

5th Triennial Best Practice Workshop in Urological Oncology

Friday 1 November - Saturday 2 November 2013

Sydney Convention & Exhibition Centre, Darling Harbour, Sydney

REGISTRATION BROCHURE

Welcome from the Conference Organising Committee

Dear Colleagues,

It is with great pleasure that I invite you to the 5th Triennial Best Practice Workshop in Urological Oncology for 2013. This year the meeting will be held between Friday 1 – Saturday 2 November at the Sydney Convention and Exhibition Centre, Darling Harbour.

The NSW Urology Oncology Program (UOP) invite you to participate in the Best Practice Workshop in Urology Oncology. The 2013 workshop follows from the success of the 2001, 2004, 2007 and 2010 UOP. The program is focused towards consultants/registrars and allied health staff with an interest in urological oncology. This will expose and review evidence based best practice in prostate, bladder, renal and testicular cancers including the latest data and current controversies.

To engage the audience, the workshop will be interactive utilising computerised instant polling technology to assist in reinforcing the messages from the presenters and bring to the forefront current areas of controversy.

Our three esteemed International Guest Presenters are leading experts on Urology, Radiation Oncology and Medical Oncology and will provide an international perspective (refer page 3 for details)

2013 UOP Convenor
Andrew Brooks

ORGANISING COMMITTEE

Associate Professor Andrew Brooks - Convenor
Associate Professor Andrew Kneebone - Co-Convenor
Associate Professor Gavin Marx

IMPORTANT DATES

CLOSING DATE for EARLY Registration
Friday, 18 October 1200 noon EST 2013

The conference has a dedicated secure 24 hour online registration website at your fingertips. Access enables you to update your details instantly.

Visit www.taylorimages.com.au click on “events” scroll to the events schedule & select your conference. To register delegates issued with an unique access key enter the details into ‘Delegate Login’. Delegates without an unique access key click on ‘Register Securely Online’. At this step select ‘Submit your abstract’ if submitting an abstract.

Upon completion of the registration process you will be automatically supplied with a summary & confirmation of your registration.

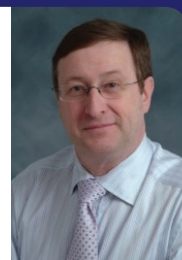

The online registration website is accessible until **Monday 28 October 2013** after this date fax / email only will be accepted.

GUEST PRESENTERS

Professor Charles Catton

*Department of Radiation Oncology, University of Toronto
Radiation Oncologist, Department of Radiation Oncology, Princess Margaret Hospital/ University Health Network*

Dr. Catton is a Radiation Oncologist in the Department of Radiation Oncology, The Princess Margaret (University Health Network), and the Director of the Fellowship Program, Department of Radiation Oncology at the University of Toronto. He is currently a professor at the University of Toronto, and an Executive Member, GU disease Oriented Group, NCIC-CTG.

Dr. Catton provides Radiation Oncology consultative and treatment services and participates in the clinical and translational research program for prostate cancer at The Princess Margaret. As the leader of the administrative program for the GU site, Dr. Catton integrates the clinical and research program of the Prostate Centre into the Genitourinary Oncology program as a whole.

Dr. Catton's primary research goal is to develop high-precision radiation techniques for the treatment of GU malignancies. His current research project is an international phase III trial of immediate vs early salvage post-operative radiotherapy for limited-stage prostate cancer, with long term, short term, or no androgen ablation.

Professor Badrinath Konety

Urological Surgeon, Department Chair of Urology, University of Minnesota

Dr. Badrinath Konety is professor and chair at the University of Minnesota, where he holds the Dougherty Family Chair in Prostate Cancer and is Director of the Institute for Prostate and Urologic Cancers.

A board certified urologist, Konety graduated from M.S. Ramaiah Medical College of Bangalore University in India before relocating to the United States for a research fellowship in the Department of Urology at the Veterans Administration Medical Centre/University of California San Francisco. He then completed his general surgery and urology residency at the University of Pittsburgh in Pennsylvania, after which he was an American Foundation for Urologic Disease research scholar as well as a recipient of the Ferdinand Valentine fellowship at the University of Pittsburgh Cancer Institute. Konety completed a fellowship in urologic oncology at the Memorial Sloan Kettering Cancer Centre in New York City, where he served as Chief Clinical Fellow. He also completed his MBA at the Katz Graduate School of Business at the University of Pittsburgh. He was previously Assistant Professor of Urology and Chief of Urology at the University of Iowa as well as Associate Professor and Vice-Chair of the Department of Urology at University of California San Francisco prior to assuming his position at the University of Minnesota.

Professor David Quinn

*Medical Director, Norris Cancer Hospital, University of Southern California
Co-Leader of the Genitourinary Cancers Program for the University of Southern California Norris Comprehensive Cancer Centre*

David I. Quinn, MBBS Honours Class I, PhD, FRACP is an international expert in the field of clinical trials and molecular correlative studies in genitourinary cancer. Dr. Quinn is the Medical Director of the Norris Cancer Hospital and Clinics, Leader of the Developmental Therapeutics Program for the Norris Comprehensive Cancer Centre, Head, Section of Genitourinary Medical Oncology and Associate Professor of Medicine in the Division of Cancer Medicine and Blood Diseases, Keck School of Medicine, University of Southern California.

Dr. Quinn has recently published in the journals Cancer Research, Clinical Cancer Research, Oncogene, Proceedings of the National Academy of Science, Journal of the National Cancer Institute and Journal of Clinical Oncology, is a reviewer for more than 20 peer-reviewed journals, is on the editorial boards of American Journal of Clinical Oncology and cancer.net (American Society of Clinical Oncology), and is a full member of the National Cancer Institute's Subcommittee H review panel for the North American Cooperative groups. He has been an invited speaker in more than 30 countries.
