

2012 **SUPER DUTY**[®]

Thank you for your interest in the new 2012 Super Duty® Pickup. Included in this brochure you'll find information about:

POWER: Super Duty® Pickup delivers the performance you need to take on the tough jobs you tackle every workday. And that's what you get in a Super Duty Pickup powered by the standard 6.2L gas V8 or the available 6.7L Power Stroke® Turbo Diesel.

DURABILITY: Super Duty® is built on a durable frame that can withstand the everyday rigors of heavy hauling and towing. The available 6.7L Power Stroke® V8 Turbo Diesel has endured more abuse from its torturous testing than you can ever subject it to.

CAPABILITY: It's not enough for the Super Duty® to just tow a big boat or trailer. That's why every Super Duty model is engineered to tow a big load using smart technology like electronic Trailer Sway Control -- to work not only really hard, but also very smart.

PRODUCTIVITY: No two jobs are the same. That's why Super Duty® offers options to help get your special job done. With the available Live-Drive Power Takeoff, for example, upfitting your truck happens a lot faster, saving you precious time and money.

Dealer Information

Find up-to-date contact information for your local Ford dealer. To visit a local dealer Web site and view a map of their location, click on one of the links below.

We're sorry. There are no Ford dealers in your immediate area. If you would like to enter a new zip code and re-create your PDF, please go to the Custom Brochure page at: www.fordvehicles.com/brochures

EXPERIENCED MY FORD YET? Get an inside look at the benefits of Ford ownership at the My Ford owner web site. It's a one-stop spot for managing important vehicle information – 24/7, whenever you need it. It's free to register for personalized maintenance schedules, incentives and offers, and much more. You can even access your Ford Credit information and online bill payment services. Log on to www.myford.fordvehicles.com to get started.

AMERICA'S MOST CAPABLE PICKUP.¹

Tested-tough powertrains – designed, engineered and built by Ford – enable F-Series Super Duty[®] to give you class-leading fuel economy,² plus the best horsepower and torque.¹ It's ready to get the job done when no one else can, thanks to best-in-class maximum towing and payload capacities.¹ It even helps increase your confidence while towing with standard trailer sway control. No wonder F-Series has been America's best-selling truck for 34 years.

F-350 LARIAT Crew Cab 4x4. Dark Blue Pearl/Sterling Gray two-tone. Available equipment.

¹Best-in-class maximum payload and towing when properly equipped. Class is Full-Size Pickups over 8,500 lbs. GVWR vs. 2011/2012 competitors.

²Based on Ford drive-cycle tests of comparably equipped 2011 Ford and 2010/2011 competitive models.

2012 **SUPER DUTY**[®] ford.com

BEYOND HEAVY DUTY. THIS IS SUPER DUTY.®

OUTWORKS ALL THE REST.

This truck endured more torture testing than any generation of Ford Truck before it – including over 10 million cumulative miles on the most tested Power Stroke® diesel engine ever. A world-class team put this Super Duty® through a groundbreaking battery of computer simulations, lab and real-world tests – running it for thousands of hours on end in extreme conditions. Scorching heat. Bitter cold. Loaded to the max. Up the steepest grades. All to confirm that this truck is far more than the sum of its parts.

Super Duty is built to be the best – bringing you the best diesel and gas fuel economy of any truck in its class¹ – plus lots of other capabilities and features only Ford can deliver.

Best in Class

- Fuel Economy: Diesel and Gas
- Max. Horsepower and Torque: Diesel and Gas
- Max. Conventional Towing: 17,500 lbs.²
- Max. 5th-Wheel Towing: 24,500 lbs.²
- Max. Payload: 7,110 lbs.²

Class Exclusives

- Live-Drive Power TakeOff (PTO)³
- 5th-Wheel/Gooseneck Trailer Tow Prep Package³
- Standard Trailer Sway Control on both SRW and DRW
- LCD Productivity Screen³
- Standard Safety Canopy® System
- Tailgate Step³

F-350 LARIAT Crew Cab 4x4. Golden Bronze/Pale Adobe two-tone. Available equipment.

¹Class is Full-Size Pickups over 8,500 lbs. GVWR. Based on Ford drive-cycle tests of comparably equipped 2011 Ford and 2010/2011 competitive models.

²When properly equipped vs. 2011/2012 competitors. 24,500 on F-450 Pickup. 7,110 on F-350 DRW Regular Cab 4x2. ³Available feature.

2012 **SUPER DUTY**® ford.com

LARIAT ADVANCES YOUR POSITION.

Super Duty® LARIAT puts you in charge and at ease behind the wheel, so you're always ready to tackle the mission of the day. Leather-trimmed, 10-way power-adjustable front bucket seats and power-adjustable pedals help drivers of all sizes feel right at home. Dual-zone electronic automatic temperature control means you can maintain your climate-control independence from your front passenger. And to help keep your view clear at all times, the power-sliding rear window now includes defrost.

DIESEL BEATS THE COMPETITION 3 TIMES OVER.

The 6.7L Power Stroke® V8 Turbo Diesel – designed, engineered and built by Ford – helps this Super Duty® deliver up to a 20% improvement in fuel economy over the previous generation, making it the best in its class! It also gives you best-in-class horsepower and torque. We're talking 400 hp and a massive 800 lb.-ft. of torque. That's a game-changing combination. And this B20-capable engine has already proven itself in over 10 million miles of cumulative testing. It's the most tested Power Stroke diesel engine ever.

Delivers maximum power quickly. The diesel engine's class-exclusive single-sequential turbocharger features the compact, efficient design of a dual-sided compressor wheel.

Helps maintain the peace. With its notably quiet, refined sound, our diesel produces the lowest NVH in the class – the result of meticulous attention paid to the combustion system, engine block and turbocharger designs.

Powers upfits anytime the engine's running. Whether you're in motion or at a complete stop, you can power your upfits with the diesel and our class-exclusive live-drive power takeoff (PTO) provision.² It keeps the job going with an output gear linked directly to the engine crankshaft.

Cleanest Super Duty diesel ever. This engine utilizes industry-proven technology and innovative Ford strategies to meet the latest federal emissions standards – reducing nitrogen oxide (NOx) levels by more than 80% compared to the previous generation diesel. For your part, just watch for a low diesel exhaust fluid (DEF) alert in the vehicle's message center, then locate the blue DEF fill cap next to your green diesel fuel cap and replenish the DEF supply. The reservoir holds 5 gallons of Ford-approved DEF, which can be purchased from your Ford Dealer or other authorized retailers.

¹Based on Ford drive-cycle tests of comparably equipped 2011 Ford and 2010/2011 competitive models. ²Available feature.

GAS OUTDOES ITS RIVALS TOO.

As the standard engine, the free-breathing 6.2L V8 helps Super Duty® achieve up to 15% better fuel economy than the previous generation's base engine, making it the best in its class.¹ This state-of-the-art Ford-built powerhouse also generates best-in-class 385 hp and 405 lb.-ft. of torque.² Rest assured, it's ready for work. The Ford powertrain team designed, engineered, built and torture-tested this E85-capable engine themselves.

Produces significant low-rpm torque. The stiff SOHC valvetrain with roller-rocker shafts also enables an intake- and exhaust-port layout that optimizes airflow.

Provides extreme durability. The engine block features reliable cast-iron construction with 4-bolt main bearing caps including 2 additional cross bolts.

Stays cool under pressure. The underside of the cast-aluminum pistons are sprayed by oil from the piston-cooling jets to keep them cool under extreme operating conditions.

Standard TorqShift® 6-Speed SelectShift Automatic™ This rugged transmission is also designed, engineered and built by the Ford powertrain team. Its torque converter includes low-speed lockup capability (down to 900 rpm), which enables the engine to run efficiently at lower rpm. The high-strength sinter-metal carrier, with its patented Ford rocker one-way clutch, easily handles the extreme low-end torque of the diesel engine and the high speeds of the gas engine. Plus, a high-capacity, high-efficiency fluid filter extends your fluid- and filter-change intervals up to 150,000 miles.

F-250 XLT SuperCab. Vermillion Red. Available equipment.

¹Based on Ford drive-cycle tests of comparably equipped 2011 Ford and 2010/2011 competitive models.

²405 lb.-ft. of torque and 385 hp, 10,000 lbs. GVWR and under. 397 lb.-ft. of torque and 316 hp, 10,000 lbs. GVWR and over.

2012 SUPER DUTY® ford.com

Best-in-Class Max. Towing
17,500 LBS.
 Conventional
24,500 LBS.
 5th-Wheel

MASTERS THE HEAVIEST LOADS.

Super Duty® reigns supreme with best-in-class towing capabilities,¹ class-exclusive features and available systems like trailer sway control to help give you ultimate towing confidence. With the diesel powertrain, integrated engine-exhaust braking helps improve your control with less wear and tear on the brakes and transmission. It's the kind of functionality you'll really appreciate when you're hauling a heavy load or towing a trailer, and especially when you're descending steep grades.

Helps you keep it in line. Our standard trailer sway control² uses a yaw motion sensor to monitor the motions of your truck and detect trailer sway. It can automatically react when sway is detected by selectively braking to help you maintain control of both the truck and the trailer. Super Duty is the only truck in its class with this system standard on both SRW and DRW models.

F-350 XLT Crew Cab DRW 4x4. Ingot Silver. F-450 LARIAT Crew Cab DRW 4x4. Black. Available equipment shown on each.

¹When properly equipped. ²Remember that even advanced technology cannot overcome the laws of physics. It's always possible to lose control of a vehicle due to inappropriate driver input for the conditions.

2012 **SUPER DUTY**® ford.com

HITS THE GROUND TOWING.

Your new Super Duty® can be ready for heavy-duty towing the moment you take delivery. Our factory-installed 5th-Wheel/Gooseneck Trailer Tow Prep Package¹ works with factory-installed Ford Custom Accessory 5th-Wheel and Gooseneck Hitch Kits² by Reese® (Gooseneck shown) to get you towing in no time. Plus, our equipment gives you the strength of an under-the-bed-frame crossmember (shown) and the utility of a flat cargo bed floor. PowerScope™ trailer tow mirrors¹ (shown) and our SelectShift Automatic™ transmission with its progressive range select and full manual modes are just a few of the invaluable towing tools you'll only find on Super Duty.

Prompts to check your setup. The LCD productivity screen¹ offers you a pre-towing checklist. It can also store settings and information on different trailers that you tow.

Helps you line it up. With the rear view camera¹, you just shift into Reverse and a full-color image of what's behind the vehicle is displayed in your rearview mirror or on the Navigation System's^{1,3} large screen (shown).

Makes connecting easy. Plug in your trailer wiring while standing upright with our class-exclusive in-bed 7-pin connector, part of the 5th-Wheel/Gooseneck Trailer Tow Prep Package¹.

F-450 KING RANCH® Crew Cab. Autumn Red/Pale Adobe two-tone. Available equipment.

¹Available feature. ²5th-Wheel Hitch available with 8' box only. See your Ford Dealer for complete details. ³Coming Fall 2011.

2012 SUPER DUTY® ford.com

KING RANCH WEARS ITS HERITAGE PROUDLY.

Super Duty® KING RANCH® conveys unparalleled luxury. Crafted with the same commitment to quality as the coveted saddles of the historic King Ranch Saddle Shop in Texas, its unique Chaparral leather trim weathers just as distinctively. Heated and cooled seats provide year-round comfort for you and your front passenger. Illuminated side steps guide your feet. And the KING RANCH "Running W" graces everything from the seat backs to the floor mats and even the wheels!

KING RANCH Crew Cab. Chaparral leather trim. Black environment. Available equipment.

¹Available 20" chrome-clad aluminum wheels shown.

2012 SUPER DUTY® ford.com

HANDS CONTROL THE WHEEL. VOICE CONTROLS THE REST.

Stay connected to calls, music and more with SYNC.

No more searching for your phone. No device on your ear. Connect to your world with voice-activated Ford SYNC.¹ Once paired, SYNC recognizes your phone and automatically transfers your contacts to support voice calling. It also plays music from your phone, MP3, USB or iPod.[®] Just touch a button on the steering wheel and say things like "Call Kevin," or "Play genre: Country." New AppLink¹ lets smartphone users control Pandora[®] internet radio (shown) and Stitcher SmartRadio[™] by voice too. SYNC also offers 911 Assist,[™] and with an activated SYNC Services account you get business searches,¹ turn-by-turn driving directions,¹ custom traffic alerts¹ and more. Personalize your experience at SyncMyRide.com.

Full-color, voice-activated travel guide with SiriusXM.

The Navigation System^{2,3} includes a 6-month trial subscription to SiriusXM Satellite Radio, Traffic and Travel Link⁴ to bring you over 130 channels of unique content, plus live infotainment services. Get continuously updated traffic information, plus check local fuel prices, weather reports, movie listings, sports scores and more. The vibrant 6.5" LCD touch screen features interactive maps you can zoom and scroll. Of course, it also responds to voice commands for hands-free control. Play DVDs while Super Duty[®] is in Park and store nearly 10 gigs of your digital music.

LARIAT Crew Cab 4x4. Adobe leather trim. Available equipment.

¹Available feature. Requires compatible mobile device. Driving while distracted can result in loss of vehicle control. Only use mobile phones and other devices, even with voice commands, when it is safe to do so. Traffic alerts and turn-by-turn directions available in select markets. Text message and data rates may apply. ²Available feature. ³Coming Fall 2011. ⁴SiriusXM Satellite Radio, Traffic and Travel Link subscriptions sold separately or as a package after trial expires. SiriusXM Traffic and Travel Link service available in select markets. Subscriptions are governed by SiriusXM Customer Agreement; see www.siriusxm.com.

2012 SUPER DUTY[®] ford.com

XLT MAKES A BIG IMPRESSION.

Super Duty® XLT definitely commands attention with its bold chrome bar-style grille and chrome bumpers. For even more shine, add the XLT Premium Package¹ (shown) with its numerous chrome accents including 6" angular step bars and new 18" chrome-clad aluminum wheels.² Every XLT also gets manually telescoping trailer tow mirrors with integrated spotters and heated glass. Inside, you'll find a 40/20/40 split front seat with lockable under-seat storage in the center section for added versatility.

F-250 XLT SuperCab 4x4. XLT Premium Package. Black. Available equipment.

¹Available feature. ²SRW models only.

2012 **SUPER DUTY**® ford.com

OUT-HAULS THEM ALL.

It's simple. Super Duty® fully supports your work ethic with the best max. payload capability in the class.¹ Plus, it offers all the right tools to make loading, accessing and managing your payload as easy as possible. Like the torsion spring in our standard tailgate assist feature that minimizes the effort required to open and close the tailgate. It's one of the subtle details that make a big difference when you're working hard all day, every day, just like Super Duty.

Gives you a leg up. Just open the tailgate, drop the skid-resistant step down and grab the flip-up bar for easy access to the bed with our class-exclusive tailgate step² (shown).

Best-in-Class Max. Payload
7,110 LBS. |

Masters challenging moments. Our exclusive AdvanceTrac® with RSC® (Roll Stability Control™) is the only electronic stability control system in the class that utilizes 2 gyroscopic sensors to help keep all 4 wheels firmly planted.³ It automatically helps avoid skidding and fishtailing, and is particularly beneficial in inclement weather.

Shields your investment. Go for the ToughBed® factory-installed spray-in bedliner² and we'll apply an industrial-grade synthetic lining directly to your bed for durable, long-lasting protection. Shown with Cable Lock by Master Lock.⁴

F-250 XL Regular Cab 4x2. Oxford White. Available equipment.

¹When properly equipped. F-350 DRW Regular Cab 4x2. ²Available feature. ³SRW models only. Engine-only traction control on DRW models. Remember that even advanced technology cannot overcome the laws of physics. It's always possible to lose control of a vehicle due to inappropriate driver input for the conditions. ⁴Ford Licensed Accessory. See your dealer for limited warranty details.

2012 SUPER DUTY® ford.com

CONQUERS MOST ANY TERRAIN.

Soon you'll be conquering it too. Our class-exclusive Hill Descent Control™¹ helps Super Duty® increase your off-road confidence by maintaining the truck's speed on steep declines, so you can concentrate on maneuvering. A durable coil-spring front suspension is part of the heavy-duty, independent Twin-I-Beam setup on 4x2s and a rugged twin-coil monobeam setup on 4x4s. With XL and XLT 4x4s, you get a solid front axle and manual locking hubs for excellent articulation and reliability. LARIAT and KING RANCH® 4x4s feature electronic shift-on-the-fly operation, giving you the ability to change your drive setting with the convenient turn of a dial on the instrument panel.

Tracks the action. You can monitor pitch angle, bank angle and wheel direction with our class-exclusive off-road display in the LCD productivity screen.²

Maximizes your grip. Our electronic-locking rear differential² uses a true mechanical dog-clutch mechanism to lock the rear axle shafts together so they turn at the same speed.

F-250 XLT SuperCab 4x4. Dark Blue Pearl. Available equipment.

¹SRW models with optional FX4 Off-Road Package only. ²Available feature.

2012 **SUPER DUTY**® ford.com

PROVEN WORKHORSES. LEGENDARY BLOODLINE.

It's an indisputable fact. There are more F-Series trucks on the road with 250,000+ miles than any other brand! So you can rest assured every Super Duty® is built on a solid foundation – one engineered to get the job done, even under the most challenging conditions.

QUALITY, GREEN, SAFE AND SMART.

ford.com

New Vehicle Limited Warranty. We want your Ford F-Series Super Duty® ownership experience to be the best it can be. Under this warranty, your new vehicle comes with 3-year/36,000-mile bumper-to-bumper coverage, 5-year/60,000-mile Powertrain Warranty coverage, 5-year/50,000-mile safety restraint coverage, and 5-year/unlimited-mile corrosion (perforation) coverage – all with no deductible. Please ask your Ford Dealer for a copy of this limited warranty. □ **Roadside Assistance.** Covers your vehicle for 5 years or 60,000 miles, so you have the security of knowing that help may be only a phone call away should you run out of fuel, lock yourself out of the vehicle or need towing. Your Ford Dealer can provide complete details on all of these advantages. □ **Ford Credit.** Get the ride you want. Whether you plan to lease or finance, you'll find the choices that are right for you at Ford Credit. Ask your Ford Dealer for details or check us out at fordcredit.com. □ **Ford Extended Service Plan.** For a purchase or lease, the Ford Extended Service Plan (ESP) gives you "Peace-of-Mind" protection designed to cover key vehicle components and protect you from the cost of unexpected repairs. Ask your dealer for a Ford ESP, the only service contract backed exclusively by Ford and honored at all Ford dealerships. □ **Insurance Services.** Get Ford Motor Company quality in your auto insurance. Our program offers industry-leading benefits and competitive rates. Call 1-877-367-3847, or visit us at fordvip.com for a no-obligation quote. Insurance offered by American Road Services Company (in CA, American Road Insurance Agency), a licensed agency and subsidiary of Ford Motor Company. □ **Genuine Ford Accessories** will be warranted for whichever provides you the greatest benefit: 12 months or 12,000 miles (whichever occurs first), or the remainder of your Bumper-to-Bumper 3-year/36,000-mile New Vehicle Limited Warranty. Ford Licensed Accessories (FLA) are warranted by the accessory manufacturer's warranty. FLA are fully designed and developed by the accessory manufacturer and have not been designed or tested to Ford Motor Company engineering requirements. Contact your Ford Dealer for details and/or a copy of all limited warranties.
