Geography Project

You have the choice of making a poster or travel brochure about your country or province. You must have the following items on your poster or brochure.

_____ **Landforms** (mountains, lakes, rivers, plateaus, plains, oceans, glaciers, etc.)

_____ **Vegetation** found in your country or province.

_____ **Climate Regions** found in your country or province.

_____ **Square Miles** your country or province covers.

_____ **Population** of your country or province.

_____ **Resources and Industries** found in your province or country.

You must have these components in your project and it must also be neat and organized.
