General Information

Tailoring Business Partnership Agreement

This Tailoring Business Partnership Agreement is between two or more parties who wish to enter into a tailoring business as co-partners. This agreement sets out the new name of the tailoring business, the amount of capital contributed by each partner and how any profits will be divided. It also sets out the days and hours in which the tailoring business will be conducted.

It is important that this type of business arrangement be set forth in writing rather than via an oral agreement. A written Tailoring Business Partnership Agreement will be invaluable in the event of disagreements or miscommunication between the partners regarding the business.
