**AFAA
CECS!**

The AAAI/ISMA Personal Fitness Trainer Certification is for anyone interested in becoming a personal trainer or enhancing their training skills.

****Price for early registration. Early registrations must be postmarked by Sept 30.***

AAAI/ISMA Certifications require the student to order materials and study in advance. Please e-mail Bill Papin at madtour@hotmail.com for information on study materials. Your certification will be comprised of a lecture based on the study materials and a practical application workshop to reinforce teaching/training skills. At the end of your certification, you will complete a written and practical exam to demonstrate skills and knowledge. You may attend any certification lecture (no exam!) for continuing education and receive 8 CECS to renew your existing certification. If you have any questions regarding certifications, contact AAAI/ISMA Southeast Representative Jennifer Miller at (256)452-4337 or fitnessmiller@yahoo.com or visit AAAI/ISMA online at www.aaai-ismafitness.com.
