OSHA – NEW REPORTING REQUIREMENTS

A new regulation expands the list of severe work-related injuries and illnesses that all covered employers must report to OSHA. The revised rule retains the current requirement to report all fatalities within 8 hours and adds the requirement to report all inpatient hospitalizations, amputations and loss of an eye within 24 hours to OSHA.

The new requirements took effect on January 1, 2015. Establishments located in states under Federal OSHA jurisdiction must begin to comply with the new requirements immediately. Establishments located in states that operate their own safety and health programs should check with their state plan for the implementation date of the new requirements.

The final rule will allow OSHA to focus its efforts more effectively to prevent fatalities and severe work-related injuries and illnesses. The final rule will also improve access by employers, employees, researchers and the public to information about workplace safety and health and increase their ability to identify and abate serious hazards.

Changes to reporting requirements: What needs to be reported to OSHA?

OSHA's updated recordkeeping rule expands the list of severe injuries and illnesses that employers must report to OSHA.

* As of January 1, 2015, all employers must report:
  - All work-related fatalities within 8 hours.
  - All work-related inpatient hospitalizations, all amputations and all losses of an eye within 24 hours.

You can report to OSHA by:

- Calling OSHA's free and confidential number at 1-800-321-OSHA (6742)
- Calling your closest OSHA Area Office during normal business hours
- Using the new online form that will soon be available found at http://www.osha.gov/report_online
  (Please note, the last part of the web address should be typed as "report_online")

Information Required When Filing a Report

- Establishment name
- Location of the incident
- Time of the incident
- Type of reportable event
- Number of employees injured / deceased
- Names of injured / deceased
- Your contact person and phone number
- Description of incident

Only fatalities occurring within 30 days of the work-related incident must be reported to OSHA. Further, for an inpatient hospitalization, amputation or loss of an eye, these incidents must be reported to OSHA only if they occur within 24 hours of the work-related incident.

Because of the time restraints, **YOU**, the on-site employer should notify OSHA of all reportable events using one of the methods described above. If however, you notify CHR in time and with **ALL** of the required information, we would be happy to assist you by notifying OSHA on your behalf. When calling CHR for assistance in this matter, please be clear in stating that you wish CHR to contact OSHA to report the accident.

Should you have any questions, please feel free to contact the office @239-415-1110 or claim@ContinuumHR.com.

Claims Reporting Forms and Procedures

All forms and medical paperwork are to be faxed or emailed to the Claims Center at 239-415-1114 or claim@continuumhr.com

First Report of Injury (FROI)	Complete this form IMMEDIATELY. Do not wait until other forms are completed. Submit to the Continuum HR Claims Center via email or fax **within 4 hours** of the accident. A sample form has been included as a reference. If an employee requires medical treatment, **YOU are required** to contact the clinic and arrange the first visit.
AR-1 Employee Injury/Illness Accident Report	Form needs to be completed by the injured worker **ASAP** following an accident and basic first aid or medical treatment.
AR-2 Supervisor's Accident Investigation Report	Form needs to be completed every time an employee is involved in a work related injury or accident. This form is also to be used for "Report Only" incidents that do not require medical attention. Form should be completed and submitted with the FROI within 4 hours of the accident. This form will assist the supervisor with conducting a thorough investigation
AR-3 Witness Statement Form	Form needs to be completed whenever there is a witness to an accident. Have all witnesses complete this form immediately following the incident, while facts are clear. Once completed, the form should be signed and returned to the Claims Center via email or fax.
Chain of Custody Drug Test Form	**Post Accident drug tests are mandatory** and must be performed **within 24 hours** of the incident. Send or escort the employee to the nearest Labcorp facility with the Labcorp Chain of Custody form. Labcorp locations can be found at https://www.labcorp.com/wps/portal/findalab CHR can schedule this appointment for you. Please call 239-415-1110 for assistance.
AR-4 Consent for Release of Medical Information	Form needs to be completed and sent to CHR **if/when the employee seeks medical treatment**. This completed form proves our ability (CHR / the carrier) to request and receive medical documents relating to the claim directly from the treating facility.
AR-5 Medical Authorization for Initial Treatment	Form should be sent with the injured employee to the medical provider. Fill in the employee's name and Social Security Number before employee seeks treatment.
AR-6 Refusal of Medical Treatment	If an employee reports an incident but **refuses medical treatment**, have them complete this form **immediately**. This is not a waiver for all medical treatment. The employee may choose at a later date to seek medical treatment if necessary, however, they **MUST follow the state mandated guidelines** for Workers Compensation injuries. They **cannot** go to their personal physician or an ER without prior authorization from the Claims Center. A post accident drug screen **may/may not be required** when an employee signs this form. Please call CHR for guidance.
Medical Treatment and Paperwork	After any and all medical treatment(s), employees are required to supply the employer with all paperwork provided by the treating physician(s). This paperwork must be faxed immediately to the claims center. The injured employee must **keep to all appointments…** even if they are feeling better.

Workers Compensation FAQ

Should I send my injured employee to the Emergency Room? Only use ER's for sever/traumatic injury cases, if it is after normal business hours and clinics are closed, OR, if a walk in clinic is not located within a reasonable distance of the employee. Treatment is typically slower in an ER and can **cost as much as 5 times more** than a clinic for most common workplace injuries.

Should someone go to the clinic with my injured employee the first time? If at all possible you should send a company representative to the clinic with the employee. This shows the employee that you care and ensures that you are aware of any developments or complications with the treatment.

When an employee is injured, should I call the clinic? YES! Contact the nearest clinic and let them know you have an employee on the way, the nature of the injury, and that it is a work comp claim. This is a requirement in some states and is always a good practice. Ensure that the clinic has the "Medical Authorization For Initial Treatment" (AR-5) form.

Why do I have to forward the medical paperwork? Doesn't it come to your and the carrier anyway? Eventually the paperwork may find its way to us and the carrier, however, it may be days or weeks after the treatment. By not forwarding your copies of the paperwork, you could possibly delay necessary treatments, specialist referrals, diagnostics, and increase the overall cost of the claim.

What is "Light Duty"? Light duty refers to tasks the employee has been medically approved to perform while they heal from their injury. Often times the treating physician does not allow the injured employee to perform his/her regular duties based on the physical demands of their original position. The doctor then states on a form what physical activities are allowed during the employees' recovery. The restriction may change after additional medical treatments so always refer to the most recent medical paperwork returned with the employee.

If I have an employee that is taken out of work by the treating doctor, what should I do. Notify us immediately and forward all medical paperwork. Sometimes doctors will make a determination without all the facts about the employees' work responsibilities. We will work with you, the carrier, and the medical provider to ensure that the employee returns to work as quickly as possible.

The employee went to the doctor. They claim to be fine but didn't bring back any paperwork. What should I do? If the employee receives treatment from a medical facility and he/she returns to work "full-duty" with no restrictions, a release from the treating physician must be obtained before the employee may begin work. Call the clinic and have them email/fax the paperwork or send the employee back to obtain the release. You cannot allow them to work without a written release from the treating facility.

Can the employee go anywhere they want for treatment, like to their personal doctor? Absolutely NOT. The employee must go to an approved facility and all visits after the initial care MUST be authorized by the carrier.

How many witnesses need to fill out the Witness Statement Form? If possible, have ALL of the witnesses fill out the form. Often times you will get different accounts that can help in the investigation. Also, should the employee get a lawyer, witness statements help in the defense of the lawsuit.

How do I report a claim that happens after normal business hours? You can call the CHR corporate headquarters like you would call during regular business hours and leave a message. You can send an email or fax. If you need to speak with someone immediately, you may contact Phil Herron on his cell at 678-988-8544. If he does not answer please leave a message and he will get back to you ASAP. The office phone number is 239-415-1110 and the fax number is 239-592-9800. At any time, to email information about a claim please send it to claim@continuumhr.com.

If an employee is involved in auto accident while working, do I need to report it to workers' compensation? If so why? If an employee is injured while performing a job function for the company (even if that function involves driving or riding in a vehicle), it is a workers' compensation claim. The work comp carrier can then try to recoup some of the costs of the claim from the responsible parties auto carrier.

What information is helpful during an investigation of an injury? Pictures, documentation, and witness statements. Take pictures of the equipment and area the employee was working in when the injury happened? Use an item to show scale if possible. Have a person stand in the picture to point out the specific area, part, or location where or how the injury occurred. Document everything; claims forms, name and type of equipment involved (model and SN if applicable), and witness statements.

When an employee has filed a claim and has returned to work on light duty, can they come and go as they please? No. The light duty restrictions will detail if a reduction of hours is necessary for the proper healing of the injury. Other than for medical treatments and/or evaluations, the employee should be expected to maintain a normal work schedule.

Can I fire an employee that has filed a claim? NO! There are very few circumstances that allow for terminating an injured employee without severe penalties to you and your business. In addition, you/we loose complete control of making sure the injured employee follows the medical orders, goes to appointments and treatments, and inevitably the cost of the claim soars. **CALL US** and we will discuss the situation and assist you with getting the immediate problem corrected.

Can I fire an employee after their claim has been closed? It is against the law to terminate an employee for being injured at work whether the claim is open or closed. However, you can terminate the employee for cause for misconduct or performance reasons with proper written documentation showing a disciplinary process has been followed. **CALL US FIRST to review the circumstances and to receive guidance.**

If an employee tells me they had an accident on the job, but they don't want to go to the doctor, do we report this? YES! The employee must fill out the refusal form (AR-6) and it must be sent to us immediately. There are many times where an employee initially refuses treatment and then later decides to go. Late reporting causes a number of problems including having to remember forgotten details and possible fines from the state.

Why must the employee take a drug test immediately after being injured? The carrier requires that a drug test be performed. Inn addition, some states require the test to be performed within hours of the incident. To be accepted as part of the claims process, the test has to be timely in relation to the accident. Also, should an employee test positive for drugs or alcohol, by law the compensation benefits can be reduced or the claim can be denied outright. This has the potential of saving YOU money.

Can we reduce the wages of an injured employee working light duty work? The employee should be paid as close to their normal wages as possible based on the restrictions and work that is available. An employee returning to work but unable to perform their normal duties can be assigned other duties that meet the light duty restrictions. The employee only has to be paid what the interim job is worth, but it SHOULD be at least 80% of their current pay. If the employee meets the requirements, a percentage of the difference between the two wages will be made up by the workers' compensation carrier. If you choose to pay a lower than current wage, **please call CHR** and let us know so that we file the correct paperwork to ensure that the employee is paid what they are owed.

Must we work an injured employee their normal work hours/shift? It is always better for the overall cost of the claim to have the employee work a normal schedule if the restrictions allow it. If you do not have enough light duty work to support a regular shift, you do not have to create work to keep the employee busy. If you are having difficulty providing hours to an injured employee, please contact CHR and we discuss the situation with you.

Workers' Compensation Claim Form (DWC 1) & Notice of Potential Eligibility
Formulario de Reclamo de Compensación de Trabajadores (DWC 1) y Notificación de Posible Elegibilidad

If you are injured or become ill, either physically or mentally, because of your job, including injuries resulting from a workplace crime, you may be entitled to workers' compensation benefits. Attached is the form for filing a workers' compensation claim with your employer. **You should read all of the information below.** Keep this sheet and all other papers for your records. You may be eligible for some or all of the benefits listed depending on the nature of your claim. If required you will be notified by the claims administrator, who is responsible for handling your claim, about your eligibility for benefits.

To file a claim, complete the "Employee" section of the form, keep one copy and give the rest to your employer. Your employer will then complete the "Employer" section, give you a dated copy, keep one copy and send one to the claims administrator. Benefits can't start until the claims administrator knows of the injury, so complete the form as soon as possible.

Medical Care: Your claims administrator will pay all reasonable and necessary medical care for your work injury or illness. Medical benefits may include treatment by a doctor, hospital services, physical therapy, lab tests, x-rays, and medicines. Your claims administrator will pay the costs directly so you should never see a bill. There is a limit on some medical services.

The Primary Treating Physician (PTP) is the doctor with the overall responsibility for treatment of your injury or illness. Generally your employer selects the PTP you will see for the first 30 days, however, in specified conditions, you may be treated by your predesignated doctor or medical group. If a doctor says you still need treatment after 30 days, you may be able to switch to the doctor of your choice. Different rules apply if your employer is using a Health Care Organization (HCO) or a Medical Provider Network (MPN). A MPN is a selected network of health care providers to provide treatment to workers injured on the job. You should receive information from your employer if you are covered by an HCO or a MPN. Contact your employer for more information. If your employer has not put up a poster describing your rights to workers' compensation, you may choose your own doctor immediately.

Within one working day after you file a claim form, your employer shall authorize the provision of all treatment, consistent with the applicable treating guidelines, for the alleged injury and shall continue to be liable for up to $10,000 in treatment until the claim is accepted or rejected.

Disclosure of Medical Records: After you make a claim for workers' compensation benefits, your medical records will not have the same level of privacy that you usually expect. If you don't agree to voluntarily release medical records, a workers' compensation judge may decide what records will be released. If you request privacy, the judge may "seal" (keep private) certain medical records.

Payment for Temporary Disability (Lost Wages): If you can't work while you are recovering from a job injury or illness, for most injuries you will receive temporary disability payments for a limited period of time. These payments may change or stop when your doctor says you are able to return to work. These benefits are tax-free. Temporary disability payments are two-thirds of your average weekly pay, within minimums and maximums set by state law. Payments are not made for the first three days you are off the job unless you are hospitalized overnight or cannot work for more than 14 days.

Return to Work: To help you to return to work as soon as possible, you should actively communicate with your treating doctor, claims administrator, and employer about the kinds of work you can do while recovering. They may coordinate efforts to return you to modified duty or other work that is medically appropriate. This modified or other duty may

Si Ud. se lesiona o se enferma, ya sea físicamente o mentalmente, debido a su trabajo, incluyendo lesiones que resulten de un crimen en el lugar de trabajo, es posible que Ud. tenga derecho a beneficios de compensación de trabajadores. Se adjunta el formulario para presentar un reclamo de compensación de trabajadores con su empleador. **Ud. debe leer toda la información a continuación.** Guarde esta hoja y todos los demás documentos para sus archivos. Es posible que usted reúna los requisitos para todos los beneficios, o parte de éstos, que se enumeran, dependiendo de la índole de su reclamo. Si se requiere, el administrador de reclamos, quien es responsable por el manejo de su reclamo, le notificará sobre su elegibilidad para beneficios.

Para presentar un reclamo, llene la sección del formulario designada para el "Empleado," guarde una copia, y déle el resto a su empleador. Entonces, su empleador completará la sección designada para el "Empleador," le dará a Ud. una copia fechada, guardará una copia, y enviará una al administrador de reclamos. Los beneficios no pueden comenzar hasta, que el administrador de reclamos se entere de la lesión, así que complete el formulario lo antes posible.

Atención Médica: Su administrador de reclamos pagará toda la atención médica razonable y necesaria, para su lesión o enfermedad relacionada con el trabajo. Es posible que los beneficios médicos incluyan el tratamiento por parte de un médico, los servicios de hospital, la terapia física, los análisis de laboratorio y las medicinas. Su administrador de reclamos pagará directamente los costos, de manera que usted nunca verá un cobro. Hay un límite para ciertos servicios médicos.

El Médico Primario que le Atiende-*Primary Treating Physician PTP* es el médico con la responsabilidad total para tratar su lesión o enfermedad. Generalmente, su empleador selecciona al *PTP* que Ud. verá durante los primeros 30 días. Sin embargo, en condiciones específicas, es posible que usted pueda ser tratado por su médico o grupo médico previamente designado. Si el doctor dice que usted aún necesita tratamiento después de 30 días, es posible que Ud. pueda cambiar al médico de su preferencia. Hay reglas differentes que se aplican cuando su empleador usa una Organización de Cuidado Médico (HCO) o una Red de Proveedores Médicos (MPN). Una MPN es una red de proveedores de asistencia médica seleccionados para dar tratamiento a los trabajadores lesionados en el trabajo. Usted debe recibir información de su empleador si su tratamiento es cubierto por una HCO o una MPN. Hable con su empleador para más información. Si su empleador no ha colocado un cartel describiendo sus derechos para la compensación de trabajadores, Ud. puede seleccionar a su propio médico inmediatamente.

Dentro de un día después de que Ud. Presente un formulario de reclamo, su empleador autorizará todo tratamiento médico de acuerdo con las pautas de tratamiento aplicables a la presunta lesión y será responsable por $10,000 en tratamiento hasta que el reclamo sea aceptado o rechazado.

Divulgación de Expedientes Médicos: Después de que Ud. presente un reclamo para beneficios de compensación de trabajadores, sus expedientes médicos no tendrán el mismo nivel de privacidad que usted normalmente espera. Si Ud. no está de acuerdo en divulgar voluntariamente los expedientes médicos, un juez de compensación de trabajadores posiblemente decida qué expedientes se revelarán. Si Ud. solicita privacidad, es posible que el juez "selle" (mantenga privados) ciertos expedientes médicos.

Pago por Incapacidad Temporal (Sueldos Perdidos): Si Ud. no puede trabajar, mientras se está recuperando de una lesión o enfermedad relacionada con el trabajo, Ud. recibirá pagos por incapacidad temporal para la mayoría de las lesions por un period limitado. Es posible que estos pagos cambien o paren, cuando su médico diga que Ud. está en condiciones de regresar a trabajar. Estos beneficios son libres de impuestos. Los pagos

be temporary or may be extended depending on the nature of your injury or illness.

Payment for Permanent Disability: If a doctor says your injury or illness results in a permanent disability, you may receive additional payments. The amount will depend on the type of injury, your age, occupation, and date of injury.

Supplemental Job Displacement Benefit (SJDB): If you were injured after 1/1/04 and you have a permanent disability that prevents you from returning to work within 60 days after your temporary disability ends, and your employer does not offer modified or alternative work, you may qualify for a nontransferable voucher payable to a school for retraining and/or skill enhancement. If you qualify, the claims administrator will pay the costs up to the maximum set by state law based on your percentage of permanent disability.

Death Benefits: If the injury or illness causes death, payments may be made to relatives or household members who were financially dependent on the deceased worker.

It is illegal for your employer to punish or fire you for having a job injury or illness, for filing a claim, or testifying in another person's workers' compensation case (Labor Code 132a). If proven, you may receive lost wages, job reinstatement, increased benefits, and costs and expenses up to limits set by the state.

You have the right to disagree with decisions affecting your claim. If you have a disagreement, contact your claims administrator first to see if you can resolve it. If you are not receiving benefits, you may be able to get State Disability Insurance (SDI) benefits. Call State Employment Development Department at (800) 480-3287.

You can obtain free information from an information and assistance officer of the State Division of Workers' Compensation (DWC), or you can hear recorded information and a list of local offices by calling **(800) 736-7401**. You may also go to the DWC website at www.dwc.ca.gov.

You can consult with an attorney. Most attorneys offer one free consultation. If you decide to hire an attorney, his or her fee will be taken out of some of your benefits. For names of workers' compensation attorneys, call the State Bar of California at (415) 538-2120 or go to their web site at **www.californiaspecialist.org**.

por incapacidad temporal son dos tercios de su pago semanal promedio, con cantidades mínimas y máximas establecidas por las leyes estatales. Los pagos no se hacen durante los primeros tres días en que Ud. no trabaje, a menos que Ud. sea hospitalizado una noche o no pueda trabajar durante más de 14 días.

Regreso al Trabajo: Para ayudarle a regresar a trabajar lo antes posible, Ud. debe comunicarse de manera activa con el médico que le atienda, el administrador de reclamos y el empleador, con respecto a las clases de trabajo que Ud. puede hacer mientras se recupera. Es posible que ellos coordinen esfuerzos para regresarle a un trabajo modificado, o a otro trabajo, que sea apropiado desde el punto de vista médico. Este trabajo modificado u otro trabajo podría ser temporal o podría extenderse dependiendo de la índole de su lesión o enfermedad.

Pago por Incapacidad Permanente: Si el doctor dice que su lesión o enfermedad resulta en una incapacidad permanente, es posible que Ud. reciba pagos adicionales. La cantidad dependerá de la clase de lesión, su edad, su ocupación y la fecha de la lesión.

Beneficio Suplementario por Desplazamiento de Trabajo: Si Ud. Se lesionó después del 1/1/04 y tiene una incapacidad permanente que le impide regresar al trabajo dentro de 60 días después de que los pagos por incapacidad temporal terminen, y su empleador no ofrece un trabajo modificado o alternativo, es posible que usted reúna los requisitos para recibir un vale no-transferible pagadero a una escuela para recibir un nuevo entrenamiento y/o mejorar su habilidad. Si Ud. reúne los requisitios, el administrador de reclamos pagará los gastos hasta un máximo establecido por las leyes estatales basado en su porcentaje de incapacidad permanente.

Beneficios por Muerte: Si la lesión o enfermedad causa la muerte, es posible que los pagos se hagan a los parientes o a las personas que viven en el hogar y que dependían económicamente del trabajador difunto.

Es ilegal que su empleador le castigue o despida, por sufrir una lesión o enfermedad en el trabajo, por presentar un reclamo o por testificar en el caso de compensación de trabajadores de otra persona. (El Codigo Laboral sección 132a.) De ser probado, usted puede recibir pagos por pérdida de sueldos, reposición del trabajo, aumento de beneficios y gastos hasta los límites establecidos por el estado.

Ud. tiene derecho a no estar de acuerdo con las decisiones que afecten su reclamo. Si Ud. tiene un desacuerdo, primero comuníquese con su administrador de reclamos para ver si usted puede resolverlo. Si usted no está recibiendo beneficios, es posible que Ud. pueda obtener beneficios del Seguro Estatal de Incapacidad (SDI). Llame al Departamento Estatal del Desarrollo del Empleo (EDD) al (800) 480-3287.

Ud. puede obtener información gratis, de un oficial de información y asistencia, de la División Estatal de Compensación de Trabajadores *(Division of Workers' Compensation – DWC)* o puede escuchar información grabada, así como una lista de oficinas locales llamando al **(800) 736-7401**. Ud. también puede consultar con la pagína Web de la DWC en www.dwc.ca.gov**.**

Ud. puede consultar con un abogado. La mayoría de los abogados ofrecen una consulta gratis. Si Ud. decide contratar a un abogado, los honorarios serán tomados de algunos de sus beneficios. RETURN TO WORK

Purpose

The purpose of a Return To Work program is to enable the employee to work and be productive during the period of the employees' recovery from an injury. This not only allows you to retain experienced staff, but also reduces the cost of the claim and increases employee morale.

CHR has established guidelines to return an injured employee to work following their injury as set forth in our contract. The employee will be placed on "light duty" (modified duty, transitional duty, limited service) as soon as he or she is able to do so prescribed by the treating medical provider. You are required to make light duty work available, as long as the restrictions are within reason, as soon as the employee is released to work by the treating physician. If you feel the restrictions are burdensome or if you have no work available, call us IMMEDIATELY and we will work with you, the doctor, the carrier, and the employee, so that **YOU** can keep your claims costs low and productivity high.

Lost Time / Return To Work FAQ

How often should I talk to an employee that has been placed out of work by the doctor? You should require the employee to call or visit your establishment a minimum of once per week. If the employee has been to the doctor, require the employee to drop off or send in any medical paperwork they have received immediately. Ask the employee how they are doing, when their next treatment is, and when they expect to return to work. Report any new information to CHR.

What do I need to do when an employee returns to work after missing time from an injury? Verify that the employee has obtained a release from the doctor by either A) reviewing the medical release supplied by the employee from the doctor, or B) calling CHR and have us verify the release. Sometimes an overeager employee will say they have been released and it not be true.

The employee has doctor restrictions and has returned to work. What do I need to do? Sometimes an employee may be released from the doctor to return to work with physical restrictions. The supervisor and the employee must review these restrictions carefully and discuss what work the employee can do within the limitations set by the medical provider. Do not allow the employee to work beyond those restrictions or it may impede the healing process or possibly make the injury worse.

What should I do if an employee has been released to work but doesn't show up for their shift? Try to contact the employee and ask why they are not present. Report the "No-Show" and any findings to CHR. Even if you choose not to discipline the employee, document the absence and have the employee sign it upon their return. It is imperative that you notify and submit the documentation to CHR so that we can properly manage the claim and keep the costs to a minimum.

Will an employee be paid if they miss time due to an injury? Possibly. The first seven (7) days of lost time work is not payable by the workers' compensation system. In addition, if the doctor does not place the employee "off work" and/or if the employee *CHOOSES* to stay home, they will not be compensated. If you wish to pay the employee (by using vacation time, etc.), contact the Claims center at (239) 415-1110 for a discussion of the proper method. **Do not just put them on the payroll.** If, however, the treating physician places the employee off work for more than 7 days, they will be paid a portion of their average wages.

How are lost time wages calculated? – Depending on individual state statutes, loss wages are calculated based on average wages earned over a set period of time. Usually, and injured employee will receive sixty six and two thirds (66 and 2/3rds) of the calculated average wage.
Example: Florida uses the 13 weeks leading up to the injury date to calculate the average pay.
Example: Georgia uses the previous years' earnings to calculate the average pay.
If there is not enough historical data to support the primary method for calculation, a "similar" employee (in position, duties, and pay) is selected and their time and earnings are used to establish an average wage for the injured employee.

When can my employee expect to receive their benefit check(s) from the carrier? – After the injured employee is eligible to receive benefits, the carrier then begins to process the benefit payment. Payments will be sent directly to the employee on a bi-weekly cycle.

What if my company does not have light duty available? Only in extreme cases are there no possibilities for making light duty available. Call CHR immediately and we will discuss with you the light duty restrictions and ways to get the employee back to work. Return To Work programs have been proven to reduce the costs of claims by 10% to 30%. We have access to several Return To Work options that you may not be aware of.

How do I let an employee know I have light duty available? What should I do to protect our company when we offer an injured employee light duty work? If the employee is present, sit down with them and the supervisor and discuss the light duty. Have the details put on paper and have the employee sign. Some states require that a formal light duty job offer be in writing and have a detailed job description that meets the restrictions. You must specify a date and time the employee is to report and exactly who the employee is to report to. The document must be sent to the employee certified mail, Fed Ex (signature required), or hand delivered to the employee with a receipt signature. The date the employee must report to work must allow for the time it takes to have the letter delivered (usually 5 days). The employee must be made to sign and date the document and return it for your files (copy to CHR). Even if this is not required in your state, it remains an excellent way to protect your business. **CHR has developed a document for this purpose and we will be happy to assist you on its completion.**
