### Thesis Title Page Formatting

- Attached is a sample title page for your Senior Honors Thesis. The top margin should be 2½", the left margin should be 1½" and the right and bottom margins should each be 1".
- The title is to be in all capital letters. Your title may be longer or shorter than this example but should be double-spaced if more than one line and you are to maintain the relative spacing of the page.
- Your name must match the name on the University records, which should be your full name, with middle name spelled out. This is important in making your work unique, and therefore easier to catalog and retrieve.
- The solid line 1" below your name is 20 spaces long and is 1" above your thesis statement. This line is for separation -- not for signature!
- Follow the capitalization and spacing in the examples given to you.
