PUPPY'S DETAILS

Name of Puppy: _____ Age: _____

Breed/s: _____

Place of Purchase: _____

Name of your dog's vet clinic: _____ Clinic Phone No.: _____

Does your puppy have any current health issues? If Yes, please provide details: _____

Does your puppy have any particular behaviour issues that concern you? If Yes, please provide details:

In the interest of your own dog's health and the health of other dogs at the AWL, it is a requirement of the program that your dog's vaccinations are on schedule. It is understood that your pup will not yet have completed the full round of vaccinations, however, you must still provide evidence that he/she has received at least their 6-8 week vaccinations (in the form of a letter of certificate - photocopies accepted), issued by your pup's vet clinic.

Yes, I have attached proof of recent vaccinations (please tick when complete).

WARNING!

Please ensure that you do not take your unvaccinated pup to a place where they may encounter unhealthy animals. Exposing your dog to outside risks could jeopardize the health of the other pups in your class.

The AWL takes extremely careful measures to ensure that the pups attending our pre-school will not be exposed to any contagious illnesses whilst they are on the premises. It is your responsibility to extend the same care and to ensure that your pup is not exposed to other dogs whilst they are enrolled in our program. This means keeping away from settings where dogs interact socially or even simply pass each other by such as the Dog Park, beach, sidewalk etc.

This is of upmost importance, as dogs can carry illnesses such as 'kennel cough' for days before showing any symptoms. Therefore, the simple act of taking your dog for a walk to the beach could potentially expose it to a dog that is ill without the owner even knowing it. Please don't risk it; keep your pup safe by keeping it contained to your property unit their full round of vaccinations are complete!

IMPORTANT NOTE: To reduce the risk of your pup being exposed to any harmful viruses whilst they are still not completely vaccinated, we ask you to please carry your pup from your car to the front door of our Outpatients Clinic where the classes are being held. The Outpatients Clinic will be thoroughly sterilized so as to create a safe space which your pup play and learn. The same cannot be said however for the outside grass or road however, so it is better to be safe than sorry!

CONDUCT GUIDELINES & LIABILITY RELEASE

The following guidelines have been written to ensure the smooth running of AWLQ's Puppy Pre-School. These guidelines must be adhered to at all times to ensure the safety of workshop participants and Animal Welfare League staff and animals.

Guidelines:

1. Participants must adhere to OHS procedures as outlined in their course Handbook and as demonstrated by supervisor/s.
2. Participants are responsible for their own dogs and are expected to keep the dog on a leash at all times (except when otherwise instructed by their Trainer).
3. Participants are expected to clean up after their own dogs (i.e. using the poo bags provided).
4. Participants are required to stay in designated areas at all times and not to roam through AWL rehoming areas unless supervised or authorized to do so by session supervisor.
5. The course supervisor/s has the right at any stage throughout course to modify these rules.
6. Whilst the AWL and course supervisor/s take the upmost care to provide a safe and healthy learning environment for participants, no responsibility or liability is taken for injury, illness or harm caused to either themselves or their dog during the course.

I _____ (name of participant) have read and agree to the Animal Welfare League of Qld's Guidelines and agree to participate in AWLQ's Puppy Pre-school at my own and my dog's risk.

Signature: _____ Date: _____

How did you hear about the AWLQ's Puppy Pre-School?
