MEDICAL NETWORK(S)

Your employer may allow you to choose from various networks. Each Member Payment Summary included in this booklet indicates which network applies to each plan.

Select CareSM is our largest provider network. It extends into rural areas of Utah where Select Med and Select Value are not available.

In an effort to offer even more provider options to our members, Select Care products now have access to the University of Utah Hospital and provider network.

MEDICAL PROVIDERS

See each Member Payment Summary to determine which type of provider access is available on each plan. Options may include access to participating providers only, both participating and nonparticipating providers, or access to any provider.

Participating

You must use participating providers and facilities in order to receive benefits for covered services. A participating provider is a provider or facility that is contracted with your SelectHealth network and can be found online or in the Provider & Facility Directory. You will not receive benefits for services received by nonparticipating providers and facilities. Some exceptions apply, including care for emergency conditions.

This Plan intends to meet grandfathered status requirements set forth in the Affordable Care Act (ACA).

RXSELECTSM PRESCRIPTION DRUG LIST

A formulary is the list of prescription drugs covered on your plan. This printed version contains only the most commonly prescribed drugs in their most common strengths and formulations. It does not include injectable drugs.

Your drug benefit has three tiers (levels) of coverage. The tiers determine the amount you are responsible to pay. Copay and coinsurance amounts are shown on your Member Payment Summary (MPS) and ID Card.

This is not a complete list of all drugs and may change due to new drugs, therapies, or other factors. If you have any questions about your prescription drug benefits, please call Member Services at 801-442-5038 (Salt Lake area) or 800-538-5038 weekdays, from 7:00 a.m. to 8:00 p.m., and Saturdays, from 9:00 a.m. to 2:00 p.m.

View the most current drug coverage and pharmacy benefit information by logging in to My Health at www.selecthealth.org. Once logged in, click on “Pharmacy Tools,” then go to “My Pharmacy Tools,” to find:

- Drug prices and potential lower-cost alternatives for drugs you already take
- A drug lookup, searchable by drug name and dose
- Tier statuses of prescription drugs, including injectables
- Your prescription copays and benefits
- Maintenance drug (90-day) medications
- Explanations of Benefits (EOBs) for your drug claims
- Preauthorization and step therapy requirements
- Participating pharmacies, including Retail90SM

LEGEND

(PA) Preauthorization

Coverage of certain drugs is based on medical necessity. For these drugs, you will need preauthorization from SelectHealth; otherwise, you will be responsible to pay the drug's full retail price.

(GS) GenericSampleSM

This program eliminates your copay/coinsurance for the first 30-day fill of select generic prescriptions.

(M) Maintenance Drug

These drugs qualify for the 90-day maintenance drug benefit.

(ST) Step Therapy

Drugs that require step therapy are covered by SelectHealth only after you have tried the alternative therapy, and it didn't work (the therapy failed). Step therapy generally applies only to brand-name drugs.

(QL) Quantity Limits

Quantity limitations apply to certain drugs (maximum number of tablets/capsules, etc. per prescription). Preauthorization is required if the medication exceeds the plan limits.

(AGE) Age Limit

A minimum or maximum age limit requirement must be met for coverage.

Drugs with an “*” are considered **preventive drugs** and may be covered at a different benefit than other drugs. Prescriptions vary in strength and formulation, and your specific prescription may be covered at a different tier than is listed here. If your plan includes the **value-based option**, Tier 2 drugs in these categories are covered at the Tier 1 benefit. Refer to your Member Payment Summary (MPS) and ID Card for details.

Drugs that are not covered can be obtained through an exception process. SelectHealth will cover these drugs after you have tried alternative, covered medications in the same therapeutic category that have failed to meet your medical needs. All approved exceptions will be priced as Tier 3 drugs.

SECTION A. EMPLOYEE INFORMATION

Complete this section with all of the requested information about yourself (the employee applying for coverage).

SECTION B. EMPLOYEE AND DEPENDENT INFORMATION

Complete this section with all of the requested information about you and your dependent(s).

- If your dependent child is older than the age limit specified in the agreement with SelectHealthSM/SelectHealth Benefit Assurance CompanySM (SelectHealth BAC) and your employer, but still eligible for coverage because of a physical or mental disability, you must attach proof of the dependent's disability to this form.
- If you or your eligible dependents have other health or dental (if applicable) insurance you must complete the Secondary Medical Coverage Form (COB) to facilitate accurate coordination of benefits with other carriers, when necessary.
- If you or your eligible dependents have had health insurance coverage within the last 63 days, your Pre-Existing Condition Waiting Period (if applicable) may be partially or completely waived. You must give SelectHealth/SelectHealth BAC proof of prior coverage, such as a Certificate of Creditable Coverage, ID Card, Explanation of Benefits (EOB), etc., for each applicant. You have the right to request a Certificate of Creditable Coverage from your prior plan. If necessary, SelectHealth/SelectHealth BAC will assist in obtaining such certificates.

If your spouse is added, he or she may only be deleted from your coverage in the following circumstances:

- During your employer's next annual open enrollment period; or
- When proof of a legal divorce or annulment is given to SelectHealth/SelectHealth BAC; or
- When your spouse agrees by signing the Employee Change Form (if allowed by your employer's eligibility rules).

I accept the terms of the group agreement between my employer and SelectHealth/SelectHealth BAC and appoint my employer to act as an agent on my behalf. I understand that said agreement is on file with the employer and SelectHealth/SelectHealth BAC and is available for my inspection. I understand that any intentional material misrepresentation in answering the questions on this application or nonpayment of premiums, deductibles, or copays/coinsurance may result in rescission or cancellation of my coverage and that of my dependents.

SECTION D. WAIVER OF COVERAGE

Complete and sign this section if you wish to waive healthcare coverage at this time.

You and your dependents may not be eligible to enroll in this program again until the next annual open enrollment period established by your employer and SelectHealth/SelectHealth BAC unless you are declining enrollment for yourself and your dependents (including your spouse) because of other health insurance coverage. You may, in the future, be able to enroll yourself and your dependents, provided that you request enrollment within 31 days after your other coverage ends. In addition, if you have a new dependent as a result of marriage, birth, adoption, or placement for adoption, you may be able to enroll yourself, your spouse, and any dependent child(ren) newly acquired by such marriage, birth, adoption, or placement for adoption if you request enrollment within 31 days after the marriage or the date of birth, adoption, or placement for adoption.

Coordination of Benefits (COB) rules apply when you or any of your covered dependents are covered under more than one medical, pharmacy, and/or dental plan. These COB rules determine which plan is required to pay first when you are coordinating payments. You must always indicate any other insurance coverage whenever you file a claim under a SelectHealth plan.

Please complete and return this form with your open enrollment materials to help SelectHealth manage any COB situations. This will help ensure the benefits are coordinated correctly with your other medical, pharmacy, and/or dental plans and avoid unnecessary claim problems or delays for you.

COLLECTION OF PERSONAL INFORMATION

You may have rights to limit these disclosures. See the subsection “Your Right to Request Confidential Communications” in the “Your Individual Rights” section.

Health Care Operations

SelectHealth uses and discloses Personal Information for its Health Care Operations, which include internal administration, planning, and various activities that improve the quality of the health care that we pay for. For example, we may use your Personal Information to assess insurance rates and to evaluate how many of the children on our plans have received the recommended immunizations. HEALTHCARE MANAGEMENT

SelectHealth works to manage costs while protecting the quality of care. The Healthcare Management Program reviews three aspects of medical care: appropriateness of the care setting, medical necessity, and appropriateness of hospital lengths of stay. You benefit from this process because it reduces unnecessary medical expenses, enabling SelectHealth to maintain reasonable premium rates. The Healthcare Management process takes several forms.

Preauthorization.

Preauthorization is prior approval from SelectHealth for certain services and is considered a preservice claim. Preauthorization is not required when SelectHealth is your secondary plan. However, it is required for injectable drugs and inpatient services when Medicare is your primary insurance. Obtaining Preauthorization does not guarantee coverage. Your benefits for the preauthorized services are subject to the eligibility requirements, limitations, exclusions and all other provisions of the Plan.

Services requiring Preauthorization.

Preauthorization is required for the following major Services:

- a. All admissions to facilities, including rehabilitation, transitional care, skilled nursing, and all routine hospitalizations;
- b. All nonroutine obstetrics admissions and maternity stays longer than two days for a normal delivery or longer than four days for a cesarean section;
- c. Home health, hospice, outpatient private Nurse;
- d. Pain management/pain clinic Services;
- e. Selected Prescription Drugs (Refer to the Prescription Drug List(s) within this guide);
- f. The following Durable Medical Equipment:
 - i. Insulin pumps and continuous glucose monitors;
 - ii. Prosthetics (except eye prosthetics);
 - iii. Negative pressure wound therapy electrical pump (wound vac);
 - iv. Motorized or customized wheelchairs;
 - v. DME with a purchase price over \$5,000 and
 - vi. Certain injectable drugs and specialty medications.

For a current list of Injectable Drugs and Specialty Medications that require preauthorization visit www.selecthealth.org/pharmacy or call Member Services.

Who is responsible for obtaining Preauthorization.

If your plan requires you to use participating providers and facilities in order to receive benefits, the providers and facilities are responsible for obtaining preauthorization on your behalf; however, you should verify that preauthorization has been obtained before you receive services.

If your plan provides coverage for both participating and nonparticipating providers and facilities, you are responsible for obtaining preauthorization when using a nonparticipating provider or facility. When participating providers and facilities are used, they are responsible for obtaining preauthorization on your behalf; however, you should verify that preauthorization has been obtained before you receive services.

If your plan offers the same level of coverage for any provider, it is your responsibility to obtain preauthorization when required. Regardless of plan type, you are responsible for obtaining preauthorization for cochlear implants or organ transplants.

How to request Preauthorization.

If you need to request preauthorization, call Member Services at 801-442-5038 (Salt Lake area) or 800-538-5038.

Penalties.

If you fail to obtain preauthorization when it is your responsibility, benefits will be reduced to 50 percent of the allowed amount, and these payments will not apply to your out-of-pocket maximum.

Failure to obtain preauthorization of cochlear implants or organ transplants will result in the denial of Benefits.

Statement of Rights Under the Newborns' and Mothers' Health Protection Act.

Group health plans and health insurance issuers generally may not, under federal law, restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery or less than 96 hours following a cesarean section. However, federal law generally does not prohibit the mother's or

newborn's attending provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case, plans and issuers may not, under federal law, require that a provider obtain authorization from the plan or the issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours).

medical policies. Coverage decisions are subject to all terms and conditions of the applicable plan, including specific exclusions and limitations. Because medical policies are based on constantly changing science, they are periodically reviewed and updated by SelectHealth.

Case Management/Disease Management.

If you have certain serious or chronic conditions (such as spinal cord injuries, diabetes, asthma, or premature births), SelectHealth will work with you and your family, your provider, and community resources to coordinate a comprehensive plan of care. This integrated approach helps you obtain appropriate care in cost-effective settings and reduces some of the burden that you and your family might otherwise face.

Benefit Exceptions.

On a case-by-case basis, SelectHealth may in its sole discretion extend or add benefits that are not otherwise expressly covered or are limited by the plan. In making this decision, SelectHealth will consider the medical appropriateness and cost effectiveness of the proposed exception.

When making such exceptions, SelectHealth reserves the right to specify the providers, facilities, and circumstances in which the additional care will be provided and to limit payment for additional services to the amount SelectHealth would have paid had the service been provided in accordance with the other provisions of the plan. Benefits paid under this section are subject to all other member payment obligations of the plan such as copays, coinsurance, and deductibles.

Second Opinions/Physical Examinations.

After enrollment, SelectHealth has the right to request that you be examined by a mutually agreed upon provider concerning a claim, a second opinion request, or a request for preauthorization. SelectHealth will be responsible for paying for any such physical examination.

Medical Policies.

SelectHealth has developed medical policies to serve as guidelines for coverage decisions. These guidelines detail when certain services are considered medically necessary or experimental and/or investigational by SelectHealth. Medical policies generally apply to all of SelectHealth's fully insured plans. Some plans administered by SelectHealth, such as some self-funded employer plans or governmental plans, may not utilize SelectHealth's medical policies. Medical policies do not supersede the express provisions of the certificate. Some Plans may not provide coverage for certain services discussed in

INTRODUCTION Included in this directory is a comprehensive list of participating providers and facilities. Use it to determine if a provider or facility is participating on your SelectHealth plan. You can also determine whether a provider is a Primary Care Provider (PCP), a Secondary Care Provider (SCP), or an ancillary provider.

PRIMARY CARE PHYSICIAN OR PRIMARY CARE PROVIDER (PCP)

A Primary Care Physician or Primary Care Provider is a general practitioner who attends to your common medical problems and provides preventive care and health maintenance. You are not required to choose a PCP, but seeing one provider routinely will help establish a relationship that can improve your healthcare. SelectHealth has classified the following types of physicians and providers, and their associated physician assistants and nurse practitioners, as PCPs:

- Certified Nurse Midwives
- Family Practice
- Geriatrics
- Internal Medicine
- Obstetrics and Gynecology (OB/GYN)
- Pediatrics

Primary care providers have availability (or make certain a provider of comparable specialty is available) by telephone 24 hours, seven days a week for urgent/emergent medical situations to assure the availability of prompt, quality medical services.

SECONDARY CARE PHYSICIAN OR SECONDARY CARE PROVIDER (SCP)

SelectHealth categorizes any physician who is not classified as a Primary Care Physician as a Secondary Care Provider. Examples of an SCP include the following:

- Cardiologists;
- Dermatologists;
- Neurologists;
- Ophthalmologists;
- Orthopedic Surgeons; and

ANCILLARY PROVIDERS

Participating ancillary providers are credentialed nonphysician clinicians that may provide either primary, secondary, or ancillary care. This type of provider includes physical therapists, licensed clinical social workers, audiologists, optometrists, and more. The ancillary provider section of this directory will indicate whether an ancillary provider is classified as a PCP or an SCP.

MENTAL HEALTH PROVIDERS

Mental health providers are psychiatrists, psychologists, and social workers who provide counseling. To verify your mental health benefits or to obtain help finding a mental health provider, please call our Behavioral Health AdvocatesSM at 801-442-1989 (Salt Lake area) or 800-876-1989, weekdays, from 8:00 a.m. to 6:00 p.m. A referral is not required to see a mental health provider.

EXTRA HELP FINDING A PARTICIPATING PROVIDER OR FACILITY

Here are some additional resources that will help you find a participating provider or facility.

Online Provider and Facility Search

The online provider and facility search gives you fast, convenient information about providers participating on your plan.

The most current list of providers (including Primary Care, Secondary Care, Ancillary Care, and Mental Health) is available at www.selecthealth.org. You can search using different criteria to help you find a provider or facility to meet your needs, including the following:

Provider Information

- Gender
- Hospital affiliations
- Medical group affiliations
- Board certification
- Languages spoken by the practitioner or clinical staff
- Office hours

Facility Information

- Facility accreditation

**Provider Quality and Patient Satisfaction Ratings**

Quality scores and patient satisfaction ratings are available for some clinics. These ratings are based on the treatment the clinic delivers and results from an annual member satisfaction survey. Clinics must have 30 or more completed surveys for their results to appear.

To take advantage of this feature, visit our provider search. Search for a family medicine, internal medicine, or pediatric provider and click on “Satisfaction and Quality Ratings” in the doctor’s profile. If a ratings link does not appear, then data is not available for that provider.
