year. Any additional benefits provided by Riders shall be excluded from these calculations.

Certificate Schedule of Guaranteed Values

The Certificate Schedule of Guaranteed Values shows the guaranteed values at the beginning of the Certificate Year on the assumption that premiums have been fully paid in cash for the completed years stated.

If premiums for this Coverage are paid other than annually, adjustments will be made in calculating guaranteed Paid-Up term insurance values for that portion of the Certificate Year for which premiums were actually paid.

Guaranteed paid-up term insurance values for the end of any Coverage Year not shown in the table will be furnished upon written request to the Administrative Office.

COVERAGE AND EXPIRY DATES: The Coverage and Expiry Dates of this Rider are shown on the Certificate Schedule or Endorsement. This Rider will not be in effect unless the Coverage to which it is attached becomes effective.

The Death Benefit Amount applies to each Dependent Child.

REINSTATEMENT: This Rider may be reinstated upon reinstatement of the Coverage if satisfactory Evidence Of Insurability is furnished to us with respect to each Dependent Child and for each Insured within 15 days of the reinstatement of the Coverage. The death of a Dependent Child before the date of the reinstatement or Evidence Of Insurability unsatisfactory to us with respect to a Dependent child shall not preclude the reinstatement of the Coverage and this Benefit on the lives of those for whom the Evidence Of Insurability is satisfactory to us.

BENEFICIARY: The Certificateholder is the Beneficiary, if living. If the Certificateholder is not living, the Certificateholder's spouse shall be the Beneficiary. CONVERSION: You may convert the Coverage of a Dependent child within 30 days of the earlier of the Dependent Child's 26th birthday or the Anniversary of the Date of Issue which is on or next following the Insured's 75th birthday. We must receive written application and the first premium for the new Coverage while the Dependent Child is alive and still Insured under this Rider.

The Conversion may be to the same plan as the original Certificate to which this Rider is attached, or to another plan.

The face amount of the new coverage will be no more than five times the Benefit Amount payable under this Rider for the Dependent child, but no less than \$5,000.

Premium for the new coverage will be based on the age, gender and rate class of the Dependent Child on the Date of Issue of the new coverage.

There will be no Evidence Of Insurability required for the conversion. However, if additional Riders are requested on the new policy, the Dependent Child must provide Evidence Of Insurability satisfactory to us. Coverage for any Dependent Child under this Rider terminates upon Conversion of that Dependent Child.

ACCELERATED DEATH BENEFIT FOR TERMINAL ILLNESS RIDER

There is no additional premium charge for this Rider.

RIDER PART OF COVERAGE: This Rider is part of Your Coverage provided in response to Your enrollment form and payment of premiums. Those premiums are shown on the Certificate Schedule or Endorsement. All the provisions of the Certificate apply to this Rider unless otherwise stated herein.

IMPORTANT DISCLOSURES:

Death benefits, cash-values, and loan values, if any, will be reduced if an Accelerated Death Benefit for Terminal Illness is paid. The Accelerated Death Benefit for Terminal Illness, related charges, interest, discounts or liens, if applicable and the balance of the Death Benefit of the life insurance contract shall constitute full settlement on maturity of the face amount of the contract. For term contracts, no maturity payment is available at the end of the term period.

The Accelerated Benefit offered under this Rider may or may not qualify for favorable tax treatment under the Internal Revenue Code of 1986. Whether such benefits qualify depends on factors such as the Insured's life expectancy at the time benefits are accelerated or whether You use the benefits to pay for the Insured's necessary long-term care expenses, such as nursing home care. If the Accelerated Benefit qualifies for favorable tax treatment, the benefit will be excludable from Your income and not subject to federal taxation. Tax laws relating to Accelerated Benefits are complex. You are advised to consult with a qualified tax advisor about circumstances under which You could receive Accelerated Benefits excludable from income under federal law.

Receipt of an Accelerated Death Benefit may affect You and Your spouse or family's eligibility for public assistance programs such as medical assistance (Medicaid), Aid to Families with Dependent Children (AFDC), supplementary social security income (SSI), and drug assistance programs. You are advised to consult with a qualified tax advisor and with social service agencies concerning how receipt of such a payment will affect You, Your spouse and family's eligibility for public assistance.

DEFINITIONS:

- **Accelerated Death Benefit:** This is the amount of the Death Benefit that You can elect to receive when the Insured is determined to be Terminally Ill. We will pay this Accelerated Death Benefit for Terminal Illness less the amount of the current administrative fee.
- **Terminally Ill:** This is when the Insured has a life expectancy of 12 months or less due to an illness or physical condition. We will require proof that the Insured is Terminally Ill. This proof will include, but is not limited to, certification by a Physician.
- **Physician:** A licensed, medical practitioner performing within the scope of his or her license. A Physician may not be You, the Insured, or related to either by blood or marriage.

ACCELERATED DEATH BENEFIT FOR TERMINAL ILLNESS:

After the Contestability Period is completed, You may elect to have a portion of the Death Benefit accelerated. The Insured must be found to be Terminally Ill subject to the terms and conditions described in this Rider.

The Maximum Accelerated Death Benefit for Terminal Illness is determined as of the date proof of life expectancy is received, and is the lessor of:

- 50% of the Death Benefit provided to the insured by the Certificate after subtraction of any previous accelerated Death Benefits paid to You; or
- \$100,000

The minimum amount You may elect as an advance under the Accelerated Death Benefit for Terminal Illness is \$2,500. The total amount you may elect from all accelerated death benefit provisions available from coverage issued by Combined Insurance Company of America on the life of the Insured is \$100,000.

ACCELERATED DEATH BENEFIT FOR TERMINAL ILLNESS RIDER

Continued from previous page.

LIEN:

We will treat the Accelerated Death Benefit for Terminal Illness payment as a lien against Your Coverage. We will charge monthly interest on the Accelerated Death Benefit for Terminal Illness that will be added to the Lien. The maximum annual rate of interest we will charge will be the greater of:

- 7%, or;
- The current 90 day US Treasury Bill rate in effect on the date that the Accelerated Death Benefit for Terminal Illness is paid.

In the event that Coverage under a Certificate lapses for nonpayment of premium, Coverage will terminate and no repayment of the Lien is required.

ADJUSTMENTS: We will charge an administrative fee of not more than the limit set by law, for processing an Accelerated Death Benefit for Terminal Illness. This fee will be deducted from any payment made.

EFFECT ON THE CERTIFICATEHOLDER'S COVERAGE:

The Death Benefit payable under the Certificate will be reduced by the total amount of the Lien against Your Coverage.

The premiums payable for the Certificate and any attached Riders will not be reduced and will continue to be payable by You.

CONDITIONS:

Payment of an Accelerated Death Benefit for Terminal Illness under this Rider is subject to these conditions:

1. This Rider is subject to the terms and conditions of the Certificate.
2. The Insured must not be Terminally Ill due to an attempt of suicide for as long as the suicide provision of the Certificate is in effect. This benefit may be reinstated subject to the same terms which apply to the Certificate.
3. Your written request to elect the Accelerated Death Benefit for Terminal Illness available under this Rider must be received at Our Administrative Office. Upon receipt of Your request, We will mail a claim form for completion by the Insured, to your address of record within 10 working days.
4. If you have named an Irrevocable Beneficiary or assignee, they must also sign the written request for this benefit.
5. You must provide Us with certification by a Physician, that the Insured is Terminally Ill. We reserve the right to obtain a second medical opinion at Our expense. If there is a conflict of opinions, a third diagnosis will be obtained by a Physician acceptable to both You and Us. The third diagnosis will be binding on both You and Us.

CERTIFICATEHOLDER'S RIGHTS:

The request for payment of any Accelerated Death Benefit for Terminal Illness is voluntary. This Rider is not intended to allow third parties to cause You to involuntarily reduce Your Coverage Proceeds that would be payable to Your Beneficiary. Therefore, any election that is forced by creditors or government agencies will be honored only to the extent required by law.

TERMINATION:

This Rider will terminate on the earliest of:

1. the date We pay the Maximum Accelerated Death Benefit for Terminal Illness;

BENEFITS

MONTHLY ACCELERATED DEATH BENEFIT FOR CONFINEMENT, HOME HEALTH CARE, OR ADULT DAY CARE: The benefit amount for Confinement, Home Health Care, or Adult Day Care, will be 4% of the Face Amount of the Certificate as of the first of the month following the date the Insured became eligible for this benefit less any lien effective at that time. We will pay this benefit after We receive the required proof that the Insured has met the Conditions on Eligibility for Long Term Care Benefits. The benefit will be payable for each Certificate month while the Insured continues to meet the eligibility requirements. Benefit payments will be subject to the Remaining Accelerated Death Benefit Amount.

REMAINING ACCELERATED DEATH BENEFIT AMOUNT: The Monthly Accelerated Benefit may not be larger than the Remaining Accelerated Death Benefit Amount. The Remaining Accelerated Death Benefit Amount equals:

1. the current death benefit on the life of the Insured provided by the Certificate; less
2. any Lien resulting from a Terminal Illness benefit paid to You under a Terminal Illness Rider; less
3. the total of all previous Monthly Accelerated Death Benefit Amounts paid to You for Long Term Care benefits under this Rider.

The current death benefit as used here does not include accidental death benefits or life insurance provided by any other Riders.

WAIVER OF PREMIUM: While the Insured is eligible for Monthly Accelerated Death Benefits, We will waive the premiums due for the Coverage provided by the Certificate and the premiums for Riders attached to the Certificate.

EFFECT ON THE CERTIFICATE IF LONG TERM CARE BENEFITS ARE PAID

ADJUSTED DEATH BENEFIT DUE TO ACCELERATION: The death benefit that is payable at the death of the Insured will be reduced by the total of all previous Long Term Care Benefit payments to You. The Death Benefit will further be reduced by any Lien resulting from a Terminal Illness benefit paid to You. If the Insured dies while the Certificate is in force, the remaining Death Benefit proceeds will be paid to the Beneficiary. No further payments under this Rider will be made to You.

ADJUSTED PREMIUMS DUE TO ACCELERATION: While the Insured is eligible for a Monthly Accelerated Death Benefit, We will waive the premiums due for the benefits provided to You by the Certificate. If the Insured later becomes ineligible for a Monthly Accelerated Death Benefit and a Maximum Remaining Accelerated Death Benefit Amount is still available, We will reduce the premium due for the Coverage and this Rider. That reduced premium equals (1) multiplied by (2), plus (3):

1. The premium due on the Coverage provided by the Certificate and the benefits for this Rider;
2. The ratio of the Adjusted Death Benefit plus any Terminal Illness lien to the current death benefit for the certificate;
3. The current premium for any other Riders attached to the Coverage.

TERMINATION OF COVERAGE DUE TO ACCELERATION: If the Maximum Remaining Accelerated Death Benefit Amount is reduced to zero or less, either due to payment of a Monthly Accelerated Death Benefit or due to a reduction in the death benefit provided under the Certificate, the Coverage provided by the Certificate and any Riders will terminate with no further benefits payable.

RESTRICTION ON CHANGES TO CERTIFICATE AND RIDERS: While the Insured is eligible for a Monthly Accelerated Death Benefit no changes may be made to the Coverage provided by the Certificate or to any Rider attached to the Coverage.

EFFECT ON ACCIDENTAL DEATH BENEFIT RIDER: While the Coverage is in force, any Accidental Death benefit under the Certificate will not be affected by the acceleration of benefits under this Rider.

MONTHLY REPORT SHOWING EFFECT OF RIDER BENEFITS: While Rider benefits payments are being paid, We will provide You with a monthly report that shows the effect each Rider benefit payment has on Coverage values.

EXCLUSIONS

We will not pay Rider benefits for care that is received or loss incurred as a result of:

1. an intentionally self-inflicted injury, or attempted suicide; or
2. war or any act of war, declared or undeclared, or service in the armed forces of any country; or
3. treatment of the Insured's alcohol, drug or other chemical dependence, except if the drug dependency was sustained or acquired at the hands of a Physician, or except while under treatment for an injury or sickness; or
4. the Insured's commission of, or attempt to commit, a felony; or an injury that occurs because of the Insured's involvement in an illegal activity.

We will not pay Rider benefits if the Confinement, Home Health Care service, or Adult Day Care service:

1. is received outside the United States and its territories; or
2. is provided by ineligible providers; or
3. is rendered by members of the Certificateholder's or the Insured's Immediate Family.

LIMITATIONS

The following limits apply to payment of an Accelerated Death Benefit under this Rider:

1. We will not pay any Accelerated Death Benefit before the end of the Elimination Period.

Any such periodic Written Proof of Loss will not be required more frequently than once every 31 days. Written Proof of Loss means billing statements, invoices, or payment receipts to prove that the Insured was Confined or received Home Health Care or Adult Day Care services in accordance with a Plan of Care. Written Proof of Loss also means certification by a Physician that the Insured is Chronically Ill. Examples of Written Proof of Loss include Physician certification, Plan of Care records, attending Physician reports, medical records; and similar written documentation.

PHYSICAL EXAMINATION: At Our expense, We reserve the right to have a Licensed Health Care Practitioner of Our choosing examine the Insured while a claim is pending to determine the Insured's eligibility for benefits. In the event that the Licensed Health Care Practitioner We choose provides a different diagnosis of the Insured's condition, We reserve the right to rely on the certification from the Physician of Our choosing for claim purposes.

TIME OF PAYMENT OF CLAIMS: All benefits described in this Rider will be paid monthly provided We have received Written Proof of Loss satisfactory to Us.

PAYMENT OF CLAIMS: All Rider benefits will be paid to You, unless You designate a different payee.

ADJUSTMENT OF THE DEATH BENEFIT: If Rider benefit payments are paid after the Insured has died, but before notification of death has been received by the Company, We will reduce the Death Benefit by the amount of these Rider benefit payments.

Also, no legal action may be brought to recover under this Rider more than 3 years from the time Written Proof of Loss is required to be furnished.

YOUR PRIVACY IS OUR TRUST

Combined Insurance Company of America
Brad Bennett, President

HOW WE FEEL ABOUT PRIVACY

When you applied to Combined Insurance Company of America, you entrusted us with some personal information. Like you, we are concerned with privacy and its protection. Therefore, we want you to know about our procedures for protecting privacy, and your rights and responsibilities regarding recorded information. As our customer, we want you to understand how we gather information, how we protect it, and how its accuracy can be ensured.

WHAT KIND OF INFORMATION IS COLLECTED

We get most of our information directly from you. Usually, the application you complete gives us all the information we need to evaluate that application. However, in some instances, additional information may be required. In that case, we may obtain information from outside sources at our own expense. For example, we may ask a doctor who has treated the insured to confirm or give us more details about medical information you have given us. Similarly, information may also be requested from an insurance support organization, such as the Medical Information Bureau (MIB). A Medical Information Bureau Disclosure Statement is being furnished to you at the time of this application.

In some cases, we may ask an independent source to help us verify information and add to information given on an application. There are many such companies, which are commonly called "consumer reporting agencies," which are in the business of being an outside, independent source of information to insurance companies. If we retain an agency to gather information for us, we will choose one that is discreet and impartial. The reports which would be prepared by such an agency are used to help us decide if the insured qualifies for the insurance applied for. When it is applicable, such a report could include information such as marital status, driving record, job duties, drug or alcohol use or dangerous sport activities.

The information we receive from an independent reporting agency will be treated in the same confidential way in which we treat the information you gave us on your application. However, the information collected by the agency may be retained by them and later shared with others who use these reports. It will be given to others only to the extent permitted by the Federal Fair Credit Reporting Act and your state's Fair Credit Reporting Act, if it has one.

If we use an independent reporting agency to prepare a report, the insured has the right to be personally interviewed by them. Information given the agency during an interview will be included in the report sent to us. If the insured wishes to be interviewed, please tell us how the agency can contact him, and every effort will be made to interview him. Even if the insured is not interviewed, the insured has the further right to request that the reporting agency provide him with a copy of the report it makes. Write us at the address at the end of this notice and we will give you the name and address of any agency we have used to prepare a report so that the insured can contact them directly to find out more about that report.

WHO HAS ACCESS TO THE INFORMATION WE COLLECT

In some circumstances, Combined is authorized or required by law to make disclosures of personal information to third parties, without the insured's authorization. Following are some of the persons or organizations to whom certain items of information might be disclosed: (Please note: This does not mean that all or any of these disclosures have been or will be made about the insured.)

Combined may disclose information about the insured to a person or business to enable them to perform a business, professional or insurance function for us. For example, Combined may disclose personal information to a lawyer or reinsurer who performs a business or professional service for us. We may also disclose information about the insured to an affiliated Combined company, to other insurance companies or to insurance support organizations. These disclosures are limited to the information necessary for the organization to perform its function in connection with an insurance transaction. For instance, your Combined agent will have access to some information in order to provide the insured with adequate service. Also, if we use a consumer reporting agency, we may disclose to them information relating to the insured's identity and perhaps information relating to the type and amount of coverage applied for or in force. Combined in limited circumstances may disclose information about the insured to a medical care institution or a medical professional for the purpose of informing the insured of a medical problem of which he may not be aware.

Combined may also disclose information about the insured to an insurance regulatory authority, such as your State Insurance Department. Too, Combined may disclose information about the insured to a law enforcement or other governmental authority. This will be done only to prevent or prosecute the perpetration of fraud or if we believe that illegal activities have been conducted. We will also disclose information to law enforcement or other governmental authorities where permitted or required by law to do so.

Various industry and professional organizations conduct scientific and actuarial research studies to learn more about the risk experience of our insureds. Other organizations conduct studies relating to medical research. These studies are purely scientific in nature, never identify individuals in their reports, and always maintain information provided in a highly confidential manner. When asked to provide information to such organizations, we ordinarily will do so because the results of such studies are of benefit to our customers and to the public at large.

Combined may also disclose certain information to a person who will only use the information as an aid in the marketing of a product or service. However, no medical-record information, privileged information, or personal information relating to the insured's character, personal habits, mode of living or general reputation will be disclosed. In addition, the insured must be given an opportunity to indicate whether he wants personal information disclosed for marketing purposes. Information may

also be disclosed to an affiliate of Combined for use in connection with their marketing activities or in connection with an audit of Combined. Our affiliates will not disclose the information to persons outside our organization.

Please be assured that the above describes some of the disclosures which *may* be made, not disclosures which are always or even often made. In any event, the information disclosed without the insured's authorization will be only as much as is reasonably necessary to accomplish the intended purpose.

California Residents – Your state law requires financial institutions to obtain your consent prior to sharing information about you with non-affiliated third parties. Except as permitted by law, we will not share information we collect about you with non-affiliated third parties while you are a resident of California.

ACCESS TO AND CORRECTION OF INFORMATION IN OUR FILES

The insured has a right upon written request to us to either see and copy in person or to obtain a copy from us by mail of whatever recorded personal information we have about him in our files. The insured must properly identify himself when making this written request by supplying us with his full name, address, a reasonable description of the information requested, and numbers of all policies about which he is seeking the information. We will, within thirty business days from the date we receive the request, allow the insured to see and copy this information in person or send him a copy of the information if it is reasonably locatable and retrievable by us.

We will also tell the insured the identity, if known, of those persons to whom we have disclosed this personal information within the two years prior to his request. If the identity of these persons is not known, we will tell the insured the names of those persons to whom we normally disclose such information.

Medical record information contained about the insured in our files which is requested, as well as the identity of the medical professional or medical care institution which provide the information, will be disclosed by us either directly to the insured or to a medical professional designated by the insured who is licensed to provide medical care whichever the insured prefers. At the time we will provide this information to the designated medical professional, we will also notify the insured of this disclosure.

In some circumstances our obligations regarding access to recorded personal information may be satisfied by referring the insured to an insurance-support organization.

A fee of \$5.00 will be charged to cover our costs in providing the recorded personal information to the insured.

The insured has a right to make a written request of us to correct, amend, or delete any recorded personal information about him in our possession. If the insured makes such a written request, we will within thirty business days from the date we receive it, either correct, amend or delete the portion of the recorded personal information that is in dispute or notify the insured of our decision not to do so, the reasons for this decision and the insured's right to file a supplementary statement disagreeing with our position.

If we agree to correct, amend or delete the recorded personal information in our possession about the insured, we will notify him in writing. We will furnish the correction, amendment or deletion to any person the insured specifically designates who may have within the preceding two years received the information from us. The correction, amendment or deletion will also be furnished to any support organization which

systematically receives such information from Combined and still maintains it about the insured and to any insurance support organization that furnished us with the information that has been corrected, amended or deleted.

If we have determined not to correct, amend or delete the recorded personal information according to the insured's request, he has the right to file a concise statement setting forth what he thinks is the correct, relevant or fair information, and a concise statement of the reasons why he disagrees with our refusal to correct, amend or delete the information. If the insured files either statement, we will file the statement with the disputed information and provide a means whereby anybody reviewing the disputed information will be made aware of the insured's statement and have access to it. We will also in any subsequent disclosure of the disputed information clearly identify the matters in dispute and provide the insured's statement along with the information being disclosed. We will also furnish the insured's statement to those persons and insurance support organizations in the same manner specified above as if we had amended, corrected, or deleted the information.

Should you have any questions about our procedures or information contained in your file, or if you do not want us to share your information for the purpose of making you aware of products and services we believe may be of interest to you, please write us at:

COMBINED INSURANCE COMPANY OF AMERICA
Life Insurance Buyer's Guide

This guide can help you when you shop for life insurance. It discusses how to:

- Find a policy that meets your needs and fits your budget
- Decide how much insurance you need
- Make informed decisions when you buy a policy

Prepared by the National Association of Insurance Commissioners. The National Association of Insurance Commissioners is an association of state insurance regulatory officials. This association helps the various insurance departments to coordinate insurance laws for the benefit of all consumers.

This guide does not endorse any company or policy.

Important Things To Consider

1. Review your own insurance needs and circumstances. Choose the kind of policy that has benefits that most closely fit your needs. Ask an agent or company to help you.
2. Be sure that you can handle premium payments. Can you afford the initial premium? If the premium increases later and you still need insurance, can you still afford it?
3. Don't sign an insurance application until you review it carefully to be sure all the answers are complete and accurate.
4. Don't buy life insurance unless you intend to stick with your plan. It may be very costly if you quit during the early years of the policy.
5. Don't drop one policy and buy another without a thorough study of the new policy and the one you have now. Replacing your insurance may be costly.
6. Read your policy carefully. Ask your agent or company about anything that is not clear to you.
7. Review your life insurance program with your agent or company every few years to keep up with changes in your income and your needs.

Buying Life Insurance

When you buy life insurance, you want coverage that fits your needs.

First, decide how much you need — and for how long — and what you can afford to pay. Keep in mind the major reason you buy life insurance is to cover the financial effects of unexpected or untimely death. Life insurance can also be one of many ways you plan for the future.

Next, learn what kinds of policies will meet your needs and pick the one that best suits you.

Then, choose the combination of policy premium and benefits that emphasizes protection in case of early death, or benefits in case of long life, or a combination of both.

It makes good sense to ask a life insurance agent or company to help you. An agent can help you review your insurance needs and give you information about the available policies. If one kind of policy doesn't seem to fit your needs, ask about others.

This guide provides only basic information. You can get more facts from a life insurance agent or company or from your public library.

What About the policy You Have Now?

If you are thinking about dropping a life insurance policy, here are some things you should consider:

- If you decide to replace your policy, don't cancel your old policy until you have received the new one. You then have a minimum period to review your new policy and decide if it is what you wanted.
- It may be costly to replace a policy. Much of what you paid in the early years of the policy you have now, paid for the company's cost of selling and issuing the policy. You may pay this type of cost again if you buy a new policy.
- Ask your tax advisor if dropping your policy could affect your income taxes.
- If you are older or your health has changed, premiums for the new policy will often be higher. You will not be able to buy a new policy if you are not insurable.
- You may have valuable rights and benefits in the policy you now have that are not in the new one.
- If the policy you have now no longer meets your needs, you may not have to replace it. You might be able to change your policy or add to it to get the coverage or benefits you now want.
- At least in the beginning, a policy may pay no benefits for some causes of death covered in the policy you have now.

In all cases, if you are thinking of buying a new policy, check with the agent or company that issued you the one you have now. When you bought your old policy, you may have seen an illustration of the benefits of your policy. Before replacing your policy, ask your agent or company for an updated illustration. Check to see how the policy has performed and what you might expect in the future, based on the amounts the company is paying now.

How Much Do You Need?

Here are some questions to ask yourself:

- How much of the family income do I provide? If I were to die early, how would my survivors, especially my children, get by? Does anyone else depend on me financially, such as a parent, grandparent, brother or sister?
- Do I have children for whom I'd like to set aside money to finish their education in the event of my death?
- How will my family pay final expenses and repay debts after my death?
- Do I have family members or organizations to whom I would like to leave money?
- Will there be estate taxes to pay after my death?
- How will inflation affect future needs?

As you figure out what you have to meet these needs, count the life insurance you have now, including any group insurance where you work or veteran's insurance. Don't forget Social Security and pension plan survivor's benefits. Add other assets you have: savings, investments, real estate and personal property. Which assets would your family sell or cash in to pay expenses after your death?

What is the Right Kind of Life Insurance?

All policies are not the same. Some give coverage for your lifetime and others cover you for a specific number of years. Some build up cash values and others do not. Some policies combine different kinds of insurance, and others let you change from one kind of insurance to another. Some policies may offer other benefits while you are still living. Your choice should be based on your needs and what you can afford.

There are two basic types of life insurance: **term insurance** and **cash value insurance**. Term insurance generally has lower premiums in the early years, but does not build up cash values that you can use in the future. You may combine cash value life insurance with term insurance for the period of your greatest need for life insurance to replace income.

Term Insurance covers you for a term of one or more years. It pays a death benefit only if you die in that term. Term insurance generally offers the largest insurance protection for your premium dollar. It generally does not build up cash value.

You can renew most term insurance policies for one or more terms even if your health has changed. Each time you renew the policy for a new term, premiums may be higher. Ask what the premiums will be if you continue to renew the policy. Also ask if you will lose the right to renew the policy at some age. For a higher premium, some companies will give you the right to keep the policy in force for a guaranteed period at the same price each year. At the end of that time you may need to pass a physical examination to continue coverage, and premiums may increase.

You may be able to trade many term insurance policies for a cash value policy during a conversion period — even if you are not in good health. Premiums for the new policy will be higher than you have been paying for the term insurance.

Cash Value Life Insurance is a type of insurance where the premiums charged are higher at the beginning than they would be for the same amount of term insurance. The part of the premium that is not used for the cost of insurance is invested by the company and builds up a cash value that may be used in a variety of ways. You may borrow against a policy's cash value by taking a policy loan. If you don't pay back the loan and the interest on it, the amount you owe will be subtracted from the benefits when you die, or from the cash value if you stop paying premiums and take out the remaining cash value. You can also use your cash value to keep insurance protection for a limited time or to buy a reduced amount without having to pay more premiums. You also can use the cash value to increase your income in retirement or to help pay for needs such as a child's tuition without canceling the policy. However, to build up this cash value, you must pay higher premiums in the earlier years of the policy. Cash value life insurance may be one of several types; whole life, universal life and variable life are all types of cash value insurance.

Whole Life Insurance covers you for as long as you live if your premiums are paid. You generally pay the same amount in premiums for as long as you live. When you first take out the policy, premiums can be several times higher than you would pay initially for the same amount of term insurance. But they are smaller than the premiums you would eventually pay if you were to keep renewing a term policy until your later years.

Some whole life policies let you pay premiums for a shorter period such as 10 years, or until age 65. Premiums for these policies are higher since the premium payments are made during a shorter period.

Universal Life Insurance is a kind of flexible policy that lets you vary your premium payments. You can also adjust the face amount of your coverage. Increases may require proof that you qualify for the new death benefit. The premiums you pay (less expense charges) go into a policy account that earns interest. Charges are deducted from the account. If your yearly premium payment plus the interest your account earns is less than the charges, your account value will become lower. If it keeps dropping, eventually your coverage will end. To prevent that, you may need to start making premium payments, or increase

your premium payments, or lower your death benefits. Even if there is enough in your account to pay the premiums, continuing to pay premiums yourself means that you build up more cash value.

Variable Life Insurance is a kind of insurance where the death benefits and cash values depend on the investment performance of one or more separate accounts, which may be invested in mutual funds or other investments allowed under the policy. Be sure to get the prospectus from the company when buying this kind of policy and **STUDY IT CAREFULLY**. You will have higher death benefits and cash value if the underlying investments do well. Your benefits and cash value will lower or may disappear if the investments you chose didn't do as well as you expected. You may pay an extra premium for a guaranteed death benefit.

Life Insurance Illustrations

You may be thinking of buying a policy where cash values, death benefits, dividends or premiums may vary based on events or situations the company does not guarantee (such as interest rates). If so, you may get an illustration from the agent or company that helps explain how the policy works. The illustration will change as interest rates and other factors change. The illustration will show you what the company guarantees. It will also show you what could happen in the future. Remember that nobody knows what will happen in the future. You should be ready to adjust your financial plans if the cash value doesn't increase as quickly as shown in the illustration. You will be asked to sign a statement that says you understand that some of the numbers in the illustration are not guaranteed.

Finding a Good Value in Life Insurance

After you have decided which kind of life insurance is best for you, compare similar policies from different companies to find which one is likely to give you the best value for your money. A simple comparison of the premiums is not enough. There are other things to consider. For example:

- Do premiums or benefits vary from year to year?
- How much do the benefits build up in the policy?
- What part of the premiums or benefits is not guaranteed?
- What is the effect of interest on money paid and received at different times on the policy?

Once you have decided which type of policy to buy, you can use a cost comparison index to help you compare similar policies. Life insurance agents or companies can give you information about several different kinds of indexes that each work a little differently. One type helps you compare the costs between two policies if you give up the policy and take out the cash value. Another helps you compare your costs if you don't give up your policy before its coverage ends. Some help you decide what kind of questions to ask the agent about the numbers used in an illustration. Each index is useful in some ways, but they all have shortcomings. Ask your agent which will be most helpful to you. Regardless of which index you use, compare index numbers only for similar policies — those that offer basically the same benefits, with premiums payable for the same length of time.

Remember that no one company offers the lowest cost at **all** ages for **all** kinds and amounts of insurance. You should also consider other factors:

- How quickly does the cash value grow? Some policies have low cash values in the early years that build quickly later on. Other policies have a more level cash value build-up. A year-by-year display of values and benefits can be very helpful. (The agent or company will give you a policy summary or an illustration that will show benefits and premiums for selected years.)
- Are there special policy features that particularly suit your needs?
- How are nonguaranteed values calculated? For example, interest rates are important in determining policy returns. In some companies, increases reflect the average interest earnings on all of that company's policies regardless of when issued. In others, the return for policies issued in a recent year, or a group of years, reflects the interest earnings on that group of policies; in this case, amounts paid are likely to change more rapidly when interest rates change.

BENEFITS

The Lifetime Benefit Term group certificate is a decreasing term insurance plan with an accumulating guaranteed paid up term death benefit that provides for an initial guaranteed level death benefit to age 70, provided that premiums are paid when due. After this age, the guaranteed death benefit is reduced by 50% and remains level thereafter to age 121 as long as premiums continue to be paid when due.

Level guaranteed premiums are payable to age 100. A level portion of this premium is used to purchase the guaranteed paid up term death benefit. The remainder is used to purchase decreasing term insurance. At age 100, the guaranteed paid up term death benefit will equal 50% of the initial guaranteed death benefit.

If the Coverage lapses because of unpaid premiums due during the first 10 certificate years, the Coverage will terminate with no value. If the Coverage lapses because of unpaid premiums due after the 10th certificate year, the accumulated guaranteed paid up term insurance coverage will remain in force until age 121.

In the tabular illustrations, "Guaranteed Benefits" refer to those death benefits that are fully guaranteed on the date the coverage is issued. "Non-guaranteed Benefits" are those benefits that are not guaranteed on the date the coverage is issued. "Non-guaranteed Benefits", while they may be higher or lower than those illustrated here, will be guaranteed once they have been declared for a given certificate year.

NON-
GUARANTEED
ELEMENTS

In addition to the guaranteed paid up term insurance benefit, this certificate may provide additional non-guaranteed term insurance benefits. These term Insurance benefits include:

- (1) During the premium paying period, one year term insurance to replace all or part of the 50% reduction in the guaranteed death benefit described above.
- (2) Upon termination of premium payments, deferred paid up term insurance will be used to increase the paid up term insurance benefits.

The non-guaranteed deferred paid up term death benefit will first be used to provide one year term insurance to replace the reduction in the guaranteed death benefit and then be used to provide upon termination of premium payments an additional paid up term insurance benefit to age 121.

Should the sum of the guaranteed paid up term insurance and the non-guaranteed deferred paid up term insurance benefits equal or exceed the initial guaranteed death benefit, no more premium payments will be payable. The certificate will then provide a fixed guaranteed fully paid up term insurance death benefit equal to the initial guaranteed death benefit to age 121.

Additional non-guaranteed term insurance benefits are based upon non-guaranteed excess interest and mortality credits that are based upon anticipated future experience and declared by the company in advance of each certificate year.
